Extract Editor Field Descriptions | Location Marking Period Code Extract Layout

Tool Search: SIRS Extract

The SIRS Location Marking Period Code extract defines the marking period code, term code, start date, and end date for each marking period offered at each location in your district.

Extract Editor Field Descriptions

Field	Description
Extract Type	Select which SIRS Extract to be run from the Extract Type dropdown list. Options are listed in the following <u>SIRS Extracts</u> table.

Field	Description
Format	The Format in which the report should generate. Options are State Format (CSV) and HTML. Use State Format for reporting information to the state and the other types for data review and verification.
Column Headers	Indicates whether Column Headers should be included in the report. This dropdown list applies to State Format (CSV).
Generate Extract/ Submit to Batch	Users have the option of submitting a report request to the batch queue by clicking Submit to Batch instead of immediately generating the report by clicking Generate Extract . The batch process allows larger reports to generate in the background without disrupting the use of Campus. For more information about submitting a report to the batch queue, see the <u>Batch Queue</u> article.
Select Calendars	Identifies which Calendar(s) should be included in the report. Calendars can be sorted by active year, by school or by year.

Location Marking Period Code Extract Layout

Element	Description	Location
District Code	The code that identifies the district and its schools for reporting purposes. Reports the District Number Override when populated. When null and: • When the School Type contains a 1 in the value field in the data dictionary, the prefix "NY" is added to the first 6 digits of the BEDS Code. • When the School Type does not contain a 1 in the value field in the data dictionary, a value of 8 plus the last 7 digits of the State	System Administration > Resources > District Information > State District Number district.number
	District Number report. Alphanumeric, 8 characters
