

SIRS Student Daily Attendance (New York)

Last Modified on 06/12/2026 1:16 pm CDT

Tool Search: SIRS Extracts

The Student Daily Attendance extract reports students who have been absent or tardy between the Start Date and End Date entered on the extract editor.

See the [SIRS Extracts](#) article for directions for generating the extract.

SIRS Student Daily Attendance Extract Editor

Best Practices

For a normal suspension code which excludes a student from class for the day without excluding them from the BEDS/SAMS report, set up the local code with a Status/Excuse of Absent/Exempt. This affects the student's instructional time in Staff Student Course, while not counting as an absence on Student Daily Attendance or SAMS/BEDS.

Separate codes ought to be set up with the appropriate Status/Excuse for students who are absent or tardy when serving a suspension in order to correctly capture the data across the various reports that consider attendance.

Report Logic

Reports one ENS (Enrolled Not Scheduled) record per student per calendar day when the student is enrolled but is NOT scheduled into any attendance-taking courses.

Reports one record per student per calendar day with an attendance excuse State Code of P-IN, P-OIN, P-OR, P-OUT, T-IN, T-OUT, U, or E.

Reports two records per suspension date marked with P-OSN, OSS, or ISS. One record reports the suspension (OSS, or ISS), and a second record reports the attendance code (U, E, PRSNT-IN, PRSNT-OUT, T-IN, T-OUT). Modality on the ISS day attendance record reports as IN (In-Person), where the Modality on the OSS day attendance record reports as R (Remote). Modality reports as blank on all suspension state code records.

A suspension State Code reports when every scheduled instructional period has an attendance code with an associated State Code. When a mixture of ISS and OSS State Codes is used in one day, OSS reports.

Reports one PRSNT-IN record per student per calendar day when

1. An attendance code with a status code of Present and no state code is present where the student is not in a blended learning group that is scheduled remotely for that period, OR
2. A period without an attendance code where the student is not in a Blended Learning group that is scheduled remotely for that period, OR
3. The attendance code is mapped to a state code of PRSNT-IN.

Reports one PRSNT-OUT record per student per calendar day when

1. An attendance code with a status code of Present and no state code is present where the student is in a Blended Learning group that is scheduled remotely for that period, OR
2. A period without an attendance code where the student is in a Blended Learning group that is scheduled remotely for that period, OR
3. An attendance code is mapped to a state code of PRSNT-OUT.

Reports Local Code if and only if the “Use Unknown Absences” checkbox is marked on the extract editor; if the checkbox is not marked, do not report.

Attendance is only reported for instructional periods. Non-instructional periods are excluded.

When Whole Day Absent Minutes is not marked on the extract editor, an Absent attendance code reports for the day when every scheduled instructional period has a Status of Absent and an Excuse of Excused or Unexcused (or Unknown when Use Unknown Absences is marked on the extract editor).

When Whole Day Absent Minutes is marked on the extract editor, an Absent attendance code reports for the day when the minutes in scheduled instructional periods with a Status of Absent

and an Excuse of Excused or Unexcused (or Unknown when Use Unknown Absences is marked on the extract editor) meet or exceed Whole Day Absence minutes entered on Calendar or the student's Grade Level.

When different Absent codes are used in one day, reports from the earliest code with the first Excuse in the following list:

1. Excused
2. Unexcused
3. Unknown

A Tardy attendance code reports when a scheduled instructional period has a Status of Tardy and an Excuse of Excused or Unexcused (or Unknown when Use Unknown Absences is marked on the extract editor) AND the Tardy is assigned to the first scheduled instructional period OR all previous scheduled instructional periods have a Status of Absent.

Records do not report for students when their enrollment has one of the following Local Start Statuses (called an Enrollment Code in the SIRS Manual).

