Ed-Fi v3.X - Student Special Education Program Association Resource Preferences

Last Modified on 12/14/2025 8:45 pm CST

Tool Search: Ed-Fi Configuration

The Ed-Fi Configuration tool is used to establish Ed-Fi data resources.

State Specific Information: [Nebraska](#)

The following describes how to set the resource preferences for the Student Special Education Program Association resource. If the Configure or Edit buttons do not display, then the resource does not need to be mapped and the toggle button can be used to turn the resource on or off.

If a mapping is changed, a resync must be performed on the resource in order for the new mappings to send correctly. Any item not mapped will not report to Ed-Fi.

1. Select the appropriate **Ed-Fi Code** for the Student Special Education Program Association Descriptors.

   Mappings listed below are for Core Ed-Fi. Specific mappings may vary by state. State specific mappings can be found by clicking the appropriate state link at the top of the page.

Enrollment Special Ed Setting Descriptors	
Attribute Dictionary	System Administration > Custom > Attribute Dictionary > Enrollment > Special Ed Setting
UI Location	Student Information > General > Enrollments > Special Ed Fields > Special Ed Setting or from an IEP org state reporting SPED tab.

Student Special Education Program Associations
