This documentation applies to both versions of [Online Registration](#).

Tool Search: Staff Processing

The Online Registration Staff Processing tool provides a way for district staff to review the applications that are entered using Online Registration.

After a parent or guardian submits an Online Registration application, the designated staff person (counselor, front office staff, etc.) can begin processing the application. You can review applications by status, first name/last name of the person who entered the registration, application number (assigned when the application is submitted), or an email address of the person who entered the registration.

Search fields display on the **Online Registration Search** tool and search results display on the **Search Results** tool.

Important Information About this Tool

- Staff can only search for applications associated with the calendar rights assigned to them (when the [Disable Calendar Filter for Staff Processing](#) checkbox is not marked). For example, a user who has rights to the Middle School and not to the High School can only view and approve applications for students at the Middle School.
- When you change the status of an application, the parent/guardian receives an email.
- If there are multiple students on a family application, the school that is first to process the application with a student in their school approves the entire family OLR application.
- Applications submitted by staff are **NOT** uploaded to Census > Person Documents even if the **Upload submitted receipt on application post** option is selected in the [OLR System Settings](#).
- After approving and posting an application for a new family, you must create enrollment

records.

- Tool rights can impact which options display. See the [Online Registration Tool Rights](#) documentation for additional information.

Search for Applications

▶ [Click here to expand...](#)

1. Use the field descriptions found below in the **Search Field Descriptions** section to complete the fields on the Online Registration Search screen.

Tip: Mark the **Include unsubmitted applications checkbox** to include applications that the parent/guardian may still have in progress.

2. Click **Search Applications**.

Result: The Search Results tool displays with a list of applications matching the search results.

3. Select the application you want to process from the **Online Registration Applications**.

Result: The names of the student(s) in the application display at the top in the **Student** section.

The screenshot shows the 'Search Results' tab of the 'Online Registration Search' tool. It features two main sections: 'STUDENT' and 'ONLINE REGISTRATION APPLICATIONS'. The 'STUDENT' section contains a table with columns for Last Name, First Name, Middle, and DOB. Three rows are listed, all with the last name 'Hagmeyer'. The 'ONLINE REGISTRATION APPLICATIONS' section contains a table with columns for App#, Name, and Status. Two rows are listed, with the first row for 'Hagmeyer, Charlee' and status 'Submitted-Existing'. A red box highlights the three student rows and the first application row. A red arrow points from the 'Name' column of the application table up to the 'First Name' column of the student table, indicating that the application name is derived from the student's first name.

Review an Application

The Review process allows you to approve, hold, or deny an application.

1. [Search for the application](#) you want to review.

Tip: Make sure the names of the student(s) in the application display at the top in the **Student** section.

2. Click **Review Applications** in the action bar.

Result: A new browser window displays the application.

▶ [Click here to expand...](#)

3. Review each section of the application by clicking the buttons at the top of the screen.

See the [Guidance for Approving an Application](#) section that follows these instructions for more information about each section.

- Use the **Save/Continue** buttons at the bottom of each area to move to the next section on the same screen.

- Eliminate any duplication or data re-entry by linking or unlinking the people and addresses in the application. You can use the following options to correct mistakes on the application.

Option	Description
Override Household ID	Allows you to link an existing application for the same household. ▶ Click here to expand...
Link Address	An address may need to be linked when the address on the application is not linked to an address in Campus, when the address is linked to an address in Campus but another household is living in that location, or the address is linked to to the wrong address in Campus.
Link Person Records	This option allows you to link people in the application to people that already exist in Campus.

4. Select the appropriate **Application Status** from the dropdown list: **Approved, Hold** or **Denied**.
5. Enter any comments related to the processing of this application; e.g., who approved it and when.
6. When the Application Status is Approved, click **Save and Post**, or when the Application Status is Hold or Denied, click **Save**.

Submit an Application on Behalf of the Parent/Guardian

Applications submitted by staff are **NOT** uploaded to Census > Person Documents even if the **Upload submitted receipt on application post** option is selected in the [OLR System Settings](#).

1. [Search for the application](#) you want to submit by marking the **Include unsubmitted application** checkbox on the Online Registration Search tool.

