Tool Search: State Reported Data

The State Reported Data tool documents Special Ed information for state reporting purposes. This tool contains two sections: State Reported Data and SPED Flags. See the core [SPED State Reporting](#) article for information on necessary tool rights, SPED Flags functionality, and guidance on adding SPED State Reporting or Setting records.

Information entered into this tool syncs to the state when saved.

The screenshot shows the 'State Reported Data' tool interface. At the top, there is a header with a user icon, the title 'State Reported Data ☆', and navigation links: 'Student Information > Special Ed > State Reported Data'. Below the header, there are student details: 'Sylvia S' (Student #), 'Grade: 08', 'DOB: [redacted]', and checkboxes for 'Medical Condition(s)' and 'OTC Med Allowed'. A 'Related Tools' button is also present. The main area is divided into two sections: 'Summary Overview' and 'SPED Flags'. The 'Summary Overview' section contains a table with two rows of data. The first row shows a date of '07/17/2020' and an exit reason of '01: Returned to regular education' with a date of '09/14/2020'. The second row shows a date of '05/07/2024', a setting of '08: Homebound/Hospitals', a start date of '07/01/0924', and an end date of '09/01/2024'. The 'SPED Flags' section has a table with columns for 'Start Date', 'End Date', 'Flag Type', 'User Warning', and 'Flag ic...'. A note at the bottom of this section states 'No records have been created.'

Select an existing record or click **New** to view the detail screen.
