Tool Search: Vaccines

Health vaccines and their associated compliance listings are based on state guidelines. While Infinite Campus maintains standard guidelines for all states, districts have the ability to enter additional compliances. The following information describes vaccine compliance rules as defined by the Tennessee State Department of Health.

For more information on the creation, modification or deletion of vaccine compliances, see the [Vaccines](#) page.

These compliance rules are meant to explain how compliance is indicated in Campus. These rules should not be used as guidelines for immunization dosage or timelines. Contact your school's nurse or visit the Tennessee Department of Health's website for more information.

## DTaP

Rule	Requirements
<b>Age 0-1 Month <i>No Requirement</i></b>	Students 1 month old and younger are not required to receive any doses of the DT, DTaP/DTP, TD, or Tdap vaccine.
<b>1 dose Age 2-3 months <i>Compliant</i></b>	The student is considered compliant if the following conditions have been met: <ul style="list-style-type: none"> <li>• student is at least 2 months old and no older than 3 months old,</li> <li>• student receives 1 dose of the DT, DTaP/DTP, TD, or Tdap vaccine, and</li> <li>• the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance.</li> </ul>
<b>2 doses Age 4-5 months <i>Compliant</i></b>	The student is considered compliant if the following conditions have been met: <ul style="list-style-type: none"> <li>• student is at least 4 months old and no older than 5 months old,</li> <li>• student receives 2 doses of the DT, DTaP/DTP, TD, or Tdap vaccine,</li> <li>• the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, and</li> <li>• the difference between the second dose and the previous dose is greater than 28 days with a 4 day tolerance.</li> </ul>

Rule	Requirements
<b>3 doses Age 6-14 months Compliant</b>	<p>The student is considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> <li>• student is at least 6 months old and no older than 14 months old,</li> <li>• student receives 3 doses of the DT, DTaP/DTP, TD, or Tdap vaccine,</li> <li>• the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance,</li> <li>• the difference between the second dose and the previous dose is greater than 28 days with a 4 day tolerance, and</li> <li>• the difference between the third dose and the previous dose is greater than 28 days with a 4 day tolerance.</li> </ul>
<b>4 doses under 4 Compliant</b>	<p>The student is considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> <li>• student no older than 47 months old,</li> <li>• student receives 4 doses of the DT, DTaP/DTP, TD, or Tdap vaccine,</li> <li>• the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance,</li> <li>• the difference between the second dose and the previous dose is greater than 28 days with a 4 day tolerance,</li> <li>• the difference between the third dose and the previous dose is greater than 28 days with a 4 day tolerance,</li> <li>• the difference between the fourth dose and the previous dose is greater than 4 months with a 4 day tolerance, and</li> <li>• the difference between the fourth dose and the student's birthdate is greater than 12 months with a 4 day tolerance.</li> </ul>
<b>4 doses Compliant</b>	<p>The student is considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> <li>• student receives 4 doses of the DT, DTaP/DTP, TD, or Tdap vaccine,</li> <li>• the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance,</li> <li>• the difference between the second dose and the previous dose is greater than 28 days with a 4 day tolerance,</li> <li>• the difference between the third dose and the previous dose is greater than 28 days with a 4 day tolerance,</li> <li>• the difference between the fourth dose and the previous dose is greater than 28 days with a 4 day tolerance, and</li> <li>• the difference between the fourth dose and the student's birthdate is greater than 48 months with a 4 day tolerance.</li> </ul>

