## Report Logic

A course must have a SCED code assigned in order to report (Scheduling > Courses > Course > NCES Data > NCES Code).

All courses must be aligned with the selected calendar (searchable in Scheduling > Courses) on or prior to the entered Effective Date on the Report Editor.

## Report Editor

Field	Description
<b>Submission Code for File Name</b>	Indicates the report naming convention based on the submission time frame of the report.
<b>Extract Type</b>	Indicates which extract generates. For this instance, select <b>13 Course Section</b> .
<b>Effective Date</b>	Indicates the date from which data is pulled for the report. This field auto-populates with the current date; use the calendar icon to select a new date or enter a new date in <i>mmdyy</i> format.
<b>Format</b>	Determines the format for the report. Use <b>State Submission</b> when submitting the final data. Use <b>HTML</b> for data review and testing.
<b>Report Legal Identities</b>	When marked, the student or staff name and gender report from the Protected Identities Information on the Identities record.
<b>Select Calendars</b>	The calendar(s) from which data is pulled for the report. This option is only available when generating the <i>HTML</i> for the <b>File Format</b> and can assist with verifying data for individual calendars.
<b>Generate Report Submit to Batch</b>	Users have the option of submitting the report request to the batch queue by clicking <b>Submit to Batch</b> instead of <b>Generate Extract</b> . This process allows larger reports to generate in the background without disrupting the use of Campus.

## Generate the Report

1. Select the appropriate **Submission Code for file name** from the dropdown.
2. Select **13 Course Section** for the **Extract Type**.
3. Enter the desired **Effective Date**.
4. Select the desired **Format**.
5. If desired, mark the **Report Legal Identities** checkbox.
6. If generating in HTML Format, select the desired **Calendars** from which to report data.
7. Click the **Generate Report** button. The report displays in the selected format.
