Montana

Montana – Missing Student Photo Opt In Field Added (SIS-131856) **[Enhancement]**

A new Missing Student Photo Opt In field has been added to the Demographics and Summary tabs. This field allows schools and districts to determine whether or not a missing student's photo is synced and displayed in the Montana State Edition of Campus.

A value of 'Opt In' means the photo will be synced and displayed. A value of 'Opt Out' means the photo will not be synced and displayed. A value of 'Unknown' means the photo will not display in the State Edition.

If a student's photo opt in status changes from Opt In to Opt Out, the photo will be removed from the State Edition. If a student's photo opt in status changes from Opt In to Unknown, the photo will continue to display in State Edition.

The Student Demographics Import and Extract have been updated to include a new Photo Opt In element. This element will report/import values for the Missing Student Photo Opt In field.

- A value of Opt In in the Import would always update the field to display Opt In
- A value of Opt Out in the Import would always update the field to Opt Out
- A value of Unknown in the Import would only update the field if it were previously blank.
- A value of blank in the import would never update the current value of the field.

Pennsylvania

Pennsylvania - PIMS Special Education Snapshot, Student/Student Snapshot Template (SIS-130097)

The following updates have been made to the Special Education Snapshot:

- The Prior Reporting Date field no longer displays on the Report Editor when this extract is selected.
- Report Logic for the December Reporting Period has been updated. In order to be included, students must be actively enrolled with a Primary Enrollment service type, have a Special Ed Status of Y on that primary enrollment record, and have a locked IEP as of the entered Effective Date.
- When generating the report for the December Reporting Period, field 35, Snapshot Date, reports the Effective Date entered on the report editor.
- A July reporting period has been added. When selected, any student ever enrolled in the previous school year who meets the following are included in the report:
  - All students ages 14 and older as of the entered Effective Date who have an IEP during the report year are included.
  - Any student who has the "Does student have a transition plan as part of their IEP?" marked on their Transition State Reporting IEP editor are also included.
- Also for the July Reporting Period, field 35, Snapshot Date, reports the entered Effective Date.

The following modification has been made to the Student/Student Snapshot Template:

- For the December Reporting Period, students must be actively enrolled with a Primary enrollment and have the Enrollment Special Ed Status of Y to be included.
  - A July reporting period has been added. When selected, any student ever enrolled in the previous school year who meets the following are included in the report:
  - All students ages 14 and older as of the entered Effective Date who have an IEP during the report year are included.