1. 0033 - Part-time students pursuing diploma
2. 4034 - Pre-school aged student enrolled solely to determine eligibility for determining special services
3. 5654 - Enrollment in an AHSEP program
4. 5555 - Student enrolled for the purpose of recording a test score (walk-in)
5. 5905 - CSE or CPSE responsibly only
6. 8294 - School aged children on the roster for census purposes only
7. 8300 - Compulsory age not attending, no documentation

Attendance State Code	Definiteion	Condition	Modality
P-IN	Present In-School	when the student is not marked absent on the attendance day	IN
P-OIN	Present Out of School, In-Person	Reports as PRSNT-OUT	R
P-OR	Present Out of School, Remote	Reports as PRSNT-OUT	R
P-OUT	Present Out of School	Reports as PRSNT-OUT	R
T-IN	Tardy In-School	when State Code is ISS and Status is Tardy and Excuse is ANY Excuse	IN
T-OUT	Tardy Out of School	when Status Code is OSS, P-OIN, P-OUT, or P-OR and Status is Tardy and Excuse is NOT Exempt	R
U	Unexcused Absent	when status is Absent and Excuse is Unknown or Unexcused	blank

Attendance State Code	Definiteion	Condition	Modality
E	Excused Absent	when status is Absent and the Excuse is Excused	blank
P-OSN	Present, OSS, In-Person Tutor	Reports two records: one OSS record and one PRSNT-IN record.	
ISS	In-School Suspension	when State Code is ISS	blank
OSS	Out of School Suspension	when State Code is OSS	blank
Attendance Code Long	Condition:		Modality:
PRSNT-IN	(attendance record) when State Code is ISS and Status is Present and Excuse is Exempt		IN
PRSNT-OUT	(attendance record) when State Code is OSS, P-OIN, P-OUT, or P-OR and Status is Present and Excuse is ANY Excuse		R
ENS	when the student is enrolled but is NOT scheduled into any attendance-taking courses (enables debugging)		R

Extract Editor Field Descriptions

Field	Description
Extract Type	The SIRS Extract to be generated.
Start Date End Date	The first and last date on which the report looks for attendance events. The report only includes attendance events found between the Start and End date entered here.
Included State Grade Levels	Identifies the state grade levels to include in the report.
Format	The Format in which the report should generate. Options are State Format (CSV) and HTML. Use State Format for reporting information to the state and the other types for data review and verification.
Ad Hoc Filter	Selecting a filter limits the results to only those included in the filter. The following extracts do NOT use this field: Attendance Code, Day Calendar, Location Marking Period Code, and Marking Period Code.
Column Headers	Indicates whether Column Headers should be included in the report. This dropdown list applies to State Format (CSV).

Field	Description
Whole Day Absent Minutes	<p>When Whole Day Absent Minutes is marked, the report looks for students whose absent minutes equal or exceed the Calendar > Whole Day Absence (minutes) number, to report as absent for the day.</p> <p>When Whole Day Absent Minutes is NOT marked, students must be absent in every instructional period on their schedule to report. This includes multiple courses skinnied into one section.</p>
Use Unknown Absences	<p>When Use Unknown Absences is marked, Absence and Tardy codes where Excuse = Unknown are calculated.</p> <p>When Use Unknown Absences is NOT marked, Absence and Tardy codes where Status = Excused and Unexcused are calculated.</p>
Ignore Enrollment State Exclude	<p>When Ignore Enrollment State Exclude is marked, enrollment records with "State Exclude" selected ARE included.</p>
Generate Extract/ Submit to Batch	<p>Users can submit a report request to the batch queue by clicking Submit to Batch instead of immediately generating the report by clicking Generate Extract. The batch process allows larger reports to generate in the background without disrupting the use of Campus. See the Batch Queue article for more information about submitting a report to the batch queue.</p>
Select Calendars	<p>Identifies which Calendar(s) should be included in the report. Calendars can be sorted by active year, by school or by year.</p>

Extract Layout

The file name generated for this report is StudentDailyAttendance + _ + Extract Editor Start Date in MMDDYYYY format + _ + Extract Editor End Date in MMDDYYYY format.

Element	Description	Location
