Tool Search: Payments Reporter

The Payments Reporter details all transactions that were completed through the online payment process. With this tool, you can check the status of a specific payment, issue refunds, and revoke transactions.

The screenshot displays the Payments Reporter interface. At the top, there are options for 'Load Template' (Dates, Update, Delete, Show Filters, Reset) and 'Export Type' (CSV, Export). Below these are filters for 'Payment Date' and 'Fund ID'. The main table has the following columns: Payment Date, Payer Name, Payment Method Account, Description, Payment Reference Num., Transaction Status, Return Date, Settlement Date, and Deposit Date. The table is filtered by 'Payment Date: 08/20/2024 01:27 PM'. It shows three transactions under 'Fund ID: Transaction FEES' and one under 'Fund ID: Service FEES'. The bottom of the interface shows a pagination bar with '1' selected and '1 - 100 of 2386 items'.

## Important Information about this Tool

- Campus automatically voids all returned transactions. The original transaction appears with the Returned status and the correcting transaction appears with the Return Void status. Transactions may be returned if the account is not valid or has insufficient funds.
- Transaction fees are never refunded.
- Payments with the Transaction Status **Resolved** can only be refunded if the transaction was resolved by Campus Support. If you need to refund a payment that you manually resolved, contact Campus Support for assistance.
- When a payer makes a purchase for \$0.00, Campus assigns a reference number but a Payment Method does not appear in the report. In addition, Service Fees are not applied when the total is \$0.00.
  - A Deposit Date does not display either unless the zero dollar purchase was purchased with other items for which the payer was charged and the transaction is processed.
- If an E-check fails, it can occur up to 10 business days after settling. If there is a failure, the amount of the E-check is automatically returned.
- Refunds (full or partial) for echecks are not allowed until there is a Settlement Date.
- Refunds for echecks are processed 12 days after the transaction's Payment Date. This ensures funds have cleared before the refund is processed.
- All refunds that are requested between 5:45 p.m. and 6:00 p.m. Eastern Time will not process

until 12:00 a.m. the following day. For example, a refund requested at 5:45 p.m. on September 1st will be processed at 12:00 a.m. on September 2nd. This rule applies to all payment types except for echecks which cannot be processed until 12 days after their transaction's Payment Date.

- If a transaction is disputed, a chargeback or dispute fee is assessed. These can be searched for in the Description column as 'Chargeback' or "Dispute.' When clicked, the Payment Transaction history will appear showing all the fees associated with that transaction.

## About the Deposit Process

Following a payment, the funds are typically deposited into your bank account within three to four business days. This timeframe includes the settlement of the payment, the request for the deposit, and the bank's processing duration. Please note that this period may vary slightly depending on the timing of the payment and Stripe's processing schedule.

The deposit process runs daily before 5:45 PM Eastern Time (ET). The deposit job must complete by 6:00 PM Eastern Time (ET); otherwise, the payment platform moves the request date forward one day to ensure the deposit job has enough time to complete.

The deposit process does not run on weekends (Saturday, Sunday) or holidays.

Step	Description
1	Campus determines your district's account balance. When your district is processing payments, any returns/refunds you process are subtracted from your account balance when they occur. At the end of each business day, Campus calculates the balance and then requests a deposit. If your district's account balance is negative, Campus issues a negative deposit.
2	<p>After determining the balance, Campus combines transactions with the following statuses into a deposit.</p> <ul style="list-style-type: none"> <li>• Completed</li> <li>• Resolved</li> <li>• Returned</li> <li>• Partial returned</li> <li>• Returnvoid</li> <li>• Transactions with a settled date</li> <li>• Transaction Fees</li> </ul> <p>There is a brief delay (up to 1 hour) between the time the deposit request is made and when the deposit is processed by the payment platform.</p>

Step	Description	
3	<b>If the deposit is...</b>	<b>Then...</b>
	Successful	You will see a deposit in your district's bank account. Keep in mind, you may see different deposit dates for one payment reference number since the deposit payment separates transaction line items.
	Not Successful	The deposit is canceled and recalculated the following day.

## Tips for Searching

- You can search for transactions according to their **Payment Date** or **Deposit Date**. Click the **Show Filters** button, then select the option you want to use in the **View By** field and enter the appropriate start and end dates.

