[Step 1 - Create Activity](#) | [Step 2 - Build Roster](#) | [Step 3 - Form Selection](#) | [Step 4 - Link to Portal](#) | [Step 5 - Finish](#) | [Submit an Activity Request for Preapproval](#)

Use the Activity Monitor tool to add new activities to Campus.

Before You Begin

- Add supplemental Activity Registration documents in the [Custom Forms](#) tool.
- Create an [Ad Hoc](#) filter for selecting eligible students.

This article walks you through the setup process step-by-step.

- [Step 1 - Create Activity](#)
- [Step 2 - Build Roster](#)
- [Step 3 - Form Selection](#)
 - [Declining a Signed Form](#)
- [Step 4 - Link to Portal](#)
- [Step 5 - Finish](#)
- [Submit an Activity Request for Preapproval](#)

Tip

While using the Activity Builder, click **Save & Hold** to save the activity and return to the Activity Monitor. Click **Save & Next** to continue to the next step in the Activity Builder.

Step 1 - Create Activity

The first step in the Activity Builder is to define the parameters for the activity. To add an activity, click the **New** button in the action bar.

▶ [Click here to expand...](#)

Use the following field descriptions to complete the Create Activity screen.

Field	Description
-------	-------------

Field	Description
Activity Name	<p>A name for the activity you are creating. <i>This is a required field.</i></p> <p>The Activity Name can be changed until registration is closed. If you have already associated a Product with this activity and the product has the same name, Campus gives you the option to change the product name too.</p> <div style="background-color: #fff9c4; padding: 10px; border: 1px solid #ccc;"> <p>Please note that if you change the Activity Name, any completed purchases/registrations that exist when you change the name will still use the original name (name at the time the purchase was made) in School Store reports.</p> </div>
Type	<p>The activity Type is provided by Campus. Options include the following:</p> <ul style="list-style-type: none"> • Activity • Athletics • Field Trip <p><i>This is a required field.</i></p>
Activity Level	<p>Activity Levels are another way to identify different kinds of activities. This field only displays if you have added Activity Levels in the Attribute Dictionary and is optional unless the Required checkbox is also marked in the Attribute Dictionary.</p> <p>▶ Click here to expand...</p>
International	<p>The International checkbox only displays when the Activity Type is <i>Field Trip</i>. If the activity needs preapproval, marking this checkbox ensures Campus routes your activity request to the correct approver(s).</p>

Field	Description
Status	<p>The Activities status. This is a read-only field.</p> <ul style="list-style-type: none"> • Draft • Preapproval Returned • Preapproval Required • Preapproval Pending • Preapproval Complete • Ready • Registration Open • Registration Closed • Active - Registration Open • Active - Registration Closed • Complete • Cancelled <div style="background-color: #e1f5fe; padding: 10px; margin-top: 10px;"> <p>Tip If the <i>Registration Closed Date</i> is after the <i>Activity Start Date</i>, the <i>Status</i> is Active - Registration Open.</p> </div>
School(s)	<p>The school(s) to which you can associate the Activity. Only schools to which you have tool rights display. <i>This is a required field.</i></p>

Field	Description
Activity Owners (Primary)	<p>The primary person(s) responsible for the Activity. To appear in this field, the person must have an active assignment in the selected school and</p> <ul style="list-style-type: none"> the Activity Staff checkbox marked on their District Assignment OR be assigned the Activity Staff role on their Work Assignment (HR Only). <p>You may select more than one person in the field.</p> <div style="background-color: #e1f5fe; padding: 10px; border: 1px solid #cfcfcf;"> <p>For access to attendance and messaging options, the person must also have Teacher marked on their District Assignment or be assigned the Teacher role on their Work Assignment (HR Only).</p> </div> <div style="background-color: #fff9c4; padding: 10px; border: 1px solid #cfcfcf; margin-top: 10px;"> <p>When a Primary Owner is not the person who created the activity and changes the Primary Owner to another person, they will not have access to the activity after they save their changes.</p> <p>When a Primary Owner is not the person who created the activity and adds themselves as the Activity Owner (Secondary), they will only have read-only access to the activity after they save their changes.</p> </div> <p><i>This is a required field.</i></p>
Activity Owners (Secondary)	<p>The secondary person(s) responsible for the Activity. To appear in this field, the person must have an active assignment in the selected school and</p> <ul style="list-style-type: none"> the Activity Staff checkbox marked on their District Assignment OR be assigned the Activity Staff role on their Work Assignment (HR Only). <p>You may select more than one person in the field.</p> <div style="background-color: #e1f5fe; padding: 10px; border: 1px solid #cfcfcf; margin-top: 10px;"> <p>For access to attendance and messaging options, the person must also have Teacher marked on their District Assignment or be assigned the Teacher role on their Work Assignment (HR Only).</p> </div>
Registration Open Date	<p>The first day the Activity is displayed in the School Store and people can register for the Activity. The date must be before the Activity Start Date and Registration Close Date. <i>This is a required field.</i></p>

