The District Fact Template is used by LEAs that do not have directly employed or contracted school security staff and is used to express that information to the Pennsylvania Department of Education.

See the PIMS Reporting article for additional PIMS Reporting information.

This extract may only be run for one calendar at a time.

Generate the District Fact Template

1. Select **District Fact Template** from the **Extract Type** from the dropdown list.
2. Select the **Format** of the extract.
3. Select the appropriate **Calendar(s)** from which to include data on the extract.
4. Click the **Generate Extract** button or the **Submit to Batch** button, if available. The extract displays in the selected format.
