Report editor field descriptions

Field	Description
Start Date	Enrollment records on and after this date are eligible for reporting. Dates can be entered in *mmddyy* format or selected using the calendar icon.
End Date	Last date used to return data. Dates can be entered in *mmddyy* format or selected using the calendar icon.

Field	Description
Run Date	Populates the Submission date field and special education status. It is used for calculations in the State Eligibility field of the extract (with a default value of the current date).
Special Services Date	Used to determine a student's FRAM, migrant, or foreign exchange status date.
EL Exempt Date	Date used to determine which reports are in the EL Exempt field. To report Y in the EL Exempt field, the student's most recent EL Identified date must be after the EL Exempt Date entered here.
Non-Public End Date	Date used to populate data in the extract for some students.
Exclude Cross-Site Data	Cross-site section enrollment data is **not** included in the report when checked. • Cross-site enrollment functionality must be enabled at the district level for the checkbox to display. • Defaults to checked.
First Day of School Date	Used for Pre-K Tier Status and Federal Poverty Level calculations.
Non-Public End Status	Used to help calculate the Exit Status and Exit Code fields.
Ad Hoc Filter	Select an Ad Hoc filter to limit report results to those students who meet the filter requirements.
Format	Determines how the report is generated: • Text (State Format) • Comma Separated (CSV) • HTML
Select Calendars	Select the calendar of enrollment from which to pull student data.
Report Generation	The report can be generated immediately using the **Generate Extract** button or later using the **Submit to Batch** button. See the Batch Queue article for additional guidance.
