

Homeless and Homeless Services (New York)

Last Modified on 03/11/2024 8:45 am CDT

[Homeless Services | State Reporting](#)

Tool Search: Homeless, Homeless Services

The Homeless tool records basic homeless information as well as district-defined fields. Previously, homeless fields were stored on the Enrollment tool. Using a separate homeless tool allows these records to have more accurate dates representing the student's period of homelessness.

Further information about these fields is described below.

See the core [Homeless](#) article for information on creating a record, Ad hoc fields, tool rights information, and more.
