Totals in the report describe the amount of time students are served and are aggregated from student special education documents.

Report Logic

Data is reported from any plan (IEP, PLP, etc.) in any Learning Plan area where services are added to a student's plan document.

- Indirect hours, in the Service column, are the sum of all indirect hours of this service offered to all students within the preset date range.
- Direct hours, in the Service column, are the sum of all direct hours of this service offered to all students within the preset date range.
