[Add a New Course Master](#) | [Reset the Add Course Master Cards](#)

Tool Search: Add Course Master

A Course Master defines course elements of courses from a district level, so all schools are using the same number and naming convention for courses, as well as the same setup for grading. [Course Catalogs](#) need to be created first before creating Course Masters. A Course Catalog is a collection of Course Masters that is then attached to the school. Changes made to the Course Master are also applied to the courses at the schools if fields have been locked.

As of the [Campus.2515 Release Pack \(April 2025\)](#), the Add Course Master tool has a new look and feel! It now matches the updated [Course Master Information](#) tool.

- See the Course Master Information Field Descriptions for definitions, database information, and Ad hoc Reporting locations.
- Use your browser's search functionality (CTRL-F, F3, etc.) to locate the new field.

Add Course Master Tool

In order to add a new course, users need at least the following:

- Read rights to Course Information.
- Read and Write rights to Course Masters Information.

For more information on necessary tool rights, refer to the [Add Course Master Tool Rights](#) article.

The Add Course Master tool is organized into the following sections:

- **General Course Master Information** includes identifying course information, whether it's an active course (students can be scheduled into it), SCED information, and a course description.
- **Scheduling** includes the length of the course, the number of periods it meets in one day, the number of schedules it meets in, the department name, the maximum student count, etc.
- **Course Setup** includes fields like the course is an attendance-taking course, uses positive attendance, is standards-based, reports scores on a student's transcript, and much more.
- **State Defined** lists all of the fields that are used for state reporting in your state and includes fields like Dual Credit and State Report Exclude.
- **District Defined** lists any field your district has chosen to collect data on. These are added using the Custom Attribute/Dictionary.
- **Comments** lists any additional information about the course that your school or district wants known. This could be a note when the course was added to the catalog, that it must meet in a certain room, that it's only for seniors, or some other piece of information.

Review the [Course Masters](#) article for information on Course Masters best practices and a Course Master Workflow.

Add Course Master Tool: All Cards Collapsed

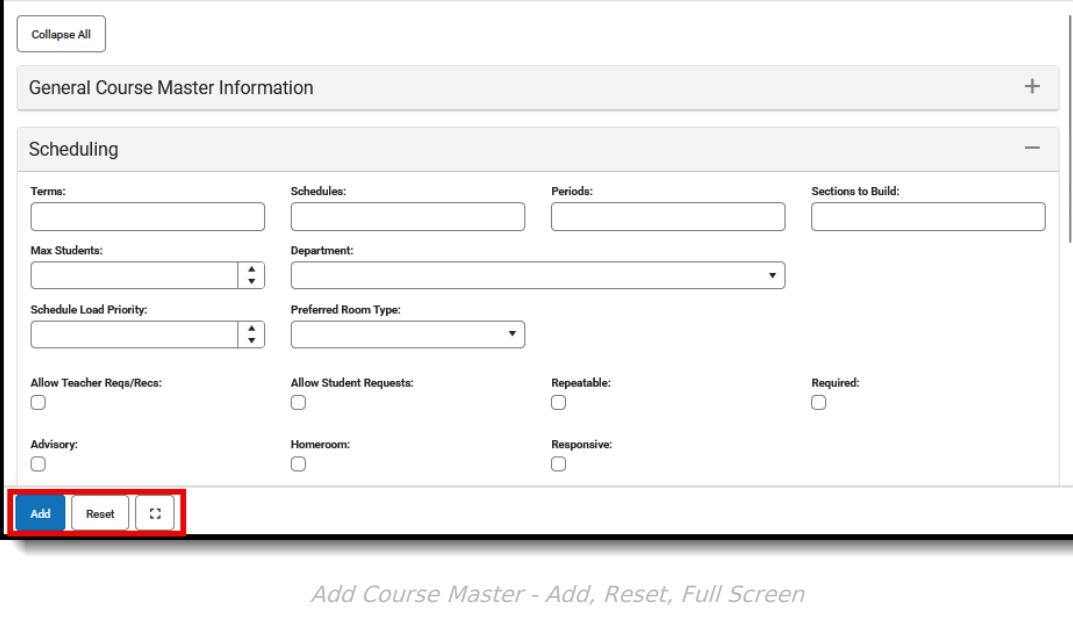

Click on the gray header or use the plus sign on the right side to expand the card. Use the **Expand All/Collapse All** button at the top of the tool to open or close all of these sections.

