Tool Search: Household Payments

The Household Payments tool allows you to enable household members' access to [online payments](#). When this toggle is turned on, the person does sees the [Payments](#) area on the portal.

If you disable Online Payments, [recurring payments](#) set up by that person are automatically stopped.

Household members will only display on the Payments tab if they have [registered a payment method on the Portal](#).

The screenshot shows the 'Household Payments' configuration page for a household. At the top, it displays 'Household Payments ☆' and a breadcrumb trail: 'Census > Households > Household Payments'. Below this, the household name 'Abegg' and ID '1694' are shown, along with the phone number '(651)555-1694'. A 'Related Tools ^' button is visible in the top right corner. The main section is titled 'Enable Online Payment Account For:' and contains five entries, each with a toggle switch and a name: 'Abegg, Colton', 'Abegg, Glissa-Jean A', 'Abegg, Ryo W', 'Abegg, Harrison', and 'Abegg, Lillian'. All five toggle switches are currently turned 'ON'.
