Tool Search: [Vaccine Setup](#)

Health vaccines and their associated compliance listings are based on state guidelines. While Infinite Campus maintains standard guidelines for all states, districts have the ability to enter additional compliances. The following information describes vaccine compliance rules as defined by the Virginia State Department of Education.

For more information on the creation, modification or deletion of vaccine compliances, see the [Vaccines](#) page.

Read - View existing vaccines.

Write - Edit existing vaccines.

Add - Add new vaccines.

Delete - Delete vaccines.

Read rights allow full access to Vaccines for states with hard-coded vaccine rules.

For more information about Tool Rights and how they function, see this [Tool Rights](#) article.

General Compliance

- Vaccine doses administered less than or equal to 4 days before the minimum interval or age are counted as valid.
- Doses administered 5 days earlier than the minimum interval or age are not counted as valid doses and must be repeated as age-appropriate.
- Half doses or reduced doses of a vaccine are not considered valid.

DTaP

Dose	Requirements
0-2 months <i>No Requirement</i>	Students age 0-2 month old are not required to receive any doses of the DTaP vaccine.

Dose	Requirements
3-4 months <i>Compliant</i>	The student is considered compliant when the following conditions are met: <ul style="list-style-type: none"> the student is at least 3 months, but no older than 4 months old, the student receives one dose of the DTaP vaccine.
5-6 months <i>Compliant</i>	The student is considered compliant when the following conditions are met: <ul style="list-style-type: none"> the student is at least 5 months, but no older than 6 months old, the student receives two dose of the DTaP vaccine.
7-18 months <i>Compliant</i>	The student is considered compliant when the following conditions are met: <ul style="list-style-type: none"> the student is at least 7 months, but no older than 18 months old, the student receives three dose of the DTaP vaccine.
19 mos - 3 yrs <i>Compliant</i>	The student is considered compliant when the following conditions are met: <ul style="list-style-type: none"> the student is at least 19 months, but no older than 47 months old, the student receives four dose of the DTaP vaccine.
4 years and older <i>Compliant</i>	The student is considered compliant when the following conditions are met: <ul style="list-style-type: none"> the student is at least 48 months (4 years) old, the student receives four dose of the DTaP vaccine, the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, the difference between the second and previous dose is greater than 28 days with a 4 day tolerance, the difference between the third and previous dose is greater than 28 days with a 4 day tolerance, the difference between the fourth and previous dose is greater than 6 months with a 4 day tolerance, the difference between the fourth dose and the student's birthdate is greater than 48 months with a 4 day tolerance.
3 dose Catch-up <i>Compliant</i>	The student is considered compliant when the following conditions are met: <ul style="list-style-type: none"> the student receives three dose of the DTaP vaccine, the difference between the last dose and the student's birthdate is greater than 84 months with a 4 day tolerance, the difference between the first dose and the student's birthdate is greater than 12 months with a 4 day tolerance, the difference between the second and previous dose is greater than 28 days with a 4 day tolerance, the difference between the third and previous dose is greater than 6 months with a 4 day tolerance.

Dose	Requirements
2 doses <i>In-Progress</i>	The student is considered in progress when the following conditions are met: <ul style="list-style-type: none"> the student receives two dose of the DTaP vaccine, the difference between the last dose and effective date is less than 5 months, with a one day tolerance.
1 doses <i>In-Progress</i>	The student is considered in progress when the following conditions are met: <ul style="list-style-type: none"> the student receives two dose of the DTaP vaccine, the difference between the last dose and effective date is less than 28 days, with a zero day tolerance.

Tdap

Rule	Requirements
Grade 6-10 <i>Non-compliant</i> <i>Active End Date:</i> <i>06/30/2010</i>	The student is considered non-compliant when the following conditions are met: <ul style="list-style-type: none"> the student is in state grade: 06, 07, 08, 09, 10, the student receives one dose of the Tdap vaccine, the difference between the last dose and the effective date is greater than 60 months with a zero day tolerance.
Grade 6-11 <i>Non-compliant</i> <i>Active Start Date:</i> <i>07/01/2010</i> <i>Active End Date:</i> <i>06/30/2011</i>	The student is considered non-compliant when the following conditions are met: <ul style="list-style-type: none"> the student is in state grade: 06, 07, 08, 09, 10, 11 the student receives one dose of the Tdap vaccine, the difference between the last dose and the effective date is greater than 60 months with a zero day tolerance.
Grade 6-12 <i>Non-compliant</i> <i>Active Start Date:</i> <i>07/01/2011</i>	The student is considered non-compliant when the following conditions are met: <ul style="list-style-type: none"> the student is in state grade: 06, 07, 08, 09, 10, 11, 12 the student receives one dose of the Tdap vaccine, the difference between the last dose and the effective date is greater than 60 months with a zero day tolerance.
1 dose 6-10 <i>Compliant</i> <i>Active End Date:</i> <i>06/30/2010</i>	The student is considered compliant when the following conditions are met: <ul style="list-style-type: none"> the student is in state grade: 06, 07, 08, 09, 10, the student receives one dose of the Tdap vaccine.

