| Action | Trigger |
|-------------|---|
| Post | <p>Report a StudentAcademicRecord instance for each school year in which the student has a transcript record and they have a Student School Association record for the scoped year.</p> <ul style="list-style-type: none"> When Term Type cannot be determined on a Transcript record, provide an error with the following message, "Could not identify valid term type for transcript record". We will post to update the Cumulative Earned Credits and Cumulative Attempted Credits fields when the Attempted and Earned Credit fields are updated or a new transcript record is added/deleted with an Attempted/Earned Credit Value that is not null and is greater than 0. Do not send a record if the transcript's score is null. If the 'Current year records only?' checkbox is marked in the Student Academic Records Resource Preferences tool, then only report records for the current year. If Grade Levels to Send have been selected in the Student Academic Records Resource Preferences tool, then only report records for the selected grade levels. If no grade levels are selected, all grade levels will send. |
| Post/Put | <p>When a student is given a Diploma Date and Diploma Type.</p> <ul style="list-style-type: none"> Only post for the records in the Scope Year the Diploma Date is associated. If the student already has SAR records from posted Transcript records, update existing records with the Diploma information. If all of the student's transcript records are deleted, a new SAR will post from the Diploma Record. If the student does not have any SAR records from posted Transcript records, create 1 record with the Term Descriptor that is aligned to the Term that the Diploma Date occurs in. If the Diploma date and/or Diploma Type fields are made NULL, the SAR record will delete. |
| Delete | <p>If records are posted from course transcript records and no Diploma information exists, all Student Academic Records will only delete when a student has only 1 Student School Association record for a specific Year and all Student School Association records are deleted.</p> |
| Delete/Post | <p>If the natural key is changed.</p> <ul style="list-style-type: none"> If a term descriptor mapping changed either in the Sessions Preferences or the Ed-Fi Transcript Term Override. If the Actual Term is changed on a Course Transcript Record and the Ed-Fi Transcript Term Override field is NULL. If the Ed-Fi Transcript Term Descriptor Override mapping is changed . |
