The **CTE Data Extracts (NV)** tool was deprecated as of [Campus.2243](#). Please refer to the [CTE Reports](#) article for information on generating and submitting CTE data to the Nevada Department of Education.

PATH: NV State Reporting > CTE Data Extracts > Report Type > Survey Results Report

This is the sixth and final upload and shows the results from the Follow-Up/Survey process that is started in February and due to NDE in June. The CTE students that completed a Terminal course and graduated high school from the previous school year are followed up on to find out what they were doing 6 months after graduating. Districts are required to send out a survey to establish this data. The input operator would send out the survey and then mark that the survey was sent. Once the survey is returned the input operator will populate the CTE Survey Results on the Graduation tab.

The screenshot shows the 'CTE Data Extracts' interface. The 'Report Options' section includes fields for 'Effective Date' (with a calendar icon), 'Report Type' (set to 'Survey Results Report' with a dropdown arrow), 'Ad Hoc Filter' (with a dropdown arrow), 'Format' (set to 'State Format (CSV)'), and 'Filter By' (set to 'Calendar' with radio buttons for 'District' and 'School'). Below these are 'Generate Report' and 'Submit to Batch' buttons. The 'Select Calendars' section asks 'Which calendar(s) would you like to include in the report?' with radio buttons for 'active year', 'list by school', and 'list by year'. A list of calendar options for the year '17-18' is shown, including: 17-18 District Adult, 17-18 District Adult Corr, 17-18 District Charter ES-Sem, 17-18 District Charter ES-YR, 17-18 District Court Sch ES, 17-18 District Court Sch SEC, 17-18 District ES 9 Month, 17-18 District ES TK1, 17-18 District ES TK2, 17-18 Adams ES, 17-18 Adcock ES, 17-18 Adv Tech Acad CR Summ, and 17-18 Adv Tech Acad HS. A note at the bottom of this list says 'CTRL-click or SHIFT-click to select multiple'. At the bottom of the interface, there are 'Refresh' and 'Show top 50' buttons, and a text field indicating tasks submitted between 01/09/2019 and 01/16/2019. A 'Batch Queue List' table is also visible at the bottom.

Survey Results Report Type

Report Logic

- Students report if they were active AND enrolled in a CTE course at any time during the reporting period.
- A course is considered as CTE if the CTE Course Flag on Course > Custom Data Elements is marked.
- Data only reports from Primary enrollments.
- The calendar and effective date chosen for this report must be the year of graduation NOT the current year.
