

Ed-Fi v3.X - Student Needs Resource Preferences

Last Modified on 12/14/2025 8:45 pm CST

Tool Search : Ed-Fi Configuration

The Ed-Fi Configuration tool is used to establish Ed-Fi data resources.

The following describes how to set the resource preferences for the Student Needs resource. If the Configure or Edit buttons do not display, then the resource does not need to be mapped and the toggle button can be used to turn the resource on or off.

If a mapping is changed, a resync must be performed on the resource in order for the new mappings to send correctly.

1. Set the **Ed-Fi Code** for the Homeless Primary Night Time Residence Descriptors.

Any item not mapped will not report to Ed-Fi.

Homeless Primary Night Time Residence

Attribute Dictionary	System Administration > Custom > Attribute/Dictionary > Homeless > Primary Night Time Residence
UI Location	Student Information > Program Participation > Homeless > Homeless Residence

Homeless Primary Nighttime Residence Descriptors
