Homeless

Tool Search: Homeless

The Homeless tool records basic homeless information as well as district-defined fields. Previously, homeless fields were stored on the Enrollment tool. Using a separate homeless tool allows these records to have more accurate dates representing the student's period of homelessness.

Further information about these fields is described below.

See the core [Homeless](#) article for information on creating a record, Ad hoc fields, tool rights information, and more.

The screenshot displays the 'Homeless' tool interface. At the top, there is a breadcrumb trail: 'Student Information > Program Participation > Homeless'. Below this, a student profile is shown with fields for 'Cade A', 'Student #', 'Grade: 04', and 'DOB'. A 'Medical Condition(s)' field is also present. A toolbar includes icons for 'New', 'Save', 'Delete', 'Print Summary Report', and 'Documents'. The main area is titled 'Homeless Editor' and contains a table with the following data:

Program Status	Primary Night Time Residence	Start Date	End Date	Created By
Homeless	Transitional Housing	01/08/2024		

Below the table is the 'Homeless Detail' form, which includes fields for 'Start Date' (01/08/2024), 'End Date', 'Program Status' (01: Homeless), and 'Primary Night Time Residence' (T: Transitional Housing). There is also a 'Comments' text area and a 'Modified By: Administrator, System' footer.
