

Tool Rights User Groups - Study Guide

Last Modified on 01/20/2023 2:40 pm CST

Tool rights user groups allow you to determine which tools are accessible and what level of data modification is accessible for all users assigned to the user group.

Tool rights user groups are an efficient way to assign the same tools and data rights to a similar group of people (e.g, teachers, counselors, attendance clerks) and provides an easy way to remove or modify tool rights for a group of people.

Individual User Accounts and Tool Rights

Users Allowed to Assign Tool Rights

Tool rights can only be assigned by users who have Student Information System - Product Security Role. See the documentation below for more information about Product Security Roles.

+ [Documentation](#)

+ [Documentation](#)

Individual Tool Rights

Tool rights can be assigned individually for each user however, assigning individually can be both time consuming and hard to manage. Unlike tool rights user groups, removing or adding tool rights for users can become a tedious process.

+ [Documentation](#)

+ [Video](#)

Tool Rights Groups

Create Tool Rights Groups

The first step in the process is to create user groups. Providing a clear and informative user group name and description is helpful when searching for and assigning users to user groups.

+ [Documentation](#)

Assign Tool Rights to Groups

Once user groups have been created, tool rights should be assigned to each user group.

The learning content below will describe how to assign tool rights and what each level of tool rights means.

+ [Documentation](#)

Assign Individual Users to Tool Rights Groups

You can assign individual users to tool rights user groups by accessing the User Groups tab.

+ [Documentation](#)

Mass Assign Users to Tool Rights Groups

An efficient way to assign users to user groups is to use the User Account Batch Wizard. This tool allows you to mass assign users to a specific user group or set of user groups.

+ [Documentation](#)

Disabling Student and Staff Accounts

The Disable Account option allows you to disable user accounts for all students or staff within a calendar(s) or for a specific set of users. See the following sections below for more information.

- Disable User Accounts for All Students or Staff in a Selected Calendar(s)
- Disable User Accounts for All Selected Students or Staff

User Account Batch Wizard

This tool can be used to batch create, enable or disable student and staff accounts, or flag them for password change. / update.

Disable User Accounts for All Students or Staff in a Selected Calendar(s)

To disable all user accounts for all students or staff within a selected calendar(s):

1. Select an **Account Type**
 - **Students** - Select this option to disable all students within a selected calendar(s).
 - **Staff** - Select this option to disable all staff within a selected calendar(s).
2. Select a **Change Type** of 'Disable Account'.
3. Mark the **Disable user accounts for all students in the selected calendar(s)** OR **Disable user accounts for all staff in the selected calendar(s)** radio button.
4. Select which calendar(s) will have user accounts disabled. To select multiple calendar, hold the CTRL button while selecting each calendar.
5. To preview a list of all user accounts that will be disabled, click the **Preview Changes** button. A report will appear in CSV format.

- To initiate the disabling of student or staff user accounts, click the **Save Changes** button. A report will appear in CSV format, detailing all user accounts disabled.

Disable User Accounts for All Selected Students or Staff

To disable user accounts for a specific student or set of students:

- Select an **Account Type**
 - Students** - Select this option to disable specific students within a selected calendar(s).
 - Staff** - Select this option to disable specific staff within a selected calendar(s).
- Select a **Change Type** of 'Enable Account'.
- Mark the **Disable user accounts for selected students** OR **Disable user accounts for all selected staff** radio button.
- Enter search criteria for the student (e.g., Last Name, First Name, Gender, Grade) or staff (e.g., Last Name, First Name, Title, Role) and click the **Search** button. Users matching search criteria will appear in the window on the right.

Search results are district-wide.

- In the **B. Select a person to add to edit list** window, select the name of each person who will have their user account disabled. When a person is selected, their name will appear in the **C. Click on a person to remove from list** window.
- To preview a list of all user accounts that will be disabled, click the **Preview Changes** button. A report will appear in CSV format.
- To initiate the disabling of student or staff user accounts, click the **Save Changes** button. A report will appear in CSV format, detailing all user accounts disabled.

Below is an example of the CSV report that will generate once the **Save Changes** button is selected (Image 20).

Forcing a Password Change

The Force Password Change option allows you to force a password change for all student or staff user accounts in a school(s) or for a specific set students or staff.

Only students with a student user account which is enabled and does not already have the Force Password Change field selected will be forced to change their password.

See the following sections below for more information.

