Tool Search: English Learners (EL)

The English Learners (EL) tools allow schools and districts to manage student EL programs, assessments, services, and accommodations. The EL tab provides a central location for managing EL information such as the date the student was identified as EL, when the student entered/exited an EL program, when the student is expected to leave an EL program and First Year/Second Year Monitoring data. For students who exited and/or re-entered an EL program, an historical record is kept and displayed on the tab which can be viewed in both State and District Editions of Infinite Campus.

Some fields in the EL tab are specific to your state. All other fields in the EL tab do not require unique, state-specific data. However, many of these fields are required and data entry in these fields is necessary. For more information on these fields, see the [English Learners \(EL\)](#) article.

## Program Status

Program Status codes indicate the student's EL status. While the codes defined by Infinite Campus are not specific to California, the LEP Indicator Codes defined by California have been aligned to correlate with these codes. Use the [Click here to expand](#) below for translation of this alignment.

English learner students are those students for whom there is a report of a primary language other than English on the state-approved Home Language Survey AND who, on the basis of the state approved oral language (grades kindergarten through grade twelve) assessment procedures and literacy (grades three through twelve only), have been determined to lack the clearly defined English language skills of listening comprehension, speaking, reading, and writing necessary to succeed in the school's regular instructional programs.