The screenshot shows the 'General Course Master Information' card expanded. At the top left is a 'Collapse All' button with a red box around it. At the top right is a '+' button with a red box around it, and a '-' button to its right. A hand cursor is pointing at the '+' button. The card contains fields for Terms, Schedules, Periods, and Sections to Build, each with a dropdown menu. Below these are fields for Max Students, Department, Schedule Load Priority, Preferred Room Type, Allow Teacher Req/Recs, Allow Student Requests, Repeatable, Required, Advisory, Homeroom, and Responsive, each with a checkbox. At the bottom are 'Add', 'Reset', and 'Full Screen' buttons.

Open or Close Add Course Master Cards

The **Add**, **Reset**, and **Full Screen** view buttons display across the bottom of the tool.

The screenshot shows the 'General Course Master Information' card expanded. At the bottom are three buttons: 'Add' (blue), 'Reset' (white), and 'Full Screen' (with a screen icon). The 'Add' button is highlighted with a red box.

Add Course Master - Add, Reset, Full Screen

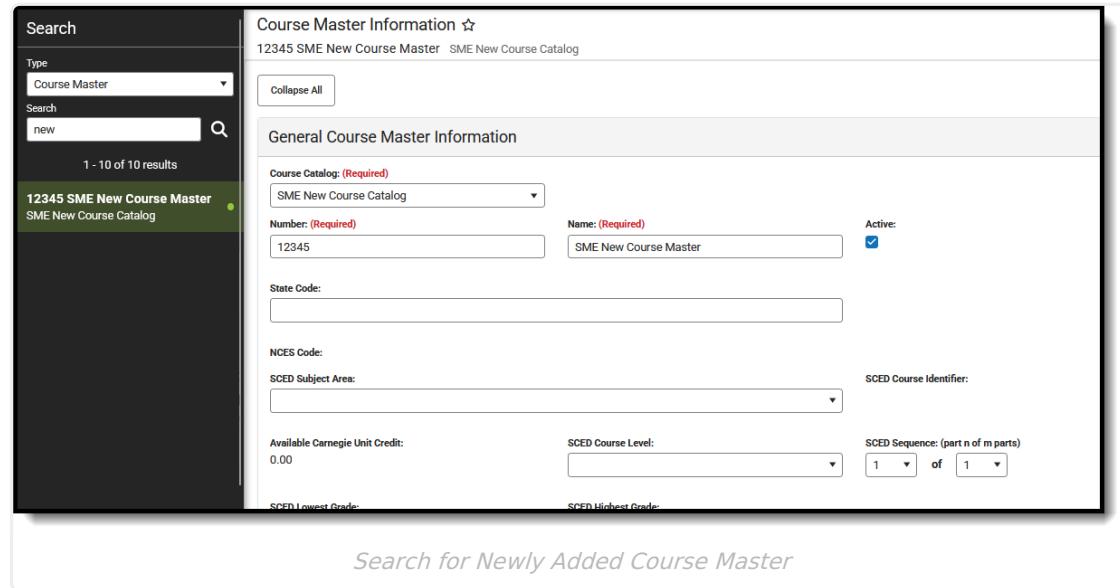

Add a New Course Master

Adding a New Course Master is Step 3 in the [Course Master Workflow](#).

1. In the General Course Master Information card, select the **Course Catalog** to which this new course master belongs.
2. Enter a **Number** and **Name** for the new Course Master.
3. Mark the **Active** checkbox.

4. Populate all other fields as needed, following district and school policy.
5. Click the **Add** button when finished. The new course master is added to the list of available courses masters for the selected calendar.

Verify the course master has been added by navigating to the Course Master tool and searching for the newly added course master. Then additional course master management can be done in the [Course Master Information](#) tool.

The screenshot shows the 'Course Master Information' page. On the left, a search sidebar displays a list of results for 'Course Master' with one item: '12345 SME New Course Master' under 'SME New Course Catalog'. The main form on the right contains the following fields:

- Course Catalog:** (Required) SME New Course Catalog
- Number:** (Required) 12345
- Name:** (Required) SME New Course Master
- Active:**
- State Code:** (empty field)
- NCES Code:** (empty field)
- SCED Subject Area:** (empty field)
- SCED Course Identifier:** (empty field)
- Available Carnegie Unit Credit:** 0.00
- SCED Course Level:** (empty field)
- SCED Sequence:** (part n of m parts) 1 of 1
- SCED Lowest Grade:** (empty field)
- SCED Highest Grade:** (empty field)

At the bottom of the form, there is a link: [Search for Newly Added Course Master](#).

Reset the Add Course Master Cards

Click the **Reset** button to remove any values entered in any of the fields on the Add Course Master tool. This clears out all fields in case of a misentry or an error. Re-enter the new course master information as needed.
