Tool Search: CALPADS Postsecondary Status Summary

The CALPADS Postsecondary Status Summary allows districts to submit data about student employment and/or educational status the year after completing secondary education (graduates from the prior academic year). This information is collected for any student who was part of and completed a CTE Program or was participating in the California Partnership Academy Program (State Code 113).

CALPADS Postsecondary Status Summary

The Postsecondary Status file is used to submit data about employment and educational status after completing secondary education in the prior academic year. This information is collected for any students who: were part of a CTE program and completed it or were participating in the California Partnership Academy Program (state code 113).

Report needs to be run in the previous year calendar. Ex. To submit records for the 19-20 year, report needs to be run in the 18-19 calendars. Students who have ended enrollments and were completors of CTE programs or be assigned to a program with state code 113.

Report Logic

Students are included in the report when:

- The student is no longer an active student, meaning the student's enrollment record for the selected calendar has an End Date and an Enrollment Status indicating no longer a student.
- The student's Enrollment End Status for the reporting year is one of the following:
 - 100

- 120
- 250
- 320
- 330
- 360
- The student was part of a CTE Program OR was assigned a Program/Flag with a State Code of 113 - Educational Options: CA Partnership Academy.
- The student's CTE record has a Pathway Completion Date.
- The student must have a value in the [Postsecondary Status Code](#) in the State Reporting Graduation Fields editor. One record report for each Postsecondary Status Code assigned to the student.

Validate PSTS Data

Use the [Data Validation Report](#) to correct any student data prior to the submitting the CALPADS file to the state. Validation Groups and Validation Rules are provided by Infinite Campus for a specific CALPADS extract (listed below). These groups are used to return certain rules assigned to each group.

Instructions

The Data Validation Report returns results from the Data Validation Group selected. The Summary section includes the number of occurrences for each Data Validation Rule; if a Baseline Rule is used its Total population will be returned along with the Rate of the primary Rule compared against the Baseline Rule. State Owned Data Validation Groups can be run against the State Dataset via DIS.

Field	Description
Transaction Type	Indicates the type of transaction that will occur - Add/Update or Delete.
Format	Determines how the report will generate. Select State Format (Caret Delimited) if submitting records to the state. Other formats available for testing and review purposes are CSV and HTML.

Field	Description
Ad hoc Filter	Select which students to include in the extract by choosing a filter that was created in the Filter Designer.
Calendar Selection	Select the calendar of enrollment from which to pull student data. Calendars can be chosen by the active year, by the school name or by the year.
Report Generation Options	Choose the Generate Extract to display the results of the chosen items immediately. Choose the Submit to Batch option to generate the report at a specified time. This option is helpful when generating large amounts of data.

Generate the Extract

1. Select the **Transaction Type** from the dropdown list - Add/Update or Delete.
2. Select the **Format** of the file.
3. Use the **Ad hoc Filter** to select students already included in a filter. This is not required. If not chosen, all students who have the appropriate enrollment start or end status during the entered date range are included.
4. Select the **Calendars** to include in the file.
5. Click the **Generate Extract** button. Or generate the extract at a specified time using the **Submit to Batch** button. The file appears in a new window in the selected format.
