Extract Editor Field Descriptions

| Field | Description |
|---------------------|--|
| Extract Type | Select which SIRS Extract to be run from the Extract Type dropdown list. Options are listed in the following SIRS Extracts table. |

| Field | Description |
|--|---|
| Format | The Format in which the report should generate. Options are State Format (CSV) and HTML. Use State Format for reporting information to the state and the other types for data review and verification. |
| Column Headers | Indicates whether Column Headers should be included in the report. This dropdown list applies to State Format (CSV). |
| Generate Extract/ Submit to Batch | Users have the option of submitting a report request to the batch queue by clicking Submit to Batch instead of immediately generating the report by clicking Generate Extract . The batch process allows larger reports to generate in the background without disrupting the use of Campus. For more information about submitting a report to the batch queue, see the Batch Queue article. |
| Select Calendars | Identifies which Calendar(s) should be included in the report. Calendars can be sorted by active year, by school or by year. |
