Tool Search: Enrollments

The Enrollments tool displays all current and historical occurrences of a student's enrollment in a district.

By default, enrollment records are listed first by grade level, then by enrollment start date. To reorder the list of enrollments, click the blue hyper-linked headers in the Enrollments Editor list. The list of enrollments can be sorted by Grade, Calendar, Start Date or End Date.

See the core [Enrollments](#) article for information on necessary tool rights, available Ad hoc fields, and guidance on adding and printing Enrollment records.
