Ed-Fi v2.0 - Programs Resource Preferences [.2231 - .2327]

Last Modified on 05/14/2025 10:02 am CDT

Classic View: System Administration > Ed-Fi

Search Terms: Ed-Fi

The Ed-Fi Configuration tool is used to establish Ed-Fi data resources.

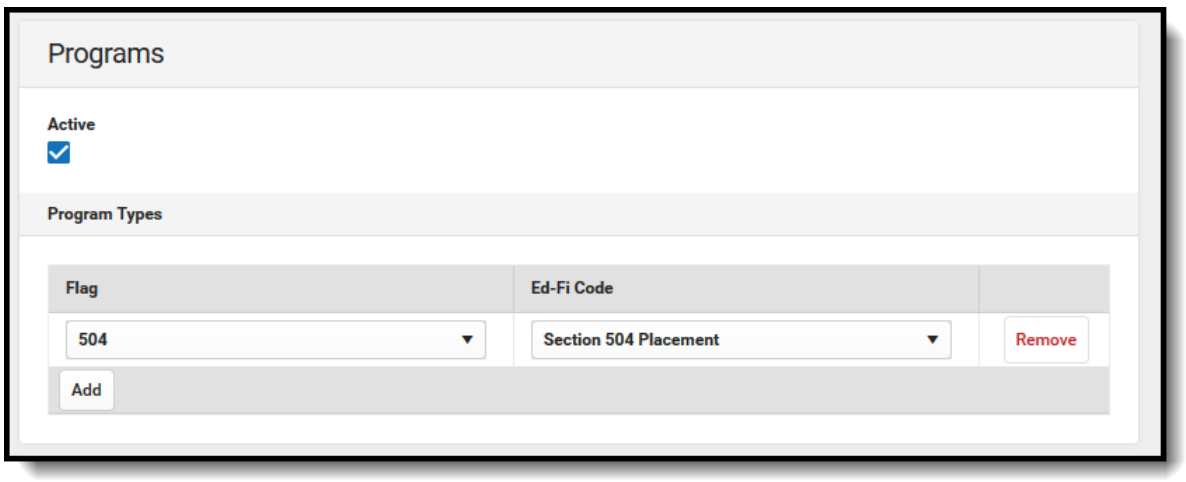
The following describes how to set the resource preferences for the Programs resource. If the Configure or Edit button do not display, then the resource does not need to be mapped and the toggle button can be used to turn the resource on or off.

If a mapping is changed, a resync must be performed on the resource in order for the new mappings to send correctly.

1. Select the appropriate **Ed-Fi Code** for the Program Types. Preferences for additional Programs can be added by using the **Add button.** Programs can be removed by selecting the **Remove** button.

   Any item not mapped will not report to Ed-Fi.

Program Types	
UI Location	Student Information > Program Participation> English Learners Or Program Admin > Flags > Name Or Special Education > IEP



2. Click **Save.**