- Force a Password Change for All Students or Staff in a Selected School(s)
- Force a Password Change for All Selected Students or Staff

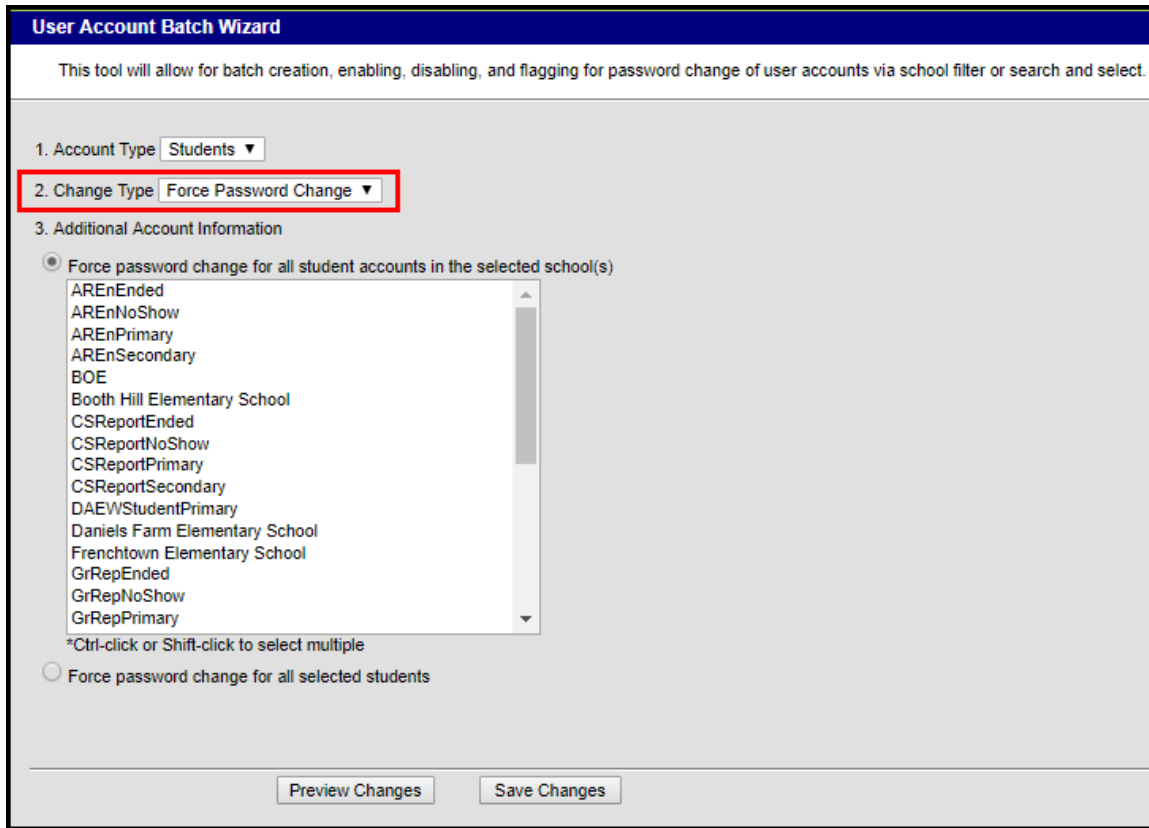

Image 21: Force Password Change Option

Force a Password Change for All Students or Staff in a Selected School(s)

To force a password change for all student or staff accounts in a selected school(s):

