Tool Search: Extended Learning (ELO)

An Extended Learning Opportunity is a credit-bearing learning experience that takes place outside the traditional classroom. Use the Extended Learning (ELO) tab to track a student's Extended Learning Opportunities. This tab allows you to add, edit, or delete ELO student records. You may also print a summary of all ELO records for the selected student.

Click **New** to create an ELO record. You may add as many ELO records as necessary for each student.

The screenshot displays the 'Extended Learning (ELO)' interface for a student named 'Testing, Alyson 1 (AI)'. The student's grade is 'PK' and their date of birth is '03/01/2019'. The interface includes a navigation breadcrumb: 'Student Information > State Programs > Extended Learning (ELO)'. A toolbar at the top offers actions: 'New', 'Save', 'Delete', 'Print Summary Report', and 'Documents'. Below the toolbar is a table with columns for 'Start Date', 'End Date', and 'Service Indicator'. A detailed form for adding or editing an ELO record is shown below the table, featuring fields for:
