Payments (Households)

Last Modified on 08/04/2026 3:31 pm CDT

Tool Search: Household Payments

The Household Payments tool allows you to enable household members' access to online payments. When this toggle is turned on, the person sees the Payments area on the portal.

If you disable Online Payments, recurring payments set up by that person are automatically stopped.

Household members will only display on the Payments tab if they have registered a payment method on the Portal.

Household Payments

See the Household Fees/Household Payments Tool Rights article for information about rights needed to use this tool.
