Tool Search: Fees

The Household Fees tool displays fees transactions for all members of a household, including fee assignments, payments and adjustments.

If the household has reached the [maximum fee](#) amount established by the school and/or district, that will be noted in the Fees Editor.

If a school or district has a [household maximum](#) set, individuals' fees should be managed here, on the Household Fees tool.

Deposits cannot be made in the Household Fees tool. Deposits can be made in [Student Fees](#) or [Person Fees](#); however, surplus values do appear in the Household Fees Editor.

Household Fees Logic

Fees are not directly tied to a calendar: if fees remain unpaid from a previous year, they will appear in the **Unpaid Fees** amount. However, the calendar selected in the Campus Toolbar controls the calendar in which the fee is assigned.

Inactive students with previous enrollments can pay old, unpaid fees and students with future enrollments can pay unpaid fees on future calendars using [Online Payments](#).

Fees are assigned to a person and are not dependent on an enrollment. Therefore, the fees listed for a person can include fees assigned by other schools.

Calendar rights are enforced when assigning fees to individuals. Users will only be able to select fees that are created for a school to which they have rights. Fees created for use by all schools in the district will also display.

Primary vs. Secondary Households

When managing fees for students who belong to multiple households, or for blended households which include students with primary and secondary memberships in the household, the following items should be considered:

- Only members indicated as primary can be assigned fees in the Household Fees editor.
- Only fees assigned to members indicated as primary will calculate towards the Household [Fee Maximum](#).
- If a student has primary household memberships in two households, the Household Fee Max does **NOT** apply for any person in the household. However, the Student Fee Max (if set) does apply to all students in the household.

Fees Editor

The Fees Editor itemizes all fees assigned to each member of a household, including totals of how much was charged, how much was paid and the remaining debt or surplus. The following table describes all of the columns found in the Fee Editor.

The following table describes all of the columns found in the Household Fees Editor.

Field	Description
Unpaid Fees	The total amount that needs to be paid.
Surplus	If more has been paid than has been charged, a positive value appears and indicates the surplus amount available to be applied to later fees. Even after Surplus money is applied to other fees or refunded, you can see deposit and withdrawal details in the Surplus table. The Auto-pay Fees with Surplus Balance District Preference automatically pays any fee from the Surplus.

Field	Description																										
Balance	The Balance is the net of all debits minus all credits. A negative account balance indicates the account holder has funds available to pay unpaid fees, while a positive balance indicates the account holder owes money.																										
Years to Print	The years for which you want to print a Fee Billing Statement for the household .																										
Year	The year in which the fees were assigned.																										
Household Max Student Max	<p>The Fee Maximums tool sets a cap on the amount of fees a family pays for a school year. This cap can be set for just student fees (applies to fees listed on the Student Fees tool), for just household fees (applies to fees listed on the Household Fees tool) or both. The fee maximums defined in the Fee Maximums tool display.</p> <ul style="list-style-type: none">Only fees assigned to members indicated as primary will calculate towards the Household Fee Maximum.If a student has primary household memberships in two households, the Household Fee Max does NOT apply for any person in the household. Balance	Indicates the amount remaining to be paid.																										
Description	For gray rows, this column includes a description of the fee, such as "Athletic Shorts" or "Summer School Tuition." For white rows, this column indicates what kind of transaction was performed, either a Payment or an Adjustment. Information about individual fees can be expanded and collapsed by clicking the + or - sign next to the Fee Description.																										

Field	Description
Type	For gray rows, this column includes the category of the fee, such as "Gym Uniforms" or "Registration." For white rows, this column indicates where the Payment was made, such as "In Office" or "Online."
Date	Applies to Payments and Adjustments, indicating when the transaction took place.
Exempt	Indicates if a fee is considered exempt and therefore does not need to be paid. If a Student or Household Fee Maximum has been reached, the word Exempt displays in parenthesis next to the fee.
Debit	The original amount of the fee.
Credit	Applies to Payments and Adjustments, indicating the amount that was deducted, through either payment or removal because of an adjustment.

The Fee Billing Statement generates in a PDF format that can be printed, folded, and mailed to the household's primary address. Beside the address appears a summary of information about the individual and a list of totals, including the number and value of all fees incurred, the district-determined fee maximum if applicable and the total amount paid. The Balance Due follows this list, in larger font and underlined.

The Fee detail section lists the fees assessed to the person, the due date, the fee amount and any adjustments or payments that have been made. The total balance due appears at the end of the list.