Rule	Requirements
<b>5 doses Compliant</b>	<p>The student is considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> <li>• student receives 5 doses of the DT, DTaP/DTP, TD, or Tdap vaccine,</li> <li>• the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance,</li> <li>• the difference between the second dose and the previous dose is greater than 28 days with a 4 day tolerance,</li> <li>• the difference between the third dose and the previous dose is greater than 28 days with a 4 day tolerance,</li> <li>• the difference between the fourth dose and the previous dose is greater than 4 months with a 4 day tolerance, and</li> <li>• the difference between the fifth dose and the previous dose is greater than 6 months with a 4 day tolerance.</li> </ul>
<b>6 doses Compliant</b>	<p>The student is considered compliant if the student receives 6 dose of the DT, DTaP/DTP, TD, or Tdap vaccine.</p>
<b>3 doses over 7 Compliant</b>	<p>The student is considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> <li>• student is at least 84 months old,</li> <li>• student receives 3 doses of the DT, DTaP/DTP, TD, or Tdap vaccine,</li> <li>• the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance,</li> <li>• the difference between the second dose and the previous dose is greater than 28 days with a 4 day tolerance,</li> <li>• the difference between the third dose and the previous dose is greater than 6 months with a 4 day tolerance, and</li> <li>• the difference between the third dose and the student's birthdate is greater than 48 months with a 4 day tolerance.</li> </ul>
<b>4 doses over 7 Compliant</b>	<p>The student is considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> <li>• student is at least 84 months old,</li> <li>• student receives 4 doses of the DT, DTaP/DTP, TD, or Tdap vaccine,</li> <li>• the difference between the first dose and the student's birthdate is less than 11 days with a 4 day tolerance,</li> <li>• the difference between the second dose and the previous dose is greater than 28 days with a 4 day tolerance,</li> <li>• the difference between the third dose and the previous dose is greater than 28 days with a 4 day tolerance, and</li> <li>• the difference between the fourth dose and the previous dose is greater than 6 months with a 4 day tolerance.</li> </ul>

Rule	Requirements
<b>3 doses In Progress</b>	<p>The student is considered in progress if the following conditions have been met:</p> <ul style="list-style-type: none"> <li>• student is at least 15 months old and no older than 83 months old,</li> <li>• student receives 3 doses of the DT, DTaP/DTP, TD, or Tdap vaccine, and</li> <li>• the difference between the last dose and the effective date is less than 5 months with a 1-day tolerance. This means the compliance calculation looks for a dose in the last 6 months.</li> </ul>
<b>2 doses In Progress</b>	<p>The student is considered in progress if the following conditions have been met:</p> <ul style="list-style-type: none"> <li>• student is at least 84 months old,</li> <li>• student receives 2 doses of the DT, DTaP/DTP, TD, or Tdap vaccine, and</li> <li>• the difference between the last dose and the effective date is less than 5 months with a 1-day tolerance. This means the compliance calculation looks for a dose in the last 6 months.</li> </ul>
<b>1 dose In Progress</b>	<p>The student is considered in progress if the following conditions have been met:</p> <ul style="list-style-type: none"> <li>• student receives 1 dose of the DT, DTaP/DTP, TD, or Tdap vaccine, and</li> <li>• the difference between the last dose and the effective date is less than 28 days with a 0 (zero) day tolerance.</li> </ul>
<b>Default No requirement</b>	N/A

## Polio

Rule	Additional Information
<b>Over 18 years No Requirement</b>	Students 18 years old and older are not required to receive any doses of the Polio vaccine.
<b>Age 0-1 months No Requirement</b>	Students 1 month old and younger are not required to receive any doses of the Polio vaccine.
<b>1 dose Age 2-3 months Compliant</b>	<p>The student is considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> <li>• the student is at least 2 months old and is no older than 3 months old,</li> <li>• student receives 1 dose of the IPV or Polio (IPV/OPV) vaccine, and</li> <li>• the difference between the dose and the student's birthdate is greater than 42 days with a 4-day tolerance.</li> </ul>