1. Select an **Account Type**

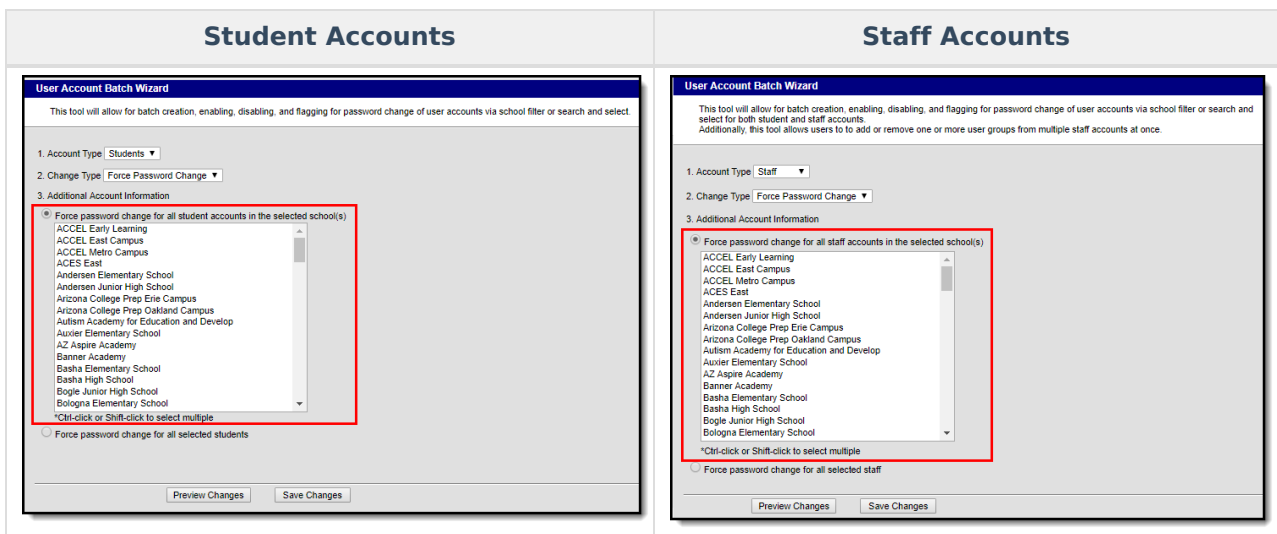

- **Student** - Selecting this option means all students within the selected school(s) will be forced to change their password.
- **Staff** - Selecting this option means all staff within the selected school(s) will be forced to change their password. Staff are identified based on the presence of a District Assignment record.

When forcing a password change for staff, the tool omits staff members with the following Product Security Roles: Application Security, Finance, Human Resources, Open Market Food Service, Payroll, Student Information System, Campus Learning.

2. Select a **Change Type** of 'Force Password Change'.
3. Mark the **Force password change for all student accounts in the selected school(s)** OR **Force password change for all staff accounts in the selected school(s)** radio button.
4. Select which schools will have all student or staff accounts forced to change their password.

5. To preview a list of all user accounts that will be impacted, click the **Preview Changes** button. A report will appear in CSV format.
6. To initiate the forcing of a password change for student or staff user accounts in the selected school(s), click the **Save Changes** button. A report will appear in CSV format, detailing all user accounts impacted.

Only students with an active user account, an active or future enrollment record in the selected school(s), and does not already have the Force Password Change field selected will be required to change their user account password.

Force a Password Change for All Selected Students or Staff

To force a password change for specific students or staff:

1. Select an **Account Type**.
 1. **Student** - Select this option to force a password change for specific students.
 2. **Staff** - Select this option to force a password change for specific staff. Logic identifies staff members by looking for user accounts set with a Homepage of 'Campus Application' and then excluding some users based on their user group/product security roles.

When forcing a password change for staff, the tool omits staff members with the following Product Security Roles: Application Security, Finance, Human Resources, Open Market Food Service, Payroll, Student Information System, Campus Learning.

2. Select a **Change Type** of 'Force Password Change'.
3. Mark the **Force password change for all selected students** or **Force password change for all selected staff** radio button.

- Enter search criteria for the student (e.g., Last Name, First Name, Gender, Grade) or staff (e.g., Last Name, First Name, Title, Role) and click the **Search** button. Users matching search criteria will appear in the window on the right.

Search results are district-wide.

- In the **B. Select a person to add to edit list** window, select the name of each person who will be forced to change their password. When a person is selected, their name will appear in the **C. Click on a person to remove from list** window.
- To preview a list of all user accounts that will be impacted, click the **Preview Changes** button. A report will appear in CSV format.
- To initiate the forcing of a password change for all selected students or staff, click the **Save Changes** button. A report will appear in CSV format, detailing all user accounts impacted.

Only selected students with an active user account, an active or future enrollment record in the selected school(s), and does not already have the Force Password Change field selected will be required to change their user account password.

Image 22: Example of the CSV Report Detailing User Accounts Forced to Change Their Password

Adding User Groups to Staff Accounts

User Groups can be assigned to all staff user accounts within a school or for a specific set of staff members. This functionality is useful in mass applying calendar rights and tool rights for all staff members in a school or for a specific set of staff members (e.g., all teachers, specific counselors, etc).

User Groups are broken into the three following categories:

- **Tool Rights Groups** - These groups only contain tool rights and do not assign calendar rights.
- **Calendar Group** - These groups only contain calendar rights and do not assign tool rights.
- **Mixed or Empty Group** - These groups assign a combination of tool and calendar rights or they are blank and contain no calendar or tool rights at the moment.

By separating user groups into these categories, users have more control over what types of rights are assigned and can easily identify and sort through different user groups when assigning.

User groups containing all schools and all calendars cannot be added to staff accounts via the User Account Batch Wizard. User accounts requiring all schools/all calendars must be handled manually.

See the following sections below for more information.

- [Add User Groups for All Staff in a Selected School\(s\)](#)
- [Add User Groups for Specific Staff Members](#)

User Account Batch Wizard

This tool will allow for batch creation, enabling, disabling, and flagging for password change of user accounts via school filter or search and select for both student and staff accounts. Additionally, this tool allows users to add or remove one or more user groups from multiple staff accounts at once.
