This documentation applies to both versions of Online Registration, with limited functionality for the non-Prime version.

## Tool Search: Online Registration

This document provides information on entering parent/guardian information into an Online Registration application within the Portal. Parents and guardians are those individuals that have legal authority and make decisions on behalf of the student(s). Click the **Add New Parent** button to begin.

# Parent/Guardian Information

Existing Parents/Guardians cannot be removed from an annual update application. Contact the school for guardian changes.

For returning students, the parent/guardian on file displays. If there is information that is missing, the name is highlighted. To make changes and complete the missing fields, click a highlighted parent/guardian. To add a new parent/guardian, click the **Add New Parent/Guardian** button.

The screenshot shows a progress bar at the top with six steps: 1. Student(s) Primary Household (checkmark), 2. Parent/Guardian (yellow exclamation mark), 3. Emergency Contact, 4. Non School-Aged Children, 5. Student, and 6. Completed. Below the progress bar, a note says "\* Indicates a required field".

**Parent/Guardian**

To add a parent click the button below (header).

*Parent/Guardian Impact Aid Pleat*

**How impact aid records will post if all impact aid fields are mapped correctly:**

- If a parent answers "Yes," fills in the appropriate information, and they do not have an existing impact aid record, a new one will be created for them upon posting the application. The start date will either be what they entered, or it will be the post date of the application
- If a parent answers "Yes," fills in the appropriate information, and they do have an existing impact aid record, one of two things will happen:
  - If the information the parent entered is the exact same as the existing impact aid record, no new record will be created.
  - If the information the parent entered is different, the existing record will be end-dated, and a new impact aid record will be created.
- If a parent answers "No," any existing impact aid records will be end-dated. The end date will be the post-date of the application.

In order to pull Impact Aid information into an annual update, you must ensure that you are posting/pulling all information from the parent's Impact Aid record. This includes pulling in the answer to the Yes/No question asking if the parent is an active member of the military.

Data entry for the parent/guardian is complete. The screen will return to the first page of the Parent

entry screens where additional parents/guardians can be entered.

To enter additional parents/guardians, click the **Add New Parent** button. Repeat the instructions noted above. If no further parents/guardians need to be entered, click the **Save/Continue** button.