Rule	Additional Information
<p><b>2 doses Age 4-5 months</b> <i>Compliant</i></p>	<p>The student is considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> <li>• the student is at least 4 months old and is no older than 5 months old,</li> <li>• the student receives 2 doses of the IPV or Polio (IPV/OPV) vaccine,</li> <li>• the difference between the first dose and the student's birthdate is greater than 42 days with a 4-day tolerance, and</li> <li>• the difference between the second dose and the previous dose is greater than 28 days with a 4-day tolerance.</li> </ul>
<p><b>3 doses under 4 years</b> <i>Compliant</i></p>	<p>The student is considered compliant when:</p> <ul style="list-style-type: none"> <li>• the student is no older than 47 months old,</li> <li>• the student receives 3 doses of the IPV or Polio (IPV/OPV) vaccine,</li> <li>• the difference between the first dose and the student's birthdate is greater than 42 days with a 4-day tolerance,</li> <li>• the difference between the second dose and the previous dose is greater than 28 days with a 4-day tolerance,</li> <li>• the difference between the third and previous dose is greater than or equal to 28 days with a 4-day tolerance.</li> </ul>
<p><b>4 doses before 08/07/2010</b> <i>Compliant</i></p>	<p>The student is considered compliant when:</p> <ul style="list-style-type: none"> <li>• the student receives 4 doses of the IPV or Polio (IPV/OPV) vaccine,</li> <li>• the last dose is received on or after 08/07/2010,</li> <li>• the difference between the second dose and the previous dose is greater than 28 days with a 4-day tolerance,</li> <li>• the difference between the third dose and the previous dose is greater than 28 days with a 4-day tolerance, and</li> <li>• the difference between the fourth dose and the previous dose is greater than 28 days with a 4-day tolerance.</li> </ul>
<p><b>4 doses</b> <i>Compliant</i></p>	<p>The student is considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> <li>• the student receives 4 doses of the IPV or Polio (IPV/OPV) vaccine,</li> <li>• the difference between the first dose and the student's birthdate is greater than 42 days with a 4-day tolerance,</li> <li>• the difference between the second dose and the previous dose is greater than 28 days with a 4-day tolerance,</li> <li>• the difference between the third dose and the previous dose is greater than 28 days with a 4-day tolerance,</li> <li>• the difference between the fourth dose and the previous dose is greater than 6 months with a 4-day tolerance, and</li> <li>• the difference between the last dose and the student's birthdate is greater than 48 months with a 4-day tolerance.</li> </ul>

Rule	Additional Information
<b>3 doses</b> <b><i>Compliant</i></b>	The student is considered compliant if the following conditions have been met: <ul style="list-style-type: none"> <li>• the student is at least 6 months old,</li> <li>• student receives 3 doses of the IPV or Polio (IPV/OPV) vaccine,</li> <li>• the difference between the first dose and the student's birthdate is greater than 42 days with a 4-day tolerance,</li> <li>• the difference between the second dose and the previous dose is greater than 28 days with a 4-day tolerance,</li> <li>• the difference between the third dose and the previous dose is greater than 6 months with a 4-day tolerance, and</li> <li>• the difference between the last dose and the student's birthdate is greater than 48 months with a 4-day tolerance.</li> </ul>
<b>2 doses over 4 years</b> <b><i>In Progress</i></b>	Students are considered in progress when: <ul style="list-style-type: none"> <li>• the student is at least 48 months old,</li> <li>• the student receives two doses of the IPV or Polio (IPV/OPV) vaccine,</li> <li>• the difference between the first dose and the student's birthdate is greater than 42 days with a 4-day tolerance,</li> <li>• the difference between the second dose and the previous dose is greater than 28 days with a 4-day tolerance,</li> <li>• the difference between the third and previous dose is less than or equal to 5 months with a 1-day tolerance.</li> </ul>
<b>1 or 2 dose</b> <b><i>In Progress</i></b>	The student is considered in progress if the following conditions have been met: <ul style="list-style-type: none"> <li>• student receives 1 dose of the IPV or Polio (IPV/OPV) vaccine, and</li> <li>• the difference between the last dose and the effective date is less than 28 days with a 0 (zero) day tolerance.</li> </ul>
<b>Default</b> <b><i>No requirement</i></b>	N/A

## MMR

Rule	Requirements
<b>Age 0-11 months</b> <b><i>No Requirement</i></b>	Students 11 months old and younger are not required to receive any doses of the MMR vaccine.

