

Error Log - Synchronization and Messaging

Last Modified on 06/10/2025 9:27 am CDT

Tool Search: Error Log

The Error Log tool may be used by district and/or state system administrators to view recent activity and errors related to synchronization and messaging.

The **Filter** field of the Error Log has two settings:

- **All Entries** - Displays all log entries related to synchronization and messaging within the system.
- **DIS/ZIS Server Entries Only** - Displays only the log entries of the data interchange server.