Rule	Requirements
1 dose 6-11 <i>Compliant</i> <i>Active Start Date:</i> <i>07/01/2010</i> <i>Active End Date:</i> <i>06/30/2011</i>	The student is considered compliant when the following conditions are met: <ul style="list-style-type: none"> the student is in state grade: 06, 07, 08, 09, 10, 11 the student receives one dose of the Tdap vaccine.
1 dose 6-12 <i>Compliant</i> <i>Active Start Date:</i> <i>07/01/2011</i>	The student is considered compliant when the following conditions are met: <ul style="list-style-type: none"> the student is in state grade: 06, 07, 08, 09, 10, 11, 12, the student receives one dose of the Tdap vaccine.

Hepatitis B

Rule	Requirements
0-2 months <i>Compliant</i>	The student is considered compliant when the following conditions are met: <ul style="list-style-type: none"> the student is at least 2 months old, the receives one dose of the Hepatitis B vaccine.
3-18 months <i>Compliant</i>	The student is considered compliant when the following conditions are met: <ul style="list-style-type: none"> the student is at least 3 months, but no older than 18 months old, the receives two doses of the Hepatitis B vaccine.
3 doses <i>Compliant</i>	The student is considered compliant when the following conditions are met: <ul style="list-style-type: none"> the receives three doses of the Hepatitis B vaccine, the difference between the second and previous dose is greater than 28 days with a 4 day tolerance, the difference between the third and previous dose is greater than 56 days with a 4 day tolerance, the difference between the third and two previous doses is greater than 112 days with a 4 day tolerance.
2 doses <i>Compliant</i>	The student is considered compliant when the following conditions are met: <ul style="list-style-type: none"> the student is at least 132 months old, the receives two doses of the Hepatitis B vaccine, the difference between the first dose and the student's birthdate is greater than 132 months with a 4 day tolerance, the difference between the second dose and the student's birthdate is greater than 191 months with a 4 day tolerance.

Rule	Requirements
1 dose <i>In Progress</i>	The student is considered in progress when the following conditions are met: <ul style="list-style-type: none"> the receives one dose of the Hepatitis B vaccine, the difference between the last dose and the effective date is less than 28 days with a zero day tolerance.
2 doses <i>In Progress</i>	The student is considered in progress when the following conditions are met: <ul style="list-style-type: none"> the receives two doses of the Hepatitis B vaccine, the difference between the last dose and the effective date is less than 56 days with a zero day tolerance.
2 dose test 1 <i>In Progress</i>	The student is considered in progress when the following conditions are met: <ul style="list-style-type: none"> the receives two doses of the Hepatitis B vaccine, the difference between the last dose and the effective date is less than 112 days with a zero day tolerance.

MMR

For students not yet enrolled in Kindergarten:

Rule	Requirements
0 - 15 months <i>No Requirement</i>	Students 15 months old and younger are not required to receive any doses MMR or MMRV vaccine.
1MMR <i>Compliant</i>	Students are considered compliant when the following conditions have been met: <ul style="list-style-type: none"> the student is at least 16 months old, the student receives one dose of the MMR or MMRV vaccine.
1M 1M 1R <i>Compliant</i>	Students are considered compliant when the following conditions have been met: <ul style="list-style-type: none"> the student is at least 16-month-old, the student receives one dose of the Mumps vaccine, the student receives one dose of the Measles vaccine, the student receives one dose of the Rubella vaccine.