Rule	Requirements
<b>1 dose 12-59 months</b> <b><i>Compliant</i></b>	The student is considered compliant if the following conditions have been met: <ul style="list-style-type: none"> <li>• the student is at least 12 months old and is no older than 59 months old,</li> <li>• the student receives 1 dose of the MMR or MMRV vaccine, and</li> <li>• the difference between the dose and the student's birthdate is greater than 12 months with a 4-day tolerance.</li> </ul>
<b>1 dose 12-59 months M, M, R</b> <b><i>Compliant</i></b>	The student is considered compliant if the following conditions have been met: <ul style="list-style-type: none"> <li>• the student is at least 12 months old and is no older than 59 months old,</li> <li>• student receives 1 dose of the Measles, MMR, or MMRV vaccine,               <ul style="list-style-type: none"> <li>◦ the difference between the dose and the student's birthdate is greater than 12 months with a 4-day tolerance, OR</li> </ul> </li> <li>• student receives 1 dose of the MMR, MMRV, or Mumps vaccine,               <ul style="list-style-type: none"> <li>◦ the difference between the dose and the student's birthdate is greater than 12 months with a 4-day tolerance, OR</li> </ul> </li> <li>• student receives 1 dose of the MMR, MMRV, or Rubella vaccine,               <ul style="list-style-type: none"> <li>◦ the difference between the dose and the student's birthdate is greater than 12 months with a 4-day tolerance.</li> </ul> </li> </ul>
<b>2 doses</b> <b><i>Compliant</i></b>	The student is considered compliant if the following conditions have been met: <ul style="list-style-type: none"> <li>• student receives 2 doses of the Measles, MMR, or MMRV vaccine,</li> <li>• the difference between the first dose and the student's birthdate is greater than 12 months with a 4-day tolerance, and</li> <li>• the difference between the second dose and the previous dose is greater than 28 days with a 4-day tolerance.</li> </ul>

Rule	Requirements
<b>2 doses M, M, R Compliant</b>	<p>The student is considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> <li>• student receives 2 doses of the Measles, MMR, or MMRV vaccine,               <ul style="list-style-type: none"> <li>◦ the difference between the first dose and the student's birthdate is greater than 12 months with a 4-day tolerance,</li> <li>◦ the difference between the second dose and the previous dose is greater than 28 days with a 4-day tolerance, OR</li> </ul> </li> <li>• student receives 2 doses of the MMR, MMRV, or Mumps vaccine,               <ul style="list-style-type: none"> <li>◦ the difference between the first dose and the student's birthdate is greater than 12 months with a 4-day tolerance,</li> <li>◦ the difference between the second dose and the previous dose is greater than 28 days with a 4-day tolerance, OR</li> </ul> </li> <li>• student receives 2 doses of the MMR, MMRV, or Rubella vaccine,               <ul style="list-style-type: none"> <li>◦ the difference between the first dose and the student's birthdate is greater than 12 months with a 4-day tolerance,</li> <li>◦ the difference between the second dose and the previous dose is greater than 28 days with a 4-day tolerance.</li> </ul> </li> </ul>
<b>1 dose In Progress</b>	<p>The student is considered in progress if the following conditions have been met:</p> <ul style="list-style-type: none"> <li>• student receives 1 dose of the MMR or MMRV vaccine, and</li> <li>• the difference between the last dose and the effective date is less than 28 days with a 0 (zero) day tolerance.</li> </ul>
<b>1 dose M,M, R In Progress</b>	<p>The student is considered in progress if the following conditions have been met:</p> <ul style="list-style-type: none"> <li>• student receives 1 dose of the Measles, MMR, or MMRV vaccine,               <ul style="list-style-type: none"> <li>◦ the difference between the last dose and the effective date is less than 28 days with a 0 (zero) day tolerance, OR</li> </ul> </li> <li>• student receives 1 dose of the MMR, MMRV, or Mumps vaccine,               <ul style="list-style-type: none"> <li>◦ the difference between the last dose and the effective date is less than 28 days with a 0 (zero) day tolerance, OR</li> </ul> </li> <li>• student receives 1 dose of the MMR, MMRV, or Rubella vaccine,               <ul style="list-style-type: none"> <li>◦ the difference between the last dose and the effective date is less than 28 days with a 0 (zero) day tolerance.</li> </ul> </li> </ul>
<b>Default No requirement</b>	N/A

