

Census (Arizona)

Last Modified on 04/02/2025 12:05 pm CDT

Census tracks every person entry in Infinite Campus - parents/guardians, staff, students, emergency contacts, doctors, etc. Demographic data is used throughout Campus, utilizing historic and current details of each person. Some fields in the Census module are unique to each state. Other fields in the Census module do not require unique, state-specific data. However, many of these fields are required and data entry in these fields is necessary.

The following information is specific to Arizona.

Identities

Tool Search: Identities

The Identities tool acts as an historical record of the person's demographic information. While the information on the [Demographics](#) tool is displayed on the Identities record, changes should be made here.

Types of changes include:

- Name and Legal Name
- Gender
- Social Security number
- Race/Ethnicity
- Nickname

Previous identity information is not lost when it is modified, but an end date is entered for the previous identity and a start date is entered for the new identity.

See the core [Identities](#) article for information on necessary tool rights, available Ad hoc fields, and guidance on adding and printing Identities records.

Data reports in the following [Ed-Fi](#) Resources. See the [Arizona Ed-Fi](#) article for Resource details:

- Students
- Staffs
- Contacts
- Student Contact Associations
- Student Education Organization Association
- Student Program Associations
- Staff Education Organization Assignment Associations
- Staff Section Associations

** Ed-Fi Resources check and report legal information as documented under the Protected Identity Information section of a person's current identity record before considering preferred information. When all fields of the Protected Identity Information section are blank, the resources report the preferred information documented in the current identity record's Identity Information section.*

Demographics

The Demographics tool is the basic area for viewing general person information within Campus. All people for whom data is tracked, including students, staff, parents/guardians, household members, etc., have a Demographics record, which includes name and gender from the Identities record, student and staff identification numbers and contact information.

See the core [Demographics](#) article for information on necessary tool rights, available Ad hoc fields, and guidance on adding and printing Demographics records.

Person Identifiers

Person Identifiers, like Student Number and Student State ID, are used in state reports and Ed-Fi resources to identity student records. Staff identification such as Local Staff ID and State Staff ID are also recorded here.

Follow district guidelines when creating or importing these values.

Person Identifiers

Ed-Fi ID

A unique identifier used to tie the person's records within Campus to their Ed-Fi record within the Ed-Fi system. When an Ed-Fi ID is used, often the Student State ID, Staff State ID, Local Student Number, and Local Staff Number all use this number. See the [Enter Ed-Fi IDs](#) article for more information.

When a new ID is created or an existing ID is assigned using the Ed-Fi locator tool, the Ed-Fi ID populates as follows:

1. When Student, the Ed-Fi Id populates in the Student State ID field.
2. When Staff, the Ed-Fi Id populates in the Staff State ID field.
3. When Parent, the Ed-Fi Id populates in the Parent Ed-Fi ID field.

For more information on Ed-Fi IDs please see: [Enter Ed-Fi IDs for People in Campus](#)

It is a requirement of Arizona that a student, staff and parent have different Ed-Fi IDs.

Arizona state reporting requires an Ed-Fi ID for anyone to be included in both state reports and Ed-Fi resources. When a person does not have an Ed-Fi ID, they **DO NOT** report.

Households

Tool Search: Households

Households help in identifying which persons live in the same home. The list of Members identifies family and non-family members at a shared address, and the Address information lists where that household is located.

See the core [Households](#) article for information on necessary tool rights, available Ad hoc fields, and guidance on adding and printing household records.

Members

The **Members** tool lists all persons that have ever lived in the selected household. Due to legacy issues, it is recommended that members are not deleted from the household, but rather ended. This is used to determine whether a student current lives with their parents/guardians.