For students enrolled in Kindergarten or above:

Rule	Requirement
------	-------------

Rule	Requirement
2 MMR <i>Compliant</i>	Students are considered compliant the following conditions have been met: <ul style="list-style-type: none"> • the student is in state grade: 01, 02, 03, 04, 05, 06, 07, 08, 09, 10, 11, 12, KG, • the student receives two doses of the MMR or MMRV vaccine, • the difference between the first dose and the student’s birth date is greater than 12 months, with a four-day tolerance, • the difference between the second and previous dose is greater than 28 days, with a four-day tolerance.
2M 2M 1R <i>Compliant</i>	Students are considered compliant the following conditions have been met: <ul style="list-style-type: none"> • the student is in state grade: 01, 02, 03, 04, 05, 06, 07, 08, 09, 10, 11, 12, KG, • the student receives two doses of the Measles vaccine, <ul style="list-style-type: none"> ◦ the difference between the first dose and the student’s birth date is greater than 12 months, with a four-day tolerance, ◦ the difference between the second and previous dose is greater than 28 days, with a four-day tolerance, • the student receives two doses of the Mumps vaccine, <ul style="list-style-type: none"> ◦ the difference between the first dose and the student’s birth date is greater than 12 months, with a four-day tolerance, ◦ the difference between the second and previous dose is greater than 28 days, with a four-day tolerance, • the student receives one dose of Rubella vaccine, <ul style="list-style-type: none"> ◦ the difference between the first dose and the student’s birth date is greater than 12 months, with a four-day tolerance will.
1MMR, 1M, 1M <i>Compliant</i>	Students are considered compliant the following conditions have been met: <ul style="list-style-type: none"> • the student is in state grade: 01, 02, 03, 04, 05, 06, 07, 08, 09, 10, 11, 12, KG, • the student receives two doses of the Measles, MMR, or MMRV vaccine, <ul style="list-style-type: none"> ◦ the difference between the first dose and the student’s birth date is greater than 12 months, with a four-day tolerance, ◦ the difference between the second and previous dose is greater than 28 days, with a four-day tolerance, • the student receives two doses of the Mumps, MMR, or MMRV vaccine, <ul style="list-style-type: none"> ◦ the difference between the first dose and the student’s birth date is greater than 12 months, with a four-day tolerance, ◦ the difference between the second and previous dose is greater than 28 days, with a four-day tolerance.

Rule	Requirement
1 dose K - 12 <i>In Progress</i>	Students are considered in progress the following conditions have been met: <ul style="list-style-type: none"> the student is in state grade: 01, 02, 03, 04, 05, 06, 07, 08, 09, 10, 11, 12, KG, the student receives one dose of the Measles, Mumps, Rubella, MMR, or MMRV vaccine, the difference between the last dose and the effective date is less than 28 days, with a zero-day tolerance.
Default K - 12 <i>Non-Compliant</i>	Students are considered non-compliant the following conditions have been met: <ul style="list-style-type: none"> the student is in state grade: 01, 02, 03, 04, 05, 06, 07, 08, 09, 10, 11, 12, KG, the student has not received any doses of the MMR or MMRV vaccine.

Varicella

Rule	Requirements
0-15 months <i>No Requirements</i>	Students age 0-15 month old are not required to receive any doses of the Varicella vaccine.
Born before 01/01/1997 <i>No Requirements</i>	Students born before 01/01/1997 are not required to receive any doses of the Varicella vaccine.
2 doses <i>Compliant</i>	The student is considered compliant when the following conditions are met: <ul style="list-style-type: none"> the student is born after 01/01/1997, the student is in state grade: 01, 02, 03, 04, 05, 06, 07, 08, 09, 10, 11, 12, KG, the student receives two doses of the Varicella or MMRV vaccine, the difference between the first dose and the student's birthdate is greater than 12 months with a 4 day tolerance, the difference between the second and previous dose is greater than 28 days with a 4 day tolerance.
1 dose <i>In Progress</i>	The student is considered in progress when the following conditions are met: <ul style="list-style-type: none"> the student is in state grade: 01, 02, 03, 04, 05, 06, 07, 08, 09, 10, 11, 12, KG, the student receives one dose of the Varicella or MMRV vaccine, the difference between the last dose and the effective date is less than 28 days with a zero day tolerance.

Rule	Requirements
Default K-12 <i>Non-compliant</i>	<p>The student is considered non-compliant when the following conditions are met:</p> <ul style="list-style-type: none"> the student is in state grade: 01, 02, 03, 04, 05, 06, 07, 08, 09, 10, 11, 12, KG, the student does not receive any doses of the Varicella or MMRV vaccine.
1 dose <i>Compliant</i>	<p>The student is considered compliant when the following conditions are met:</p> <ul style="list-style-type: none"> the student receives one dose of the Varicella or MMRV vaccine, the difference between the dose and the student's birthdate is greater than 12 months with a 4 day tolerance.