Field	Description
Registration Close Date	The last day on which the Activity is displayed in the School Store. The date must be after the Registration Open Date and prior or equal to the Activity End Date. If you do not enter a date, Campus automatically uses the Activity End Date.
Activity Start Date	The date on which the Activity begins. The date cannot be before the Registration Open Date or after the Activity End Date. <i>This is a required field.</i>
Activity End Date	The date on which the Activity ends. The date cannot be before the Activity Start Date or Registration Close Date. <i>This is a required field.</i>
Delete Incomplete Registrations	When turned on, this setting will automatically delete activity registrations on the day after an activity ends if those registrations have been started without completing the purchase and the student never participated in the activity.

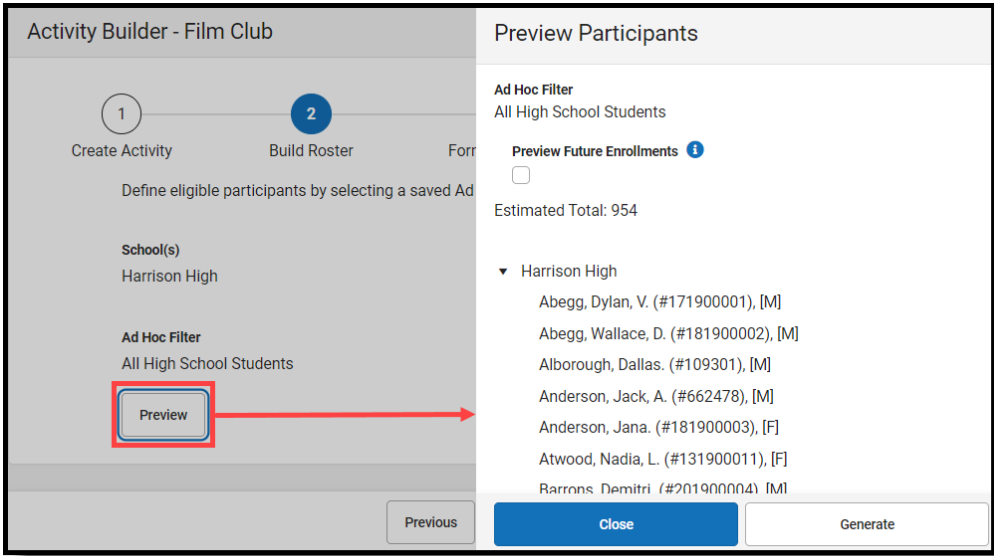

Step 2 - Build Roster

Define eligible participants by selecting a saved Ad Hoc filter.

▶ [Click here to expand...](#)

Use the following field descriptions to complete the Build Roster screen.

Field	Description
School(s)	This field displays the school(s) that were selected in Step 1 - Create Activity.
Ad Hoc Filter	The Ad Hoc filter for selecting eligible students. Campus only allows students who are included in the Ad Hoc filter and have an active enrollment in the school(s) associated with the activity to register for the activity. <i>This is a required field.</i>

Field	Description
<p>Preview</p>	<p>Click this button to preview roster information in a side panel. The panel displays an estimate of the total number of students listed by school then provides the student's names. If a student has multiple enrollments and Campus cannot identify the primary enrollment, an asterisk (*) displays behind the student's name.</p> <p>Use the Preview Future Enrollments checkbox to allow you to see who would be included if you choose to enable Include Future Enrollments under Eligibility on step 4 of the builder. Students with an applicable future enrollment will be added to the preview if their enrollment falls within the Days from Registration Close Date. These students will display with the status of Future. To refresh the preview with updated results, click Generate.</p> <div style="background-color: #f8d7da; padding: 10px; margin: 10px 0;"> <p>IF your district includes a school in its Ad hoc filter, verify the same school is selected on Step 1 - Create Activity. If the Ad hoc filter and the activity are associated with different schools, the Preview displays irregular results.</p> </div> <div style="background-color: #fff3cd; padding: 10px; margin: 10px 0;"> <p>If you do not have access to the ad hoc filter that is assigned to the activity, the Preview button does not display.</p> </div> 

Step 3 - Form Selection

Select the appropriate forms for registration and indicate whether the form is considered required.

