Extract	Description
Alpha List Report	The Alpha List Report provides an alphabetical listing of students and associated primary education providing entity (PEPE) district. Students will report if they were enrolled at least one day in the selected calendar(s) during the reporting period, defined as the day after the Previous Count Day up to and including the Current Day.
10/30 Extracts	The 10/30 Extracts include both Secondary and Elementary Extracts. These extracts report all students who have an unexcused absence on the Count Date and have attended school prior to the Count Date, and will return to school within ten school days.
Daily Attendance	The Daily Attendance Percentage report provides a list of students who are actively enrolled in the selected calendar(s) during the entered date range.
MSDS Extracts	MSDS Extracts include the following: • General Collection • Early Childhood • Early Roster • Request for UIC • Student Record Maintenance • Teacher Student Data Link
UIC Import	The UIC Import tool uses the UIC data returned from the state department of education that contains student UIC numbers.
SID Extracts	The SID Extracts include both SID Summary and SID Detail extract types.
