Tool Search: Blue Card Report

The Blue Card 2019 Report provides a view of students' immunizations. This report uses data entered on a student's [Immunization](#) tool and [Screening](#) tool, in addition to the [Blue Card Requirements \(California\)](#) tool. Data should be up-to-date on the Blue Card Requirements tab for the report to appear correctly.

See the [California Immunization](#) article for more guidance on student immunization compliance rules.

CA Blue Card

This tool will print the California School Immunization Record (Blue Card). Select a grade level or levels or use an AdHoc filter to print Blue Cards. This is a very complex report, so try to limit the number of students per batch.

Which students would you like to include in the report?

Grade Ad Hoc Filter

Grade: All Students (dropdown menu showing 09, 10, 11, 12)

Ad Hoc Filter: (empty dropdown menu)

Sort Options: Student Name Grade
