Tool Search: Student Summary Report

The **Student Summary Report** returns a list of assignments per student that are assigned to the student along with any scores that the student has received. Grading Tasks are listed first, followed by Standards.

The screenshot shows the 'Student Summary Report' tool interface. At the top, there's a title bar with a star icon and a breadcrumb trail: 'Grading & Standards > Reports > Student Summary Report'. Below the title bar, a blue header reads 'Student Summary Report'. A descriptive text box states: 'This report is suitable for handing out to students. It is split into two main sections. The Grade Summary includes both in-progress and final grades as well as assignment category totals. The Assignment Detail organizes the assignments by term.'

The interface is divided into several sections:

- Select Course:** Includes a 'Sort By' dropdown (set to 'Number') and a 'Select Section' dropdown (set to '1001 AP Statistics (Lifelong, Taryn)').
- Select Students:** A list box showing a scrollable list of student names: All, Cardinal, Peggy M, Finlay, Anne, Heisinger, Lennox, Hencke, Hugo, Schuff, Ryla, Seib, Cher, Sharpin, Mohita, Stanley, Yoshio.
- Page Printing Options:** Radio buttons for 'Grades Summary - Multiple Students Per Page' (selected), 'Grades Summary - One Student Per Page', and 'Assignment Detail - One Student Per Page'.
- Show These Assignment Detail Fields:** Checkboxes for Name, Category Name, Due Date, Assigned Date, Multiplier, Score, Points Possible, Percent, Score Comments, and Student Instructions.
- Grade Summary:** Checkboxes for Show Assignment Categories, Show Total Points, Show In-Progress Grade, Show Final Grade, and Show Grade Percentages.

## Student and Assignment Selection

Mark the checkbox next to a student's name to include that student in the report. All active students are marked by default. Inactive students display in red text.

Mark the checkbox next to a Task and Standard, Category, or Assignment to include student scores for that item in the report. Use the *Select All* option to mass mark or unmark all items. Marking a Task, Standard, or Category automatically marks all assignments, but individual assignments can be marked or unmarked as desired. All items are selected by default.

Note that Category Weights display in the assignments list if they have been entered for your [Categories](#). However, Category Weights only display in the report if "Weight Categories" has been marked in the [Grade Calculation Options](#).