Polio

Rule	Requirements
4 doses <i>Compliant</i>	<p>The student is considered compliant when the following conditions are met:</p> <ul style="list-style-type: none"> the student is in state grade: 01, 02, 03, 04, 05, 06, 07, 08, 09, 10, 11, 12, KG, the student receives four doses of the IPV, OPV, or combined IPV/OPV Polio vaccine, the difference between the second and previous dose is greater than 28 days with a 4 day tolerance, the difference between the third and previous dose is greater than 28 days with a 4 day tolerance, the difference between the fourth and previous is greater than 6 months with a 4 day tolerance, the difference between the fourth dose and the student's birthdate is greater than 48 months with a 4 day tolerance.
3 doses <i>Compliant</i>	<p>The student is considered compliant when the following conditions are met:</p> <ul style="list-style-type: none"> the student receives three doses of the IPV, OPV, or combined IPV/OPV Polio vaccine, the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, the difference between the second and previous dose is greater than 28 days with a 4 day tolerance, the difference between the third and previous dose is greater than 6 months with a 4 day tolerance, the difference between the third dose and the student's birthdate is greater than 48 months with a 4 day tolerance.

Rule	Requirements
1-2 doses K-12 <i>In Progress</i>	The student is considered in progress when the following conditions are met: <ul style="list-style-type: none"> the student is in state grade: 01, 02, 03, 04, 05, 06, 07, 08, 09, 10, 11, 12, KG, the student receives one dose of the PV, OPV, or combined IPV/OPV Polio vaccine, the difference between the last dose and the effective date is less than 28 days with a zero day tolerance.
3 doses K-12 <i>In Progress</i>	The student is considered in progress when the following conditions are met: <ul style="list-style-type: none"> the student is in state grade: 01, 02, 03, 04, 05, 06, 07, 08, 09, 10, 11, 12, KG, the student receives three doses of the PV, OPV, or combined IPV/OPV Polio vaccine, the difference between the last dose and the effective date is less than 5 months with a 1 day tolerance.
Default K-12 <i>Non-compliant</i>	The student is considered non-compliant when the following conditions are met: <ul style="list-style-type: none"> the student is in state grade: 01, 02, 03, 04, 05, 06, 07, 08, 09, 10, 11, 12, KG, the student has not received any doses of the Polio vaccine.
0-2 months <i>No Requirements</i>	Students 2 months old and younger are not required to receive any doses of the Polio vaccine.
3-4 months <i>Compliant</i>	The student is considered compliant when the following conditions are met: <ul style="list-style-type: none"> the student is at least 3 months, but no older than 4 months old, the student receives one dose of the IPV, or combined IPV/OPV Polio vaccine, the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance.
5-18 months <i>Compliant</i>	The student is considered compliant when the following conditions are met: <ul style="list-style-type: none"> the student is at least 5 months, but no older than 18 months old, the student receives two doses of the IPV, or combined IPV/OPV Polio vaccine, the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, the difference between the second and previous dose is greater than 28 days with a 4 day tolerance.

Rule	Requirements
19 months and older <i>Compliant</i>	The student is considered compliant when the following conditions are met: <ul style="list-style-type: none"> the student is at least 19 months old, the student receives three doses of the IPV, or combined IPV/OPV Polio vaccine, the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, the difference between the second and previous dose is greater than 28 days with a 4 day tolerance, the difference between the third and previous dose is greater than 28 days with a 4 day tolerance.
1-2 doses <i>In Progress</i>	The student is considered in progress when the following conditions are met: <ul style="list-style-type: none"> the student is at least 3 months old, the student receives one dose of the IPV, or combined IPV/OPV Polio vaccine, the difference between the last dose and the effective date is less than 28 days with a zero day tolerance.

Pneumococcal

Rule	Requirements
Age 0-1 months <i>No Requirement</i>	Students 1 month old and younger are not required to receive any doses of the Pneumococcal PCV or PPV vaccine.
Age 5 and older <i>No Requirements</i>	Students 60 months (5 years) old and older are not required to receive any doses of the Pneumococcal PCV or PPV vaccine.
1 dose required ages 2-3 months <i>Compliant</i>	The student is considered compliant when the following conditions are met: <ul style="list-style-type: none"> the student is at least 2 months, but no older than 3 months old, the student receives one dose of the Pneumococcal PCV or PPV vaccine, the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance.