# Hepatitis B

Rule	Requirements
<b>1 dose 0-1 months</b> <b><i>Compliant</i></b>	The student is considered compliant if the following conditions have been met: <ul style="list-style-type: none"> <li>• The student is no older than 1 month old, and</li> <li>• The student receives 1 dose of the Hepatitis B (Hep B) or Hep B - 3 Dose (HepB-3) vaccine.</li> </ul>
<b>2 doses 2-3 months</b> <b><i>Compliant</i></b>	The student is considered compliant when: <ul style="list-style-type: none"> <li>• The student is at least 2 months old and is no older than 3 months old,</li> <li>• The student receives 2 doses of the Hepatitis B (Hep B) vaccine or Hep B - 3 Dose (HepB-3) vaccine, and</li> <li>• The difference between the second dose and the previous is greater than 28 days with a 4-day tolerance.</li> </ul>
<b>3 doses</b> <b><i>Compliant</i></b>	The student is considered compliant if the following conditions have been met: <ul style="list-style-type: none"> <li>• student receives 3 doses of the Hepatitis B (Hep B) or Hep B - 3 Dose (HepB-3) vaccine,</li> <li>• The difference between the second dose and the previous dose is greater than 28 days with a 4-day tolerance,</li> <li>• The difference between the last dose and the second valid dose is greater than 56 days with a 4-day tolerance,</li> <li>• the difference between the last dose and the first valid dose if greater than 112 days with a 4-day tolerance, and</li> <li>• The difference between the last dose and the student's birthdate is greater than 168 days with a 4-day tolerance.</li> </ul>
<b>2 doses Hep B-2 Over 11 yrs</b> <b><i>Compliant</i></b>	The student is considered compliant if the following conditions have been met: <ul style="list-style-type: none"> <li>• The student is at least 132 months old,</li> <li>• The student receives 2 doses of the Hepatitis B - 2 Dose (Hep B - 2) vaccine, and</li> <li>• The difference between the second dose and the previous is greater than 4 months with a 4-day tolerance.</li> </ul>
<b>1 dose Hep B-2 Over 11 yrs</b> <b><i>In Progress</i></b>	The student is considered in progress when: <ul style="list-style-type: none"> <li>• The student is at least 132 months old,</li> <li>• The student receives 1 dose of the Hepatitis B - 2 Dose (Hep B - 2) vaccine, and</li> <li>• The difference between the dose and the effective dose is less than 4 months with a 0 (zero) day tolerance.</li> </ul>

Rule	Requirements
<b>2 doses (1st to 3rd dose) In Progress</b>	The student is considered in progress when: <ul style="list-style-type: none"> <li>• The student receives two doses of the Hep B - 3 Dose (HepB-3) vaccine.</li> <li>• The difference between the first dose and the effective date is less than or equal to 112 days with a 0-day tolerance.</li> <li>• The difference between the second and previous dose is greater than or equal to 28 days with a 4-day tolerance.</li> </ul>
<b>2 doses (2nd to 3rd dose) In Progress</b>	The student is considered in progress when: <ul style="list-style-type: none"> <li>• The student receives two doses of the Hepatitis B (Hep B) vaccine or Hep B - 3 Dose (HepB-3), and</li> <li>• The difference between the last dose and the effective date is less than 56 days with a 0 (zero) day tolerance.</li> </ul>
<b>1 dose In Progress</b>	The student is considered in progress if the following conditions have been met: <ul style="list-style-type: none"> <li>• student receives 1 dose of the Hepatitis B (Hep B) vaccine or Hep B - 3 Dose (HepB-3), and</li> <li>• the difference between the last dose and the effective date is less than 28 days with a 0 (zero) day tolerance.</li> </ul>
<b>Default No requirement</b>	N/A

## Hib

Rule	Requirements
<b>Age 0-1 months No Requirement</b>	Students 1 month old and younger are not required to receive any doses of the Hib vaccine.
<b>1 dose Age 2-3 months Compliant</b>	The student is considered compliant if the following conditions have been met <ul style="list-style-type: none"> <li>• student is at least 2 months old and no older than 3 months old,</li> <li>• student receives 1 dose of the Hib vaccine, and</li> <li>• the difference between the dose and the student's birthdate is greater than 42 days with a 4 day tolerance.</li> </ul>

