Adult High School Programs (AHSP) are offered for adult students who have not graduated from high school. These programs allow these students to earn diplomas after earning necessary credits and passing proficiency exams. AHSP programs encourage and prepare students to earn the Nevada Certificate of High School Equivalency. High School Equivalency (HSE) testing allows adults to earn the equivalent of a high school diploma.

> A student may have only one Adult Ed record for each calendar year.

Adult Ed Editor

Creating an Adult Education Record

Users may create one Adult Education Record per student per calendar year by pressing the **New** button.

New Adult Ed Record Editor

School Year

Use the School Year field to determine the calendar year for which the record is being created. Only one record may be created for each calendar year.

Deleting a Record

Users may use the Delete button to remove the student's Adult Ed record.

> Deleting a record will remove the entire record. This includes all Parent and Child Exams within the record.

Parent Exams

Users must choose the record to which they would like to add a Parent Exam. Once the record is selected, all existing Parent Exams display in the Exam section. A blank Parent Exam is created when an Adult Ed record is created. Users may edit this record and add as many Parent Exams as necessary. Parent Exams are the high level exam containing all topics of the exam such as language arts, mathematics, science, etc.

Users may create multiple Parent Exams of the same type.

> If a user makes an Exam selection, a Date of Exam entry is required in order to save the exam.

Parent Exam Editor

Exam Name

Use the drop-list to select the type of exam the student has taken.

Code	Description	Definition
GED	General Education Development	The GED is comprised of the GED test and the GED credential. The GED test includes exams on four different topics, including math, reasoning through language arts, science, and social studies.
HiSET	High School Equivalency Test	Adults who did not graduate from high school can earn a high school equivalency (HSE) credential with the HiSET test. Candidates are required to demonstrate that they have the same skills and knowledge as a high school graduate. The exam has five parts: Math, Science, English, Social Studies, and Writing.

Code	Description	Definition
TASC	Test Assessing Secondary Completion	TASC Test Assessing Secondary Completion is a state-of-the-art and affordable national high school equivalency assessment. It assesses five subject areas including: Reading, Writing, Mathematics, Science, and Social Studies. The TASC Test measures a student's level of achievement relative to those of graduating high school seniors, as outlined by the College and Career Readiness standards.

Deleting a Parent Exam

If desired, users may delete Parent Exams. See below for further instruction.

> Deleting a Parent Exam removes the Parent Exam **and** all Child Exams within the Parent Exam.

1. In the *Adult Ed Editor*, users may select the Parent Exam they wish to delete and press the **Delete** button.
2. Users may also delete a Parent Exam in the Exam section of the Adult Ed section by simply pressing the ✕ next to the exam they wish to delete.

Child Exams

Users must choose the record and Parent exam for which they would like to edit a Child Exam. Once the record and Parent Exams are selected, the Child Exams related to the selected Parent Exam display in the *Exam Subtest* section. Based on the Parent Exam selected, the appropriate related Child Exams display. Users may add as many Child Exams as necessary. Child Exams are the individual topics that make up the Parent Exam.