▶ [Click here to expand...](#)

Use the following field descriptions to complete the Form Selection screen.

Field	Description
Activity Type	<p>This field displays the Activity Type that were selected in Step 1 - Create Activity.</p> <ul style="list-style-type: none"> • Activity • Athletics • Field Trip
Form Title	<p>This field displays the custom forms associated with the Activity Type. You must select at least one form. You can add multiple forms by clicking the Add Form button. <i>This is a required field.</i></p> <div style="background-color: #fff9c4; padding: 10px; border: 1px solid #ccc;"> <p>Tip: If the form title is grey and cannot be selected, check the form's active dates. The form must be active for the full time that your activity has registration open.</p> </div>

Field	Description								
<p>Required</p>	<p>Some forms may require information or an eSignature from the parent or student before it can be purchased in the School Store. Select an option from the Required dropdown list to determine whether information or signatures are required.</p> <table border="1" data-bbox="493 430 1422 1167"> <thead> <tr> <th data-bbox="493 430 810 492">Option</th> <th data-bbox="810 430 1422 492">Description</th> </tr> </thead> <tbody> <tr> <td data-bbox="493 492 810 705"> <p>No</p> </td> <td data-bbox="810 492 1422 705"> <p>The default. Option	Description								
<p>No</p>	<p>The default. The form does not require information or a signature. The form is optional, meaning it does not have to be opened or reviewed before purchasing the activity in School Store.</p>								
<p>Yes</p>	<p>When Yes is selected, the guardian or student must open the form and review it before the activity can be added to the cart within the School Store.</p>								
<p>Guardian Registration</p>	<p>The Guardian Registration option works the same as Yes, except, the guardian ONLY can initiate the registration process. The form MUST be signed by the guardian before it can be added to the cart in the School Store. Read the topic Declining a Signed Form if a guardian does NOT sign the form.</p>								

Declining a Signed Form

If a form has the option **Guardian Registration** selected, the guardian must sign the form. If he or she declines the signature, this message appears when the guardian clicks the **Add to Cart** button.

Signature Required

The following form(s) must be signed before registering:

- **Permission Form**

Reset form signature(s) or exit to School Store?

Option	Description
Reset	When the guardian clicks the Reset button, he or she has another chance to sign the form by clicking the name of the form, signing it, and then submitting it. The guardian can now click the Add to Cart button to purchase the activity.
Exit	When the Exit button is clicked, the activity is placed back into the School Store, and the guardian must start over with the registration process to purchase the activity.

Step 4 - Link to Portal

On this screen, configure how the activity should display in the School Store and set up the associated costs.

▶ [Click here to expand...](#)

Use the following field descriptions to complete the Link to Portal screen.

Field	Description
Category Information	
Category	Categories are how similar products are grouped together in the store. When a portal user selects a category, only the products assigned to that category display. <i>This is a required field.</i> See the Categories (School Store) article for more information about managing categories.
Product Information	
Product Name	The name that displays in the store. <i>This is a required field.</i>

