## Vacant Locker

Last Modified on 03/11/2024 8:45 am CDT

## Report Editor | Generate the Vacant Locker Report

Tool Search: Vacant Locker Report

The Vacant Locker Report generates a list of lockers that are currently not assigned to students based on the selected Locker Type, Locker Location and entered Effective Date.

Vacant Locker Report

## Report Editor

The following options are available for selection.

| Option | Description |
| :--- | :--- |
| Would you <br> like to filter <br> by Locker <br> Type? | Selection indicates which locker type(s) are included in the report. Choose a <br> specific locker type, or leave the selection blank to include ALL locker types in <br> the report. <br> Locker Types are created in the Custom Attribute/Dictionary, on which to <br> report. |
| Would you <br> like to filter <br> by Locker <br> Location | Selection indicates which locker locations are included in the report. Choose a <br> specific locker location, or leave the selection blank to include ALL locker <br> locations in the report. |

## Option

What effective date would you like to use?

## Generate the Vacant Locker Report

1. Select the Type of locker from the dropdown list to display on the report.
2. Select the Location of the lockers from the dropdown list to display on the report.
3. Enter an Effective Date for the report. Any lockers vacant on this date will be included within the report.
4. Select the desired Report Format.
5. Click Print Report. The report will display in an Adobe (PDF) document, listing all vacant lockers for the selected options.