Rule	Requirements
<p><b>2 doses Age 4-11 months</b> <i>Compliant</i></p>	<p>The student is considered compliant if the following conditions have been met</p> <ul style="list-style-type: none"> <li>• student is at least 4 months old and no older than 11 months old,</li> <li>• student receives 2 doses of the Hib vaccine,</li> <li>• the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, and</li> <li>• the difference between the second dose and the previous dose is greater than 28 days with a 4 day tolerance.</li> </ul>
<p><b>2 doses 12-59 months</b> <i>Compliant</i></p>	<p>The student is considered compliant if the following conditions have been met</p> <ul style="list-style-type: none"> <li>• student is at least 12 months old and no older than 59 months old,</li> <li>• student receives 2 dose of the Hib vaccine,</li> <li>• the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance,</li> <li>• the difference between the second dose and the previous dose is greater than 56 days with a 4 day tolerance,</li> <li>• the difference between the second dose and the student's birthdate is greater than 12 months with a 4 day tolerance, and</li> <li>• the difference between the second dose and the student's birthdate is less than 14 months with a 4 day tolerance.</li> </ul>
<p><b>3 doses 12-59 months</b> <i>Compliant</i></p>	<p>The student is considered compliant if the following conditions have been met</p> <ul style="list-style-type: none"> <li>• student is at least 12 months old and no older than 59 months old,</li> <li>• student receives 3 dose of the Hib vaccine,</li> <li>• the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance,</li> <li>• the difference between the second dose and the previous dose is greater than 56 days with a 4 day tolerance,</li> <li>• the difference between the third dose and the previous dose is greater than 56 days with a 4 day tolerance,</li> <li>• the difference between the first dose and the student's birthdate is less than 12 months with a 4 day tolerance,</li> <li>• the difference between the second dose and the student's birthdate is less than 15 months with a 4 day tolerance, and</li> <li>• the difference between the second dose and the student's birthdate is greater than 12 months with a 4 day tolerance.</li> </ul>

Rule	Requirements
<b>4 doses Compliant</b>	<p>The student is considered compliant if the following conditions have been met</p> <ul style="list-style-type: none"> <li>• student is at least 12 months old,</li> <li>• student receives 4 dose of the Hib vaccine,</li> <li>• the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance,</li> <li>• the difference between the first dose and the student's birthdate is less than 12 months with a 4 day tolerance,</li> <li>• the difference between the second dose and the previous dose is greater than 28 days with a 4 day tolerance,</li> <li>• the difference between the second dose and the student's birthdate is less than 12 months with a 4 day tolerance,</li> <li>• the difference between the third dose and the previous dose is greater than 28 days with a 4 day tolerance,</li> <li>• the difference between the third dose and the student's birthdate is less than 12 months with a 4 day tolerance, and</li> <li>• the difference between the fourth dose and the previous dose is greater than 56 days with a 4 day tolerance.</li> </ul>
<b>1 dose 4-11 months In Progress</b>	<p>The student is considered in progress if the following conditions have been met:</p> <ul style="list-style-type: none"> <li>• student is at least 4 months old and no older than 11 months old,</li> <li>• student receives 1 dose of the Hib vaccine, and</li> <li>• the difference between the dose and the effective date is less than 28 days with a 4 day tolerance.</li> </ul>
<b>Default No requirement</b>	<p>N/A</p>

## Pneumococcal

All doses have 4 day tolerance unless otherwise noted.

Rule	Requirements
<b>Ages 5 and older No Requirement</b>	<p>Students age 5 years (60 months) old and older are not required to receive any doses of the Pneumococcal PCV or PPV vaccine.</p>

Rule	Requirements
<b>Age 0-1 months</b> <i>No Requirement</i>	Students 1 month old and younger are not required to receive any doses of the Pneumococcal PCV or PPV vaccine.
<b>1 dose, Age 2-3 months</b> <b><i>Compliant</i></b>	The student is considered compliant if the following conditions have been met: <ul style="list-style-type: none"> <li>• student is at least 2 months old and no older than 3 months old,</li> <li>• student receives 1 dose of the Pneumococcal PCV or PPV vaccine, and</li> <li>• the difference between the dose and the student's birthdate is greater than or equal to 42 days.</li> </ul>
<b>2 doses, Age 4-5 months</b> <b><i>Compliant</i></b>	The student is considered compliant if the following conditions have been met: <ul style="list-style-type: none"> <li>• student is at least 4 months old and no older than 5 months old,</li> <li>• student receives 2 doses of the Pneumococcal PCV or PPV vaccine,</li> <li>• the difference between the first dose and the student's birthdate is greater than or equal to 42 days, and</li> <li>• the difference between the second dose and the previous dose is greater than or equal to 28 days.</li> </ul>
<b>3 doses, 6-11 months</b> <b><i>Compliant</i></b>	The student is considered compliant if the following conditions have been met: <ul style="list-style-type: none"> <li>• student is at least 6 months old and no older than 11 months old,</li> <li>• student receives 3 doses of the Pneumococcal PCV or PPV vaccine,</li> <li>• the difference between the first dose and the student's birthdate is greater than or equal to 42 days,</li> <li>• the difference between the second dose and the previous dose is greater than or equal to 28 days, and</li> <li>• the difference between the third dose and the previous dose is greater than or equal to 28 days.</li> </ul>
<b>2 doses, 6-11 months</b> <b><i>Compliant</i></b>	The student is considered compliant if the following conditions have been met: <ul style="list-style-type: none"> <li>• student is at least 6 months old and no older than 11 months old,</li> <li>• student receives 2 doses of the Pneumococcal PCV or PPV vaccine,</li> <li>• the difference between the first dose and the student's birthdate is greater than or equal to 42 days,</li> <li>• the difference between the second and previous dose is greater than or equal to 28 days, and</li> <li>• the difference between the second dose and the student's birthdate is greater than or equal to 7 months with a 4 day tolerance.</li> </ul>