Rule	Requirements
<p>2 doses required ages 4-5 months <i>Compliant</i></p>	<p>The student is considered compliant when the following conditions are met:</p> <ul style="list-style-type: none"> • the student is at least 4 months, but no older than 5 months old, • the student receives two doses of the Pneumococcal PCV or PPV vaccine, • the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, • the difference between the second and previous dose is greater than 28 days with a 4 day tolerance.
<p>3 doses 6-11 months <i>Compliant</i></p>	<p>The student is considered compliant when the following conditions are met:</p> <ul style="list-style-type: none"> • the student is at least 6 months, but no older than 11 months old, • the student receives three doses of the Pneumococcal PCV or PPV vaccine, • the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, • the difference between the second and previous dose is greater than 28 days with a 4 day tolerance, • the difference between the third and previous dose is greater than 28 days with a 4 day tolerance, • the difference between the second dose and the student's birthdate is less than 6 months with a 4 day tolerance.
<p>4 doses 12 months <i>Compliant</i></p>	<p>The student is considered compliant when the following conditions are met:</p> <ul style="list-style-type: none"> • the student is at least 12 months old, • the student receives four doses of the Pneumococcal PCV or PPV vaccine, • the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, • the difference between the second and previous dose is greater than 28 days with a 4 day tolerance, • the difference between the third and previous dose is greater than 28 days with a 4 day tolerance, • the difference between the fourth and previous dose is greater than 56 days with a 4 day tolerance.

Rule	Requirements
<p>3 doses 12 months; 7-11 shot <i>Compliant</i></p>	<p>The student is considered compliant when the following conditions are met:</p> <ul style="list-style-type: none"> • the student is at least 12 months old, • the student receives three doses of the Pneumococcal PCV or PPV vaccine, • the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, • the difference between the second and previous dose is greater than 28 days with a 4 day tolerance, • the difference between the third and previous dose is greater than 56 days with a 4 day tolerance, • the difference between the second dose and the student's birthdate is greater than 7 months with a 4 day tolerance, • the difference between the second dose and the student's birthdate is less than 11 months with a 4 day tolerance, • the difference between the third dose and the student's birthdate is greater than 12 months with a 4 day tolerance.
<p>3 doses 12 months <i>Compliant</i></p>	<p>The student is considered compliant when the following conditions are met:</p> <ul style="list-style-type: none"> • the student is at least 12 months old, • the student receives three doses of the Pneumococcal PCV or PPV vaccine, • the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, • the difference between the first dose and the student's birthdate is less than 11 months with a 4 day tolerance, • the difference between the second and previous dose is greater than 28 days with a 4 day tolerance, • the difference between the third and previous dose is greater than 56 days with a 4 day tolerance.
<p>2 doses 12 months <i>Compliant</i></p>	<p>The student is considered compliant when the following conditions are met:</p> <ul style="list-style-type: none"> • the student is at least 12 months old, • the student receives two doses of the Pneumococcal PCV or PPV vaccine, • the difference between the first dose and the student's birthdate is greater than 12 months with a 4 day tolerance, • the difference between the second and previous dose is greater than 56 days with a 4 day tolerance.

Rule	Requirements
1 dose over 24 months <i>Compliant</i>	The student is considered compliant when the following conditions are met: <ul style="list-style-type: none"> the student receives one dose of the Pneumococcal PCV or PPV vaccine, the difference between the first dose and the student's birthdate is greater than 24 months with a 4 day tolerance.
In Progress <i>In Progress</i>	The student is considered in progress when the following conditions are met: <ul style="list-style-type: none"> the student receives one dose of the Pneumococcal PCV or PPV vaccine, the difference between the the last dose and the effective date is less than 28 days with a zero day tolerance.
0-2 months <i>No Requirement</i> <i>Active End Date:</i> <i>06/30/2021</i>	Students 2 months old and younger are not required to receive any doses of the Pneumococcal PCV or PPV vaccine.
3-4 months <i>Compliant</i> <i>Active End Date:</i> <i>06/30/2021</i>	The student is considered compliant when the following conditions are met: <ul style="list-style-type: none"> the student is at least 3 months, but no older than 4 months old, the student receives one dose of the Pneumococcal PCV or PPV vaccine.
5-23 months <i>Compliant</i> <i>Active End Date:</i> <i>06/30/2021</i>	The student is considered compliant when the following conditions are met: <ul style="list-style-type: none"> the student is at least 5 months, but no older than 23 months old, the student receives two doses of the Pneumococcal PCV or PPV vaccine.
3-23 months <i>Non-compliant</i> <i>Active End Date:</i> <i>06/30/2021</i>	The student is considered non-compliant when the following conditions are met: <ul style="list-style-type: none"> the student is at least 3 months, but no older than 23 months old, the student receives no doses of the Pneumococcal PCV or PPV vaccine.

