# Object Triggering Logic

This table describes logic for triggering syncing of this object.

| Action | Trigger |
|--------|---------|
| Post | When a new enrollment is saved for a student, and there is a SAAP record saved that overlaps the enrollment record.<br>• The SAAP Program record must have either a NULL Schools drop list value, or one that matches the school the enrollment is tied to.<br>• When a student has two enrollments in the same School, Calendar & Schedule Structure with the same start date, report from the enrollment service type in the following order:<br>   1. P: Primary Enrollment<br>   2. S: Partial/Ancillary<br>   3. N: Special Ed Services<br>• When an enrollment with a higher priority is deleted, the enrollment with lower priority will post a new record.<br>• Do not send records if the Calendar Exclude check box is checked in the calendar the student is enrolled.<br>• Do not send records if the School Exclude check box is checked in the calendar the student is enrolled.<br>• Do not send a record if the No Show check box is checked.<br>• When a new SAAP record is saved for a student, and there is a reportable enrollment record that overlaps the SAAP record.<br>• When the SAAP record's Start Date or End Date are updated so that they newly overlap a reportable enrollment record.<br>• When the Enrollment record's Start Date or End Date are updated so that they newly longer overlap an SAAP record.<br>• When the SAAP Program record's Schools drop list was previously tied to a different school, but the Schools drop list is updated to point to a new school with which the student has a reportable enrollment.<br>• Do not send records if the Calendar Grade Level "Exclude from State Reporting" checkbox is selected for the grade level to which that student's enrollment is tied. |
| Put | When the start date for an enrollment is changed.<br>• When an enrollment with a lower priority is changed, data will not send.<br>• When an enrollment is updated for a student.<br>• When the SAAP record is updated for a student. |
| Delete | When an enrollment is deleted.<br>• When a student has two enrollments in the same school for the same start date, records with lower priority will not trigger a delete.<br>• When the No Show check box is checked.<br>• When the SAAP record is deleted.<br>• When the SAAP record's Start Date or End Date are updated so that they no longer overlap a reportable enrollment record.<br>• When the Enrollment record's Start Date or End Date are updated so that they no longer overlap an SAAP record.<br>• When the SAAP Program record's Schools drop list is updated so that it no longer matches any of the schools the student is enrolled in during the program record. |
