

MN v3.3 - Calendars Resource Preferences

Last Modified on 04/17/2025 2:13 pm CDT

The Ed-Fi Configuration tool is used to establish Ed-Fi data resources.

The following describes how to set the resource preferences for the Calendars resource. If the Configure or Edit buttons do not display, then the resource does not need to be mapped and the toggle button can be used to turn the resource on or off.

If a mapping is changed, a resync must be performed on the resource in order for the new mappings to send correctly.

Note: Records are not sent if the Calendar Grade Level "Exclude from State Reporting" checkbox is selected for the grade level that the student's enrollment is tied to:

- If one calendar is mapped to another calendar in the Calendars Override Mapping , and any grade levels are shared between the two calendars, the "mapped-to" calendar governs the "Exclude from State Reporting" status.

1. Select the appropriate **Ed-Fi Code** for the Calendar Types.

Any item not mapped will not report to Ed-Fi.

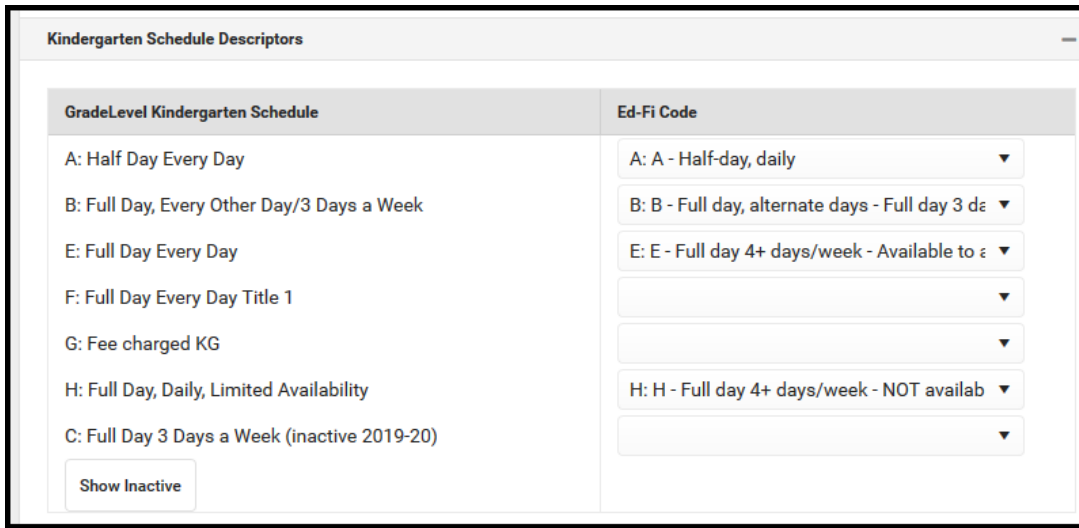

Calendar Types

Attribute Dictionary	System Settings > Custom Data and Links > Core Attribute Dictionary > Calendar > Type
UI Location	Scheduling & Courses > Calendar Setup > Calendar Information

Calendar Type Descriptors	
Calendar Type	Ed-Fi Code
A: Alternative	School/Grade Characteristics: School/Grade
B: Homebound	School/Grade Characteristics: School/Grade
H: Homeschool	School/Grade Characteristics: School/Grade
I: Instructional	School/Grade Characteristics: School/Grade
O: Other	School/Grade Characteristics: School/Grade
R: Residential	School/Grade Characteristics: School/Grade
S: Summer School	School/Grade Characteristics: School/Grade
X: Outside District	School/Grade Characteristics: School/Grade

2. Select the appropriate **Ed-Fi Code** for the Kindergarten Schedule Descriptors.

Grade Level Kindergarten Schedule	
Attribute Dictionary	System Settings > Custom Data and Links > Core Attribute Dictionary > Grade Level > Kindergarten Schedule
UI Location	Scheduling & Courses > Calendar Setup > Calendar Information > Grade Level Setup > Kindergarten Schedule

3. The Calendars Override Mapping tool allows districts to identify specific Calendar/Schedules that they want an Infinite Campus Calendar to report as. Selecting an override value in any of the droplists only sends an Ed-Fi Calendars record generated from the Infinite Campus calendar selected in the droplist. Any Student School Association records for students enrolled in the selected Infinite Campus calendar will be tied to that same Ed-Fi Calendars record. Only map a calendar to another calendar if they are both tied to the same school.

Field	Description
School	Used to filter by school.
Calendars	Used to filter by calendar.
Schedule Structures	Used to filter by schedule structure.
Override to report as:	Indicates the Infinite Campus calendar that will be used as the override.
Fill	Inserts the Infinite Campus calendar selected in the Override to report as: field into all schools.

4. Click **Save**.