Field	Description
Product Type	<p>Product Types are assigned to products and to Fund Accounts. When a product is purchased, funds are deposited into the bank associated with the Fund Account that is assigned to the same Product Type. Product Types are set up in the School Store: <i>System Administration > School Store > Product Types</i>.</p> <p><i>This is a required field.</i></p>
Active	<p>When this checkbox is marked, the product displays on the School Store. However, if this checkbox is not marked, the product is not available even if registration is currently open. This checkbox is most useful for troubleshooting issues in the School Store. If the Category associated to the activity is inactivated, this checkbox is automatically unmarked.</p> <div style="background-color: #fff9c4; padding: 10px; border: 1px solid #ccc;"> <p>The Active checkbox does NOT display when the Activity is in a Draft or Cancelled status.</p> </div> <p>▶ Click here to expand...</p>
Image Upload	<p>This option allows you to add a picture of the product.</p>
Product Description and Special Instructions	<p>Detailed information about the product. This description appears below the picture of the product.</p> <div style="background-color: #e8f5e9; padding: 10px; border: 1px solid #ccc;"> <p>Tip Use this area to provide more information about the activity like meeting times, locations, and contact information. You could also provide special instructions such as how to turn in the forms.</p> </div>
Customer Comments	<p>When this checkbox is marked, customers can add information to their purchase before they check out.</p>
Eligibility	
Restrict to Associated School Enrollments	<p>When this checkbox is marked, the Recipient dropdown list will only display students who have an enrollment in the active school year at the school to which the activity is attached. This includes primary, secondary, and enrollments with a future end date.</p> <p>Example If you have an Activity attached to the High School only and this checkbox is marked, parents will only be able to select their student(s) with primary and secondary High School enrollments in the active school year as well as enrollments with a future end date. Please note that if the same Activity is associated with multiple schools; e.g., a middle school and a high school, parents can select both middle and high school students in both stores.</p>

Field	Description
Include Future Enrollments	<p>When this checkbox is marked, this will allow users to look ahead for future enrolled students that also meet the criteria of the Ad Hoc filter from Step 2.</p> <p>Restrict to Associated School Enrollments must be selected to use Include Future Enrollments.</p>
Days from Registration End Date	The number of days (between 1 and 365) into the future that enrollments can be viewed.
Associated Costs	
Track Limits	<p>Mark this checkbox if you want to track the number of openings or items you have available or if you want to cap the number of students allowed to enroll. When this checkbox is marked, Campus calculates the amount of inventory you have available after a purchase is made through the School Store. Marking this checkbox enables the Inventory Limit field and makes it required.</p> <p>Do NOT mark this checkbox if you do not want to limit the number of registrations that can be sold.</p>
Partial Refunds	When this checkbox is marked, partial refunds can be issued in the Payments Reporter for the activity. If this Partial Refunds checkbox is marked and the Track Limits option is also selected, the Payments Reporter will allow you to increase the number of available openings or items when you make a partial refund.
Item Name	<p>The Product Name automatically displays here but can be changed. <i>This is a required field.</i></p> <p>If more than one option is available for users to select, this is the name of the option that displays under the Product in the School Store.</p>
Selling Price	The price customers see and pay in the School Store. The price can be \$0.00. <i>This is a required field.</i>
Reduced Price	<p>The price students with a Reduced eligibility status whose guardians have given permission to share it with the School Store and Activity Registration pay and see in the School Store. The price can be \$0.00.</p> <p>To use this feature, the Allow Free and Reduced Pricing checkbox must be marked in the School Store Setup and the Campus Product Permission must be enabled in FRAM Preferences.</p>

Field	Description																		
Free Price	The price students with a Free eligibility status whose guardians have given permission to share it with the School Store and Activity Registration pay and see in the School Store. The price can be \$0.00. To use this feature, the Allow Free and Reduced Pricing checkbox must be marked in the School Store Setup and the Campus Product Permission must be enabled in FRAM Preferences .																		
Inventory Limit	This field is only available if you marked the Track Limits checkbox. Enter the maximum number that may be purchased. Once this number is reached, the product does not display in the School Store. If you process a refund during registration, Campus returns the inventory for purchase. If a student is manually registered for an activity within the Activity Roster and the Option Purchased is set to an item with an inventory limit, it will affect Inventory Limits. <i>This is a required field when tracking limits.</i>																		
Add (button)	Click the Add button to add another item that may be purchased for this product. In the following example, an option was added that includes an activity bus. <div style="border: 1px solid black; padding: 10px; margin: 10px 0;"> <p>Associated Costs</p> <p>Track Limits <input checked="" type="checkbox"/></p> <table border="1"> <thead> <tr> <th>Item Name*</th> <th>Selling Price*</th> <th>Reduced Price</th> <th>Free Price</th> <th>Inventory Limit*</th> <th></th> </tr> </thead> <tbody> <tr> <td>Lacrosse Club</td> <td>\$100.00</td> <td>\$50.00</td> <td>\$25.00</td> <td>30</td> <td>Remove</td> </tr> <tr> <td>Lacrosse Club with Activity Bus</td> <td>\$120.00</td> <td>\$65.00</td> <td>\$25.00</td> <td>30</td> <td>Remove</td> </tr> </tbody> </table> <p>Add</p> </div>	Item Name*	Selling Price*	Reduced Price	Free Price	Inventory Limit*		Lacrosse Club	\$100.00	\$50.00	\$25.00	30	Remove	Lacrosse Club with Activity Bus	\$120.00	\$65.00	\$25.00	30	Remove
Item Name*	Selling Price*	Reduced Price	Free Price	Inventory Limit*															
Lacrosse Club	\$100.00	\$50.00	\$25.00	30	Remove														
Lacrosse Club with Activity Bus	\$120.00	\$65.00	\$25.00	30	Remove														
Receipt Comments	This field allows you to enter comments or special instructions that you want on the customer's receipt. For example, you could add reminders for event times, meeting places, or what to bring.																		

