Tool Search: Ed-Fi Configuration

The Ed-Fi Configuration tool is used to establish Ed-Fi data resources.

The following describes how to enable the Student Section Association resource for Ed-Fi reporting.

Mappings listed below are for Core Ed-Fi. Specific mappings may vary by state. State specific mappings can be found by clicking the appropriate state link at the top of the page.

1. Set the Student Section Association preference to **ON**.

The screenshot displays the 'Student Section Resource Preferences' interface. At the top, there is a 'Schedule Information' header with a toggle switch set to 'OFF'. Below this, a list of resources is shown, each with a toggle switch and an 'Edit' button. The 'Student Section Associations' resource is highlighted with a red rectangular box, and its toggle switch is set to 'ON'. The other resources listed are Calendar Dates, Class Periods, Course Offerings, Courses, Locations, Sections, Sessions, and Staff Section Associations, all of which have their toggle switches set to 'ON'.