This screenshot shows the search filter interface. At the top, there is a 'Load Template' dropdown, a 'New' button, and a 'Hide Filters' button. Below this, the 'View By' dropdown is set to 'Deposit Date'. To the right, there are two date input fields: 'Deposit Start Date' and 'Deposit End Date', both with a calendar icon. The entire filter area is highlighted with a red border.

This screenshot shows the search filter interface. At the top, there is a 'Load Template' dropdown, a 'New' button, and a 'Hide Filters' button. Below this, the 'View By' dropdown is set to 'Payment Date'. To the right, there are two date input fields: 'Payment Start Date' and 'Payment End Date', both with a calendar icon. The 'Payment Start Date' field includes a time component 'hour:...'. The entire filter area is highlighted with a red border.

- To include district payments such as Service Fees in your search, click the **Show Filters** button then toggle **Include District Payments** to *ON*. If you want to see payments made to your school only, set the toggle to *OFF*. This toggle is only available if your system administrator has assigned the appropriate [tool rights](#).

This screenshot shows a close-up of the 'Include District Payments' toggle. The toggle is currently set to 'ON', indicated by a blue circle. Below the toggle, there is a table header with three columns: 'Payment Reference Number', 'Transaction Status', and 'Return Date'.

- If you select All Schools in the School dropdown list, only payments made to the district display. However, you can set the **Include School Payments** toggle to **On** to include payments from all schools in the district.

- Search results are grouped by Fund ID.
  - Select an individual line to see the entire transaction in the Payment Transaction panel.
  - Sort results by Deposit Date and Deposit Amount when trying to perform a bank reconciliation.
- You can sort the results by clicking a column heading. Each click changes the data in ascending or descending order.
- You can add filters to narrow the report's results. For example, you can find payments that were made on a specific date or Transaction Status.

## Transaction Status Descriptions

Transaction Status	Description
<b>Completed</b>	A fully completed transaction.
<b>Canceled</b>	If a transaction displays this status, you can manually resolve the transaction or contact Campus Support.
<b>Exception</b>	The payment was processed by the payment vendor but not on Campus. If a transaction displays this status, you can manually resolve the transaction or contact Campus Support.
<b>Returned and Return Void</b>	Campus automatically voids all returned transactions from the payment vendor. The original transaction appears with the Returned status and the correcting transaction appears with the Return Void status. Transactions may be returned if the account is not valid or has insufficient funds. Transactions also appear in these states if the district manually <a href="#">Refunds a Payment</a> . There could be a two to five-day delay in which Campus may have completed the transaction and the payment vendor may need to return it.
<b>Revoked</b>	<p><b>Note:</b> Revoked can no longer be used as a status, but any transactions previously marked as Revoked will retain that status.</p> <p>Transactions can be manually revoked by the district if an interruption occurs between the district and the payment vendor where the payment was never processed.</p> <p>This status displays transactions manually revoked by the district within the date range entered on the editor.</p>
<b>Pending</b>	If a transaction displays this status, you can manually resolve the transaction or contact Campus Support.
<b>Processing</b>	<p>If a transaction displays this status, our payment processor is waiting for confirmation from the bank that the transaction has cleared. Once the confirmation is received, the deposit date could be in the past. For example, a fee or refund might show a deposit request date of 4/3 but will stay in pending status until 4/10 then once in completed status the deposit date would be 4/4.</p> <div style="border: 1px solid #ccc; background-color: #f9e7e7; padding: 10px; margin-top: 10px;"> <p>Negative deposits can take 5-7 business days before they have a Deposit State of <b>Completed</b> in Campus.</p> </div>

## View Details for a Single Transaction

A transaction with the label Fee Surplus indicates an online payment was voided using the [Fees](#) tool. The payment amount is deposited into the surplus for that student. When you see this label, the payment can **NOT** be refunded in Payments Reporter.

To view details for a single transaction, click the transaction you want to view. The Payment Transaction panel displays details for the transaction.

Since lines on the Payments Reporter are grouped by Fund ID, this is a good method for viewing the entire transaction.