Step 5 - Finish

Review the Activity Registration product display for the Campus School Store and validate the appropriate Custom Forms are attached. Click **Finish** to complete the process. After you click Finish, the Activity is in a **Ready** or **Registration Open** status. Editing is limited when an activity is in a **Registration Open** status. Most fields cannot be changed.

When the **Finish** button is unavailable, you can **NOT** complete this step because your activity requires preapproval.

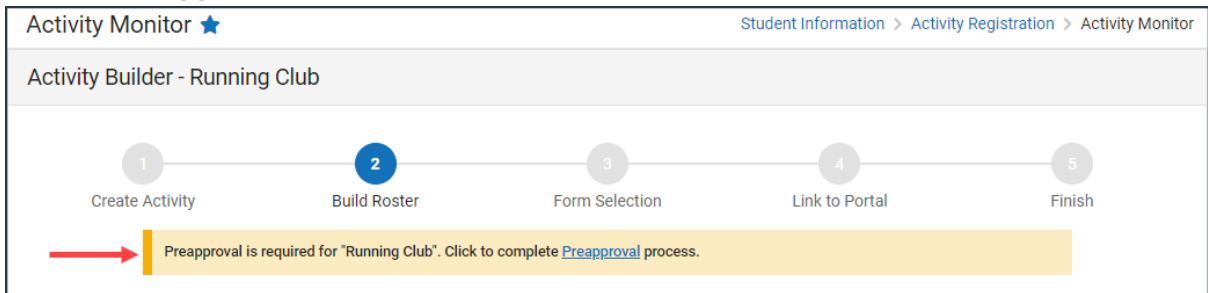

See the [Submit an Activity Request for Preapproval](#) topic for more information.

▶ [Click here to expand...](#)

Submit an Activity Request for Preapproval

If your activity requires preapproval before it can be created, a yellow banner displays under the progress tracker after *Step 1. Create Activity* or it displays on the Proposed tab with the status *Preapproval Required - Proposal*. You can submit your activity request for preapproval at any time but the activity must be approved before you can complete *Step 5. Finish*.

1. Click the **Preapproval** link in the banner.

Result: The Preapproval panel displays.

▶ [Click here to expand...](#)

2. Click the links for the **Preapproval Form(s)** (there may be more than one), fill in the required fields, and then click **Save** in the action bar. Repeat this step for each form.

Result: The status changes to **Pending**.

3. Click **Submit**.

Result: The form status changes to **Submitted** and the **Submit** button changes to **Rescind**.

4. Click **Close** to close the panel and return to the activity.

Result: The activity status changes to **Preapproval Pending - Proposal**. You can continue setting up your activity or click **Cancel**. Campus saves your activity and changes color the color of the forms alert based on the preapproval status.

If your activity request is...	Then...
Approved	you will receive a notification that your activity request was approved and you may complete Step 5. Finish. The Activity Proposal is also assigned the <i>Preapproval Complete - Proposal</i> status.
Returned	you will receive a notification that your activity request was returned. The activity request is assigned the <i>Preapproval Returned - Proposal</i> status and Campus unlocks the custom form(s) so that you can make changes and submit the activity request again for preapproval.
Declined	you will receive a notification that your activity request was declined. The activity request is assigned the <i>Preapproval Declined</i> status and moved to the Previous tab in the Activity Monitor.