Meningococcal

Rule	Requirements
------	--------------

Rule	Requirements
1 Dose 16+ <i>Compliant</i>	The student is considered compliant when the following conditions are met: <ul style="list-style-type: none"> • the student is in state grade(s): 07, 08, 09, 10, 11, 12, • the student receives one dose of the Meningococcal (MCV4 or MenACWY) vaccine, and • the difference between the first dose and the student's birthdate is greater than or equal to 192 months with a 4 day tolerance.
1 Dose <i>Compliant</i> <i>Active Start Date:</i> <i>07/01/2021</i>	The student is considered compliant when the following conditions are met: <ul style="list-style-type: none"> • the student is in state grade(s): 07, 08, 09, 10, 11, • the student receives one dose of the Meningococcal (MCV4 or MenACWY) vaccine, and • the different between the first dose and the student's birthdate is greater than or equal to 120 months with a 4 day tolerance.
2 Doses <i>Compliant</i> <i>Active Start Date:</i> <i>07/01/2021</i>	The student is considered compliant when the following conditions are met: <ul style="list-style-type: none"> • the student is in state grade(s): 12, • the student receives two doses of the Meningococcal (MCV4 or MenACWY) vaccine, • the difference between the last and the previous dose is greater than or equal to 56 days with a 4 day tolerance, and • the different between the first dose and the student's birthdate is less than or equal to 192 months with a 4 day tolerance.
No Dose <i>Non-compliant</i> <i>Active Start Date:</i> <i>07/01/2021</i>	Students are considered non-compliant when the following conditions are met: <ul style="list-style-type: none"> • they are in state grade(s): 07, 08, 09, 10, 11, 12, and • have not received any doses of the Meningococcal (MCV4 or MenACWY) vaccine.

HPV

These requirements apply to females only.

Rule	Requirements
------	--------------

Rule	Requirements
<p>3 Doses <i>Compliant</i></p>	<p>The student is considered compliant when the following conditions are met:</p> <ul style="list-style-type: none"> • the student receives three doses of the Human Papillomavirus (HPV) vaccine, • the student is in state grade(s) 07, 08, 09, 10, 11, 12, • the difference between the first dose and the student's birthdate is greater than 180 months with a 4 day tolerance, • the difference between the second and previous dose is greater than or equal to 28 days with a 4 day tolerance, • the difference between the third and previous dose is greater than 84 days with a 4 day tolerance, • the difference between the third and first dose is greater than or equal to 5 months with a 4 day tolerance.
<p>2 Doses <i>Compliant</i></p>	<p>The student is considered compliant when the following conditions are met:</p> <ul style="list-style-type: none"> • the student receives two doses of the Human Papillomavirus (HPV) vaccine, • the student is in state grade(s) 07, 08, 09, 10, 11, 12, • the difference between the first dose and the student's birthdate is greater than or equal to 108 months with a 4 day tolerance, • the difference between the first dose and the student's birthdate is less than or equal to 180 months with a 4 day tolerance, and • the difference between the last dose and first dose is greater than or equal to 5 months with a 1 day tolerance.
<p>1 Dose (1 of 2) <i>In Progress</i></p>	<p>The student is considered in progress when the following conditions are met:</p> <ul style="list-style-type: none"> • the student receives one dose of the Human Papillomavirus (HPV) vaccine, • the student is in state grade(s) 07, 08, 09, 10, 11, 12, • the difference between the first dose and the student's birthdate is greater than or equal to 108 months with a 4 day tolerance, • the difference between the first dose and the student's birthdate is less than or equal to 180 months with a 4 day tolerance, and • the difference between the last dose and the effective date is less than or equal to 5 months with a 1 day tolerance.

Rule	Requirements
1 Dose (1 of 3) <i>In Progress</i>	The student is considered in progress when the following conditions are met: <ul style="list-style-type: none"> the student receives one dose of the Human Papillomavirus (HPV) vaccine, the student is in state grade(s) 07, 08, 09, 10, 11, 12, the difference between the first dose and the student's birthdate is greater than or equal to 180 months with a 4 day tolerance, and the difference between the last dose and the effective date is less than or equal to 28 days with a zero day tolerance.
2 Doses <i>In Progress</i>	The student is considered in progress when the following conditions are met: <ul style="list-style-type: none"> the student receives two doses of the Human Papillomavirus (HPV) vaccine, the student is in state grade(s) 07, 08, 09, 10, 11, 12, the difference between the first dose and the student's birthdate is greater than or equal to 180 months with a 4 day tolerance, and the difference between the last dose and the effective date is less than 84 days with a zero day tolerance.
7th-12th Grade <i>Non-Compliant</i>	Students in state grade(s) 07, 08, 09, 10, 11, 12, who have not received any doses of the HPV vaccine are considered non-compliant.

