

OLR Information Center

Last Modified on 10/21/2024 8:22 am CDT

[Kiosk and Email Links](#) | [Potential Problems](#)

This documentation applies to both versions of Online Registration.

Tool Search: OLR Information Center

The OLR Information Center provides the links for Online Registration on a kiosk and links that can be sent via email. The Potential Problems section lists areas that could lead to issues.

What do I need to know?

Kiosk Link (No Email) For This Configuration

<https://b4856830-cmb001.infinitecampus.com/campus/OLRLoginKiosk/MN?configGroupID=1>

Email Link

<https://b4856830-cmb001.infinitecampus.com/campus/OLRLogin/MN>

Email Link For This Configuration

<https://b4856830-cmb001.infinitecampus.com/campus/OLRLogin/MN?configGroupID=1>

Visiting these links will log you out of campus.

Potential Problems

Items listed in **red** are problems that will block parents/guardians from starting or completing OLR forms and should be addressed immediately. These are never valid configurations. Items listed in **yellow** are problems that won't stop a parent/guardian from starting or completing an OLR form but generally indicate that there is a configuration issue. Items listed in **blue** are minor issues that often indicate an issue in how OLR is configured, but can be valid in certain circumstances. Click '+' to get more information on how to resolve the problem.

Languages have unset languageTags	+
Unmapped language definitions exist	+
Document Upload is disabled Campus wide, but document upload buttons are enabled in OLR.	+

OLR Information Center

Kiosk and Email Links

The OLR Information Center provides the links for Online Registration.

Tip: Hover your mouse over any URL to quickly copy the link to your clipboard.

Kiosk Links

The kiosk links are used for new parents (and on rare occasions, existing parents who don't have internet) who need to come into school or the district's central office to complete the online registration on a district computer.

The top kiosk link, **Kiosk Link (No Email)**, allows parents to choose from Configurations that are open based on the Configuration's start and end dates.

Configuration * 2020	Kiosk Link (No Email) https://b4856830-cmb001.infinitecampus.com/campus/OLRLoginKiosk/MN	Email Link https://b4856830-cmb001.infinitecampus.com/campus/OLRLogin/MN
	Kiosk Link (No Email) For This Configuration https://b4856830-cmb001.infinitecampus.com/campus/OLRLoginKiosk/MN?configGroupID=1	Email Link For This Configuration https://b4856830-cmb001.infinitecampus.com/campus/OLRLogin/MN?configGroupID=1

The bottom kiosk link, **Kiosk Link (No Email) For this Configuration**, forces parents into the configuration selected on the left. The bottom link changes depending on the configuration you select.

Configuration * 2020	Kiosk Link (No Email) https://b4856830-cmb001.infinitecampus.com/campus/OLRLoginKiosk/MN	Email Link https://b4856830-cmb001.infinitecampus.com/campus/OLRLogin/MN
	Kiosk Link (No Email) For This Configuration https://b4856830-cmb001.infinitecampus.com/campus/OLRLoginKiosk/MN?configGroupID=1	Email Link For This Configuration https://b4856830-cmb001.infinitecampus.com/campus/OLRLogin/MN?configGroupID=1

Email Links

The email link is often located on a district's website for new parents to access or is emailed to new parents when they need to complete a new student application; e.g, a family that is new to the district.

The top email link, **Email Link**, allows parents to choose from Configurations that are open based on the Configuration's start and end dates.

Configuration * 2020	Kiosk Link (No Email) https://b4856830-cmb001.infinitecampus.com/campus/OLRLoginKiosk/MN	Email Link https://b4856830-cmb001.infinitecampus.com/campus/OLRLogin/MN
	Kiosk Link (No Email) For This Configuration https://b4856830-cmb001.infinitecampus.com/campus/OLRLoginKiosk/MN?configGroupID=1	Email Link For This Configuration https://b4856830-cmb001.infinitecampus.com/campus/OLRLogin/MN?configGroupID=1

The bottom email link, **Email Link For this Configuration**, forces parents into the configuration selected on the left. The bottom link changes depending on the configuration you select.

Potential Problems

The Potential Problems section lists areas that could lead to issues for users. Click the **Export to PDF** button at the bottom of the screen to print or save this list.

- Items listed in **red** are problems that will block parents/guardians from starting or completing online registration and should be addressed immediately. These are never valid configurations.
- Items listed in **yellow** are problems that won't stop a parent/guardian from starting or completing an online registration form but generally indicate that there is a configuration issue.
- Items listed in **blue** are minor issues that often indicate an issue in how OLR is configured, but can be valid in certain circumstances.
- Click the expand button '+' to get more information on how to resolve the problem.

Languages have unset languageTags —

System Administration > Data Utilities > Multi-Language Editor > Translation Groups has a language without a language tag. This field is used for automatically translating the portal, and for acceptability purposes.

Unmapped language definitions exist —

Languages defined at System Administration > Data Utilities > Multi Language Editor > Translations Groups do not all have mapped preferred languages. This field allows the use of letters translated through the Ad Hoc Reporting > Letter Designer instead of requiring mapping per language in the OLR status tool (both can coexist without issue, letter designer translations take priority if found). A conversion will be done at a later point in time if this field is set properly, so no action is needed beyond setting the drop list value mentioned above.

Document Upload is disabled Campus wide, but document upload buttons are enabled in OLR. +