The screenshot shows the 'Payments Reporter' interface. At the top, there's a breadcrumb trail: 'System Settings > Payments > Payments Reporter'. Below this, the 'Payment Transaction' panel is open, displaying details for a transaction. The details include:

- Payer Name:** Fry, Michel
- Payment Method Account Name:** Daniel Frye
- Payment Date:** 08/02/2024 9:56 AM
- Payment Source:** Parent Portal
- Settlement Date:** 08/02/2024
- Payment Method:** VISA 4242
- Payment Reference Number:** t1\_txn\_66acf384199db7b631bf920

Below the details is a table with the following columns: RECIPIENT, FUND ID, DESCRIPTION, STATUS, RETURN DATE, OFFSET TRANSACTION, and AMOUNT. The table contains five rows of transaction data:

RECIPIENT	FUND ID	DESCRIPTION	STATUS	RETURN DATE	OFFSET TRANSACTION	AMOUNT
Fry, Anne	Default	Bulldog Marching Band - Band Package	COMPLETED			\$175.00
Fry, Anne	Default	Intramural Dodgeball - Dodgeball (with jersey)	COMPLETED			\$35.00 <a href="#">TRANSFER</a>
	Default	Service Fee	COMPLETED			\$7.35
	Default	\$0.35 Card Flat Fee	COMPLETED			-\$0.35
	Default	3.5% VMCD Card Transaction Fee	COMPLETED			-\$7.61

At the bottom of the panel, there are two buttons: 'Preview Refund' and 'Close'.

## View Disputed Transaction Details in Payment Transaction Panel

When a user clicks on a transaction with a dispute, the information related to that dispute will display within the Dispute Detail.

For Stripe, disputes have been supported since version .2531, and for Payrix since version .2539. Any disputes before these updates will show fees in the Transaction Details section, while disputes after the updates appear in the Dispute Details section.

# Issue a Full Refund

## Tips

- This option is only available if your system administrator has assigned the appropriate tool rights.
- The Transaction Fee cannot be refunded.
- The Service Fee can only be returned if your District has enabled Service Fee refunds in the [Payment setup](#).
- If you do NOT refund Service Fees, the Service Fee stays in a Completed status.
- Refunds for echecks are not allowed until there is a Settlement Date.

1. Click the transaction you want to refund.  
**Result:** The Payment Transaction panel displays.
2. Click the Preview Refund button.  
**Result:** The Payment Refund panel displays.
3. Enter the reason for the refund in the **Refund Comments** field. *(optional)*  
This comment will display on the offset transaction's details.

## Issue a Partial Refund

### Tips

- This option is only available if:
  - Your system administrator has assigned the appropriate tool rights.
  - Your district has enabled partial refunds in the [Payment setup](#).
- The Transaction Fee cannot be refunded.
- Refunds may incur an additional Transaction Fee based on your district's contract with the payment vendor.
- The Service Fee can only be returned if your District has enabled Service Fee refunds.
- If an item is already partially returned, you cannot make additional refunds on the same item.
- Partial refunds appear in the Payments Reporter with a status of Partial Return and an offset transaction number.
- Refunds for echecks are not allowed until there is a Settlement Date.
- If split fees is enabled, districts may opt to refund only the service fee related to the specific product being returned, rather than the entire service fee if a full refund option is enabled.

1. Click the transaction you want to refund.

**Result** The Payment Transaction panel displays.

2. Click the Preview Refund button.

**Result** The Payment Refund panel displays. Only items eligible for a refund displayed on the screen.

## Group Report by Specific Columns

# (Grouping Options)

The report displays differently based on the grouping options you select. Select the column(s) you want to group together and drag the column(s) to the area above the table. You can select multiple columns and further group the report results.

## Payments Reporter Column Descriptions

The following columns are available on the Payments Reporter. These columns are available via the column selector and can be grouped, filtered, and saved as templates.

