September 30th Attendance and Enrollment Extract Editor

Report Logic

- Reports all students enrolled from the beginning of the school year to the End Date entered on the extract editor (assumed to be the last school day of September).
 - All Primary, Partial, and Special Ed Services enrollment types are reported.
 - If an enrollment is tied to a school with a school type of '99', the student's resident school field on the enrollment must NOT be null.

- Records do not report for students connected to any of the following **excludes**:
 - Enrollment
 - Grade Level
 - Calendar
 - Summer School Calendar
- When students have multiple enrollments in the same calendar, a separate record reports for each enrollment in the calendar before the report end date.
- June 1 YYYY of the beginning school year is the date used when calculating a 2 year threshold.

Report Editor

| Field | Description |
|---------------------------------|---|
| Start Date | Enrollment records on and after this date are eligible for reporting. Dates can be entered in <i>mmdyy</i> format or use the calendar icon to select a date. |
| End Date | Last date used to return data. Dates can be entered in <i>mmdyy</i> format or use the calendar icon to select a date. |
| Run Date | Populates the Submission date field and special education status. It is used for calculation in the State Eligibility field in the extract (default value is the current date). |
| Special Services Date | Used to determine a student's FRAM, migrant, or foreign exchange status date. |