Rule	Requirements
<p><b>4 doses, 1 year and older</b> <i>Compliant</i></p>	<p>The student is considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> <li>• student is at least 12 months old,</li> <li>• has received 4 doses of the Pneumococcal PCV or PPV vaccine,</li> <li>• the first dose is on or after 42 days of age,</li> <li>• the difference between the second and previous dose is greater than or equal to 28 days,</li> <li>• the difference between the third and previous dose is greater than or equal to 28 days,</li> <li>• the difference between the third dose and the student's birthdate is less than or equal to 11 months, and</li> <li>• the difference between the fourth and previous dose is greater than or equal to 56 days.</li> </ul>
<p><b>3 doses, 1 year and older</b> <i>Compliant</i></p>	<p>The student is considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> <li>• student is at least 12 months old,</li> <li>• has received 3 doses of the Pneumococcal PCV or PPV vaccine,</li> <li>• the difference between the first dose and the student's birthdate is less than or equal to 11 months,</li> <li>• the difference between the second dose and the previous dose is greater than or equal to 28 days,</li> <li>• the difference between the third and previous dose is greater than or equal to 56 days,</li> <li>• the difference between the third dose and the student's birthdate is greater than or equal to 12 months, and</li> <li>• the difference between the first dose and the student's birthdate is greater than or equal to 42 days,</li> </ul>
<p><b>2 doses, 1 year and older</b> <i>Compliant</i></p>	<p>The student is considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> <li>• student is at least 12 months old,</li> <li>• has received 2 doses of the Pneumococcal PCV or PPV vaccine,</li> <li>• the difference between the first dose and the student's birthdate is greater than or equal to 12 months, and</li> <li>• the difference between the second dose and the previous dose is greater than or equal to 56 days.</li> </ul>
<p><b>1 dose under 24 months</b> <i>In Progress</i></p>	<p>The student is considered in progress if the following conditions have been met:</p> <ul style="list-style-type: none"> <li>• the student is at least 4 months old and no older than 23 months old,</li> <li>• has received 1 dose of the Pneumococcal PCV or PPV vaccine, and</li> <li>• the difference between the dose and the effective date is less than or equal to 28 days with a 0 day tolerance.</li> </ul>

Rule	Requirements
<b>1 dose over 24 months</b> <i>Compliant</i>	The student is considered compliant if the following conditions have been met: <ul style="list-style-type: none"> <li>• student is at least 24 months old and no older than 59 months old,</li> <li>• has received 1 dose of the Pneumococcal PCV or PPV vaccine, and</li> <li>• the difference between the last dose and the student's birthdate is greater than or equal to 24 months.</li> </ul>
<b>1 dose</b> <i>In Progress</i>	Students are considered in progress when the following conditions have been met: <ul style="list-style-type: none"> <li>• the student receives one dose of the Pneumococcal PCV or PPV vaccine, and</li> <li>• the difference between the last dose and the effective date is less than or equal to 28 days with a 0 (zero) day tolerance.</li> </ul>
<b>Default</b> <i>Non-compliant</i>	N/A