2. Select the application you want to submit then click **Review Applications** in the action bar. A new browser window displays the application.
3. Review each application section and verify the application is complete.

See the [Guidance for Approving an Application](#) section that follows these instructions for more information about each section. When the button for each section of the application is green and has a checkmark, the application is ready to be approved.

4. Click the **Submit Application on Behalf of Parent/Guardian** button on the **Review** editor. The Staff Approval editor displays.
5. Select the appropriate **Application Status** from the dropdown list: **Approved, Hold or Denied**.
6. Enter any comments related to the processing of this application; e.g., who approved it and when.
7. When the Application Status is Approved, click **Save and Post**, or when the Application Status is Hold or Denied, click **Save**.

Result: When the application is marked as Approved, an Application Summary receipt link displays. Click this option to view the entered application in PDF form.

After approving and posting the application for a new family, you must create enrollment records. For existing families, no further action is needed.

Delete an Application

1. [Search for the application](#) you want to delete.
Tip: Make sure the names of the student(s) in the application display at the top in the **Student** section.
2. Click **Delete Application** in the action bar. A confirmation window displays.
3. Click **Delete Application**.
Result: Campus deletes the application and a confirmation message displays.

Unsubmit an Application

This option changes the status of the application from **Submitted** to Not Submitted. This removes the selected application from the list and allows the parent/guardian to make additional changes.

1. [Search for the application](#) you want to unsubmit.
Tip: Make sure the names of the student(s) in the application display at the top in the **Student** section.
2. Click **Unsubmit Application** in the action bar. A confirmation window displays.
3. Click **Unsubmit Application**. Campus removes the selected application from the list and allows the parent/guardian to make additional changes.

Update an Application

Applications that have been posted cannot be updated.

This option allows the addition of another student in the same household that was not initially included when the application was submitted. This option also allows any type of census record (parent record, etc.) and adds it to the application. Mark the checkbox to add the student to the application.

1. [Search for the application](#) you want to update.
Tip: Make sure the names of the student(s) in the application display at the top in the **Student** section.
2. Click **Update Application** in the action bar. A new browser window displays.

OLR Person Import Tool

This tool will pull all Students, Parent/Guardians, and Emergency Contacts into the selected OLR application that currently qualify to be included in the OLR application but are not currently included.

If no people appear in the list below, then this OLR application already contains all Students, Parent/Guardians, and Emergency Contacts that qualify to be included, and this tool cannot be used for this application.

WARNING: This tool will re-pull all data for fields set up in the OLR Builder tool to pull data from Campus. All OLR data for such fields will be deleted and replaced with the corresponding Campus values for this OLR application.

Person Name	Person Type	Grade	Student Number
Anne Brown	Student	6	123456789

3. Click **Update Registration**. The application displays and you can view and print the application or submit the application on behalf of the parent/guardian.

Print an Application

This option displays a PDF of the submitted application.

1. [Search for the application](#) you want to print.
Tip: Make sure the names of the student(s) in the application display at the top in the **Student** section.
2. Click **Print Applications** in the action bar. A PDF of the application displays. The following image is an example of the PDF file.

Mark Batch Applications

This option changes the status of an application to Batch. Applications with the status of Batch can be posted en masse.

The **Mark Batch Applications** option applies to all schools within the district.

To be selected for batch posting, the application must meet the following criteria.

- The application must be in one of the following statuses:
 - Submitted-New
 - Submitted-New Student
 - Submitted-Existing
 - Submitted-Existing with New Students
- No new person records in any section.
- No students moved from the other household members section.
- All people in the application must be linked to existing Campus personIDs.
- No Parent/Guardians or Emergency Contacts added to or removed from the household.
- No changes in Guardian relationships for any students in the OLR application.

- All addresses in the application must be linked to existing Campus addressIDs; i.e., there cannot be any new addresses in the application.
- There cannot be any secondary addresses in the application.
- Either the [OLR System Setting](#) to allow batch posting applications with new medical information must be enabled or every student in the application must have the **No Medication** and **No Medical Conditions** checkboxes marked.

Click **Mark Batch Applications** in the action bar. The Search Results tool displays and the batch Status for matching applications displays as **Batch**.
