Health vaccines and their associated compliance listings are based on state guidelines. While Infinite Campus maintains standard guidelines for all states, districts have the ability to enter additional compliances. The following information describes vaccine compliance rules as defined by the Nebraska Department of Health.

For more information on the creation, modification or deletion of vaccine compliances, see the Vaccines page

General Compliance

- Vaccine doses administered less than or equal to 4 days before the minimum interval or age are considered valid.
- Doses administered 5 days before the minimum interval or age are not considered valid and must be repeated as age-appropriate.

Hepatitis B

- Students between the ages of 2 and 5 years who are enrolled in a school based program are required to have **3 doses** of the pediatric Hepatitis B vaccine.
- Students entering school for the first time (K or 1st), students entering 7th grade and transfer students from outside Nebraska (regardless of grade) are required to have **3 doses** of the pediatric Hepatitis B vaccine OR **2 doses** of the adolescent vaccine if between the ages of 11 and 15 years.
- Students not described above (grades 1-6 and 8-12) are required to have **3 doses** of the pediatric Hepatitis B vaccine OR **2 doses** of the adolescent vaccine if between the ages of 11 and 15 years.