## Varicella

Rule	Requirements
<b>Age 0-11 months</b> <i>No requirement</i>	The student is not required to receive any Varicella doses if they are 11 months old or less.
<b>1 dose 12-59 months</b> <i>Compliant</i>	The student is considered compliant if the following conditions have been met: <ul style="list-style-type: none"> <li>• student is between 12 and 59 months old,</li> <li>• student receives 1 dose of the MMRV or Varicella vaccine, and</li> <li>• the difference between the dose and the student's birthdate is greater than 12 months with a 4 day tolerance.</li> </ul>
<b>2 doses</b> <i>Compliant</i>	The student is considered compliant if the following conditions have been met: <ul style="list-style-type: none"> <li>• The student receives 2 doses of the MMRV or Varicella vaccine,</li> <li>• The difference between the first dose and the student's birthdate is greater than 12 months with a 4 day tolerance, and</li> <li>• The difference between the second dose and the previous dose is greater than 3 months with a 4-day tolerance.</li> <li>• The difference between the last dose and the student's birthdate is less than or equal to 155 months with a 1-day tolerance. This means the calculation is looking for a dose before the student is 13 years old.</li> </ul>

Rule	Requirements
<b>2 doses 13 and older</b> <b>Compliant</b>	Students are considered compliant when: <ul style="list-style-type: none"> <li>• They are at least 156 months old.</li> <li>• They receive two doses of the Varicella or MMRV vaccine.</li> <li>• The difference between the first dose and the student's birthdate is greater than or equal to 12 months with a 4-day tolerance.</li> <li>• The difference between the second and previous dose is greater than or equal to 28 days with a 4-day tolerance.</li> </ul>
<b>1 dose under 13</b> <b>In Progress</b>	Students are considered in progress when: <ul style="list-style-type: none"> <li>• They are no older than 155 months old.</li> <li>• They receive one dose of the Varicella or MMRV vaccine.</li> <li>• The difference between the last dose and the effective date is less than or equal to 2 months with a 1-day tolerance. This means the calculation looks for a dose in the last 3 months.</li> </ul>
<b>1 dose 13 and older</b> <b>In Progress</b>	Students are considered in progress who have received 1 dose of the MMRV or Varicella vaccine within the last 28 days, and they are at least 156 months old. (0-day tolerance)
<b>Default</b> <b>Non-compliant</b>	The students is considered non-compliant if they have not received any doses of the MMRV or Varicella vaccine.

## Tdap

Rule	Requirements
<b>1 dose</b> <b>Compliant</b>	The student is considered compliant if the following conditions have been met: <ul style="list-style-type: none"> <li>• student is in state grade: 07,</li> <li>• student receives a dose of the Tdap vaccine, and</li> <li>• the difference between the dose and the student's birthdate is greater than 84 months with a 4-day tolerance.</li> </ul>
<b>No doses</b> <b>Non-Compliant</b>	The student is considered non-compliant if the student is in state grade 07 and has not received any doses of the DTap/DTP, TD, or Tdap vaccine.
<b>Default</b> <b>No Requirement</b>	N/A

## Hepatitis A

Rule	Requirements
<b>1 dose Compliant</b>	The student is considered compliant if the following conditions have been met: <ul style="list-style-type: none"> <li>• student is in state grade: P3, P4</li> <li>• student receives a dose of the Hepatitis A vaccine, and</li> <li>• the difference between the dose and the student's birthdate is greater than 12 months with a 4 day tolerance.</li> </ul>
<b>2 doses Kindergarten Compliant</b>	The student is considered compliant if the following conditions have been met: <ul style="list-style-type: none"> <li>• student is in state grade K,</li> <li>• student receives 2 doses of the Hepatitis A vaccine,</li> <li>• the difference between the dose and the student's birthdate is greater than 12 months with a 4 day tolerance, and</li> <li>• the difference between the second dose and the previous is greater than 6 months with a 4 day tolerance.</li> </ul>
<b>1 dose In Progress</b>	The student is considered in progress if the following conditions have been met: <ul style="list-style-type: none"> <li>• student is in state grade K,</li> <li>• student receives a dose of the Hepatitis A vaccine, and</li> <li>• the difference between the last dose and the effective date is less than 5 months with a 1-day tolerance. This means the compliance calculation looks for a dose in the last 6 months.</li> </ul>
<b>No Doses PK or K Non Compliant</b>	The student is considered non-compliant if the following conditions have been met: <ul style="list-style-type: none"> <li>• student is in state grade: P3, P4, K, and</li> <li>• student has not received any doses of the Hepatitis A vaccine.</li> </ul>