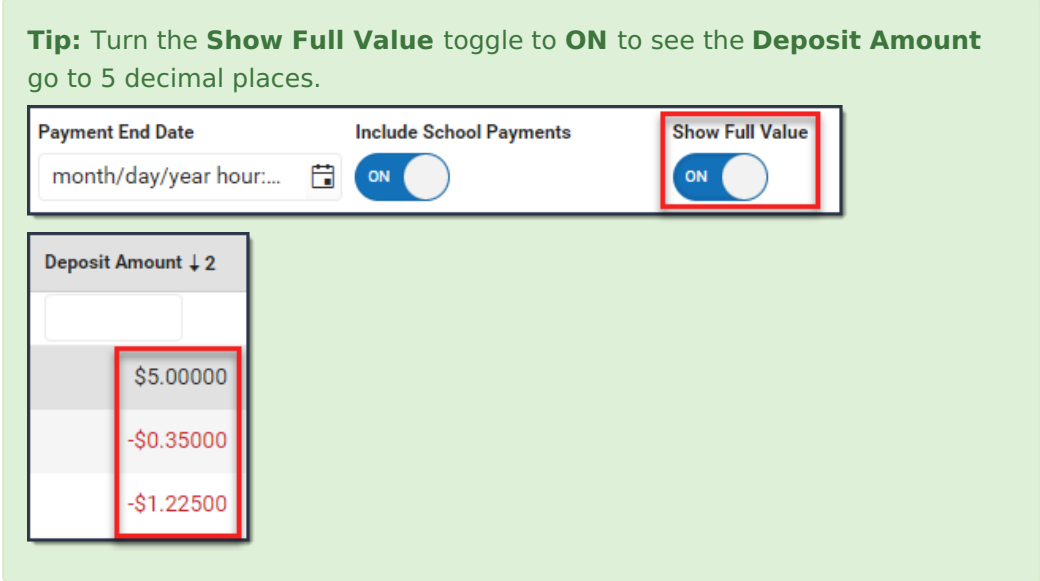

### TIP

You can sort the Payments Report by clicking a column heading. Each click changes the data in ascending or descending order. When [grouping specific columns](#), be sure to also sort the column headings to ensure you are viewing the report results in an organized manner.

Column	Description
<b>Payment Date</b>	The date on which the payment was made.
<b>Payer Name</b>	The name of the person who made the payment. This column will only show a name if the payer is a logged-in Infinite Campus user.

Column	Description
<b>Payment Method Account Name</b>	If a name is entered in a payment method, it will be displayed in this field.
<b>Recipient</b>	<p>The person receiving items purchased in the School Store or the student who was registered for an activity.</p> <p>If an item was purchased and paid through the Campus Mobile Payments app, the student's name appears <b>IF</b> the student number was entered at the time of the purchase.</p>

Column	Description
<b>Bank Account</b>	The bank account associated with the Fund ID.
<b>Deposit Amount</b>	<p>The specific amount of money that constitutes the deposit.</p> <p><b>Tip:</b> Turn the <b>Show Full Value</b> toggle to <b>ON</b> to see the <b>Deposit Amount</b> go to 5 decimal places.</p>  <p>The screenshot shows a control bar with three items: a 'Payment End Date' field, an 'Include School Payments' toggle (ON), and a 'Show Full Value' toggle (ON). Below it is a table snippet titled 'Deposit Amount ↓ 2' with three rows: '\$5.00000', '-\$0.35000', and '-\$1.22500'. Red boxes highlight the 'Show Full Value' toggle and the table values.</p>

## Create and Manage Templates

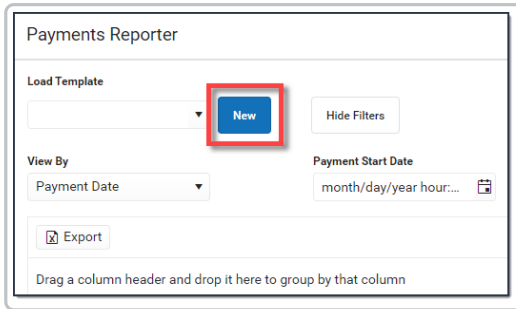

Templates allow you to save a custom view of the Payments Reporter and use it again later. You can choose specific columns to display, group them in a useful way, filter data in each column, and save your selections as a template. You can create multiple templates as well as update or delete templates at any time.

### Create a New Template

If there are existing templates, click the **Reset** button before you begin.

1. Use the Select Columns tool to choose the column(s) you want to display then drag the column(s) you want to group together to the area above the table.
2. Click the **Show Filters** button and enter any filter data you want to use. (Optional)
3. Further narrow down report results by using the filters in each column. (Optional)
4. Click the **New** button (next to the **Load Template** dropdown list).

**Result:** The Create Template panel displays.

5. Enter the **Template Name** then click **Save**.

**Result:** The new template displays in the **Load Template** dropdown list.

## Delete a Template

To delete a template, select the template you want to delete in the **Load Template** dropdown list then click the **Delete** button.

## Update a Template

To update a template, select the template you want to update in the **Load Template** dropdown list. Make any necessary changes then click the **Update** button to save your changes.

## Identify Deposit Balance by Fund ID

The report displays differently based on the grouping options you select. Select the column(s) you want to group together and drag the column(s) to the area above the table. To identify the balance by Fund ID, group columns in the following order:

1. Bank Account
2. Deposit Date
3. Fund ID
