

Ed-Fi District and School Agency Codes and Keys (Wisconsin)

Last Modified on 06/04/2024 9:05 am CDT

[District Information Editor](#) | [School Editor](#)

Tool Search: District Information

District Information Editor

The Ed-Fi District Number is different than than the State District Number, and displays at the bottom of the District Detail editor. **This field MUST be populated with your district's Agency Key before data will send to Ed-Fi.**

See the table following for a list of [District Agency Codes and Keys](#).

District Information ★ [School & District Settings](#) > [District](#) > [District Information](#)

District data is divided into two areas: District Detail and District History. District History records contain information related to a district that can be tracked historically. By creating a new District History, the new information is tracked as of a specific date while the previous values are preserved. To create a new District History record, select an existing District History and click the New District History button. This will create a new District History record based on the current information, which can be modified as needed and saved.

School Editor

The Ed-Fi School Number is different than the State School Number, and displays below the Standard Code field on the School Detail editor. **This field MUST be populated with your school's Agency Key before data will send to Ed-Fi. This must be done for each school in the district that is sending data to Ed-Fi.**

See the table following for a list of [School Agency Codes and Keys](#).

Ed-Fi School Number

School Agency Codes and Keys

For reference, the Agency Code is the State School Number and the Agency Key is the Ed-Fi School Number.

| School Agency Code | School Agency Key | School Names |
|--------------------|-------------------|---------------------------------|
| 536 | 6948 | 21st Century eSchool |