HIB

Rule	Requirements
Age 0-1 months <i>No Requirement</i> Active Start Date: 07/01/2021	Students one month old and younger are not required to receive any doses of the HIB vaccine.
Age 5 years and older <i>No Requirement</i> Active Start Date: 07/01/2021	Students 60 months old and older are not required to receive any doses of the HIB vaccine.
1 dose age 2 - 3 months <i>Compliant</i> Active Start Date: 07/01/2021	Students are considered compliant when the following conditions have been met: <ul style="list-style-type: none"> the student is at least 2 months, but no older than three months old, the student receives 1 dose of the HIB vaccine, the difference between the first dose and the student's birthdate is greater than 42 days, with a four-day tolerance.

Rule	Requirements
<p>2 doses age 4 - 5 months <i>Compliant</i> Active Start Date: 07/01/2021</p>	<p>Students are considered compliant when the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is at least 4 months, but no older than 5 months old, • the student receives 2 doses of the HIB vaccine, • the difference between the first dose and the student's birthdate is greater than 42 days, with a 4 day tolerance, • the difference between the second and previous dose is greater than 28 days, with a 4 day tolerance.
<p>3 doses <7 months 1st shot <i>Compliant</i> Active Start Date: 07/01/2021</p>	<p>Students are considered compliant when the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is no older than 11 months old, • the student receives 3 doses of the HIB vaccine, • the difference between the first dose and the student's birth date is greater than 42 days, with a four-day tolerance, • the difference between the first dose and the student's birth date is less than six months, with a four-day tolerance, • the difference between the second and previous dose is greater than 28 days, with a four-day tolerance, • the difference between the third and previous dose is greater than 28 days, with a four-day tolerance.
<p>3 doses 7 - 11 months 1st shot <i>Compliant</i> Active Start Date: 07/01/2021</p>	<p>Students are considered compliant when the following conditions have been met:</p> <ul style="list-style-type: none"> • the student receives 3 doses of the HIB vaccine, • the difference between the first dose and the student's birth date is greater than seven months, with a four-day tolerance, • the difference between the first dose and the student's birth date is less than 11 months, with a four-day tolerance, • the difference between the second and previous dose is greater than 28 days, with a four-day tolerance, • the difference between the third and previous dose is greater than 56 days, with a four-day tolerance.

Rule	Requirements
<p>3 doses Hib 3 dose 7 - 11 months 1st shot <i>Compliant</i> <i>Active Start Date:</i> <i>07/01/2021</i></p>	<p>Students are considered compliant when the following conditions have been met:</p> <ul style="list-style-type: none"> • the student receives the three doses of the Hib 3 dose series vaccine, • the difference between the first dose and the student's birth date is greater than seven months, with a four-day tolerance, • the difference between the first dose and the student's birth date is less than 11 months, with a four-day tolerance, • the difference between the second and previous dose is greater than 28 days, with a four-day tolerance, • the difference between the third and previous dose is greater than 56 days, with a four-day tolerance, • the difference between the third dose and the student's birth date is greater than 12 months, with a four-day tolerance.
<p>3 doses after 12 - 59 months <i>Compliant</i> <i>Active Start Date:</i> <i>07/01/2021</i></p>	<p>Students are considered compliant when the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is at least 12 months, but no older than 59 months old, • the student receives three doses of HIB vaccine, • the difference between the first dose and the student's birth date is greater than 42 days, with a four-day tolerance, • the difference between the first dose and the student's birth date is less than 11 months, with a four-day tolerance, • the difference between the second and previous dose is greater than 28 days, with a four-day tolerance, • the difference between the third and previous dose is greater than 56 days, with a four-day tolerance, • the difference between the third dose and the student's birth date is greater than 12 months, with a four-day tolerance.
<p>2 doses Hib-3 dose after 1 year <i>Compliant</i> <i>Active Start Date:</i> <i>07/01/2021</i></p>	<p>Students are considered compliant when the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is at least 12 months old, • the student receives two doses of the Hib 3 dose series vaccine, • the difference between the first dose and the student's birth date is greater than 12 months, with a four-day tolerance, • the difference between the second and previous dose is greater than 56 days, with a four-day tolerance.

