Tool Search: Student Summary Report

The **Student Summary Report** returns a list of assignments per student that are assigned to the student along with any scores that the student has received. Grading Tasks are listed first, followed by Standards.

The main title is 'Student Summary Report' with a star icon. Below the title, a descriptive text box states: 'This report is suitable for handing out to students. It is split into two main sections. The Grade Summary includes both in-progress and final grades as well as assignment category totals. The Assignment Detail organizes the assignments by term.'
