Ed-Fi v3.X - Post Graduate Activity Resource Preferences

Last Modified on 12/14/2025 8:45 pm CST

Tool Search: Ed-Fi Configuration

The Ed-Fi Configuration tool is used to establish Ed-Fi data resources.

The following describes how to set the resource preferences for the Post Graduate Activity resource. If the Configure or Edit buttons do not display, then the resource does not need to be mapped and the toggle button can be used to turn the resource on or off.

> If a mapping is changed, a resync must be performed on the resource in order for the new mappings to send correctly.

1. Select the appropriate **Ed-Fi Code** for the Post Graduate Activity Descriptors.

> Any item not mapped will not report to Ed-Fi.

Graduation Post Plans	
Attribute Dictionary	System Administration > Custom > Attribute Dictionary > Graduation > Post Grad Plans
UI Location	Student Information > General > Graduation> Post Grad Plans

Graduation Post Plans

2. Select the appropriate **Ed-Fi Code** for the Post Graduate Activity Determination Descriptors.

Graduation Post Grad Activity Determination	
Attribute Dictionary	System Administration > Custom > Attribute Dictionary > Graduation > Post Grad Activity Determination
UI Location	Student Information > General > Graduation> Post Grad Activity Determination

Post Graduate Activity Determination Descriptors

3. Click **Save.**