Rule	Requirements
<p>4 doses <i>Compliant</i> <i>Active Start Date:</i> <i>07/01/2021</i></p>	<p>Students are considered compliant when the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is at least 12 months old, • the student receives four doses of the HIB vaccine, • the difference between the first dose and the student's birth date is less than 11 months, with a four-day tolerance, • the difference between the first dose and the student's birth date is greater than 42 days, with a four-day tolerance, • the difference between the second and previous dose is greater than 28 days, with a four-day tolerance, • the difference between the second dose and the student's birth date is less than 11 months, with a four-day tolerance, • the difference between the third and previous dose is greater than 28 days, with a four-day tolerance, • the difference between the third dose and the student's birth date is less than 11 months, with a four-day tolerance, • the difference between the fourth and previous dose is greater than 56 days, with a four-day tolerance.
<p>2 doses 12 - 14 months 1st shot <i>Compliant</i> <i>Active Start Date:</i> <i>07/01/2021</i></p>	<p>Students are considered compliant when the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is at least 12 months old, • the student receives two doses of the HIB vaccine, • the difference between the first dose and the student's birth date is greater than 12 months, with a four-day tolerance, • the difference between the second and previous dose is greater than 56 days, with a four-day tolerance, • the difference between the first dose and the student's birth date is less than 14 months, with a four-day tolerance.
<p>1 dose 15 months 1st shot <i>Compliant</i> <i>Active Start Date:</i> <i>07/01/2021</i></p>	<p>Students are considered compliant when the following conditions have been met:</p> <ul style="list-style-type: none"> • the students there are at least 15 months old, • the student receives one dose of the HIB vaccine, • the difference between the first dose and the student's birth date is greater than 15 months, with a four-day tolerance.
<p>1 dose in progress before 1 yr <i>In Progress</i> <i>Active Start Date:</i> <i>07/01/2021</i></p>	<p>Students are considered in progress when the following conditions have been met:</p> <ul style="list-style-type: none"> • the student receives one dose of the HIB vaccine, • the difference between the last dose and the effective date is less than 28 days, with a zero-day tolerance, • the difference between the last dose and the student's birth date is less than 11 months, with a zero-day tolerance.

Rule	Requirements
<p>1 dose in progress after 1 yr <i>In Progress</i></p>	<p>Students are considered in progress when the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is at least 12 months old, • the student receives one dose of the HIB vaccine, • the difference between the last dose and the student's birth date is greater than 12 months, with a zero-day tolerance, • the difference between the last dose and the effective date is less than 56 days, with a zero-day tolerance
<p>2 doses in progress <i>In Progress</i> <i>Active Start Date:</i> <i>07/01/2021</i></p>	<p>Students are considered in progress when the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is at least seven months old, • the student receives two doses of the HIB vaccine, • the difference between the last dose and the effective date is less than 56 days, with a zero-day tolerance.
<p>2 doses Hib 3 dose in progress before 1 year <i>In Progress</i> <i>Active Start Date:</i> <i>07/01/2021</i></p>	<p>Students are considered in progress when the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is at least seven months, but no older than 12 months old, • the student receives two doses of the Hib 3 dose series vaccine, • and the difference between the last dose and the effective date is less than 56 days, with a zero-day tolerance.
<p>0 -2 months <i>No Requirement</i> <i>Active End Date:</i> <i>06/30/2021</i></p>	<p>Students two months old and younger are not required to receive any doses of the HIB vaccine.</p>
<p>3 -4 months <i>Compliant</i> <i>Active End Date:</i> <i>06/30/2021</i></p>	<p>Students are considered compliant when the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is at least three months, but no older than four months old, • the student receives one dose of the HIB vaccine.
<p>15 - 59 months <i>Compliant</i> <i>Active End Date:</i> <i>06/30/2021</i></p>	<p>Students are considered compliant when the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is at least 15 months, but no older than 59 months old, • the student receives one dose of the HIB vaccine, • the difference between the first dose and the student's birth date is greater than 15 months, with a four-day tolerance.

Rule	Requirements
2 doses <i>Compliant</i> <i>Active End Date:</i> <i>06/30/2021</i>	Students are considered compliant when they have received two doses of the HIB vaccine.
3 - 59 months <i>Non-Compliant</i> <i>Active End Date:</i> <i>06/30/2021</i>	Students are considered non-compliant when they are three months, but no older than 59 months old, and they had not received any doses of the HIB vaccine.
