Report Language Groups

Last Modified on 10/29/2026 7:55 am CDT

This tool is available with Campus Report Translation Module.

Tool Search: Report Language Groups

The Language Groups tool lists the different languages for which users can provide translations for custom reports. There is no limit to the number of languages that can be translated. Districts are responsible for providing the translations of the text, which are entered in the other tool

Report Language Group Editor and Detail

Language Group Detail

Field	Description
Language Tag *Required*	The name of the language.
Primary Language Code *Required*	The code assigned to the primary language.
Preferred Language Code	The code associated with the language.
Custom Language Code	The custom language code (optional).

Manage Language Groups

Select an existing language group and make any necessary changes. Click **Save Language Group** to save changes or **Delete Language Group** to remove. Click **New Language Group** to create a new language group.

Next Steps

Once Language Groups are created, proceed to the following **Report Multi-Language Editor** tools to add translations:

- Report String Bank
- Grading Tasks
- Standards Bank
- Course Bank
- Score Group Bank
- Canned Comments Bank
- School Comments Bank
- Report Comments Bank
