Tool Search: Class Rank

The Class Rank Report tool calculates students' class rank based on transcripted grades. Class rank is calculated from the GPA Value, GPA Weight, and Bonus Points (if applicable) from the courses posted to the transcript. Grades that have not been posted to students' transcripts are not considered.

Class Rank Report Editor

See the [Grading & Standards Reports](#) Tool Rights article for the tool right needed to generate this report.

Report Logic

A Year and School should be selected in the Campus Toolbar to generate this report. These selections control the Grade options in the report editor and the year that must be entered in the Date field.

The **Number of Significant GPA Decimal Places** [System Preference](#) determines the number of decimal places the Cumulative GPA columns display.

See the [GPA Calculations in Campus](#) article for details on the GPA calculations.

Report Editor

Field	Description
Student Selection	Select students for this report by choosing their Grade level of enrollment and their **Enrollment Effective Date**. The entered date returns students who were enrolled as of the entered date. The field defaults to the current date, but it can be changed by entering a new date in *mmddyy* format or using the calendar icon to select a new date.
GPA Calculation	This field lists available custom GPA calculations associated with the calendar. If no Custom GPAs are associated with the chosen calendar, use the Campus Cumulative GPA option.
GPA Calculation Type	The type of GPA calculation: • Weighted GPA • Unweighted GPA • Weighted GPA with Bonus Points • Unweighted GPA with Bonus Points See the Campus GPA Calculations article for more information. If a Custom GPA Calculation is selected, this field is not available.
Sort Option	Sort the report by: • Student Name (Last Name, First Name) • Class Rank
Report Format	Indicates how the report is generated: • PDF • DOCX

Generate the Class Rank Report

1. Select which **Grade** should appear in the report.
2. Enter an **Enrollment Effective Date** in *mmddyyyy* format or by clicking the calendar icon and selecting a date. Only students whose enrollments are active on this date will appear in the report.
3. Select the desired **GPA Calculation**.
4. Select the desired **GPA Calculation Type**.
5. Indicate how the report should be sorted, alphabetically by **Student Name** or numerically by **Rank**.
6. Select the desired **Report Format**.
7. Click **Generate Report**.

The Total Grade Points column always reports to three decimal points. The Highest/Lowest GPA information in the report header does not include excluded students.
