## Step 2. Create New Child Tests

**Classic View:** Student Information > Assessment Administration > Test Setup

Repeat this step THREE times. In the end, there will be three child test for the History/Government Assessment. Each child test uses the same Result Statuses. See the images for an example.

- The value for each code is a Raw Score that equates to a given performance level. For example, if a score of 1-49 is a performance level of 1, enter 1 as the value for Result Code'01 and a 50 as the value for Result Code 02.
- The Label for each code identifies which performance level for the result.

Note that the name of the test does not matter as reports look at the Code assigned to the test. As long as each test is easily identified as the appropriate score.

## Code 01: Claim/Thesis

1. In the Test Setup tool, click **New Test**.
2. Enter a **Name** for the test that identifies is as the **Claim/Thesis** test - like Claim/Thesis or 01: Claim/Thesis, or 01.
3. In the **Parent Test** field, choose **History/Gov Assessment**.
4. Enter **01** in the Code field.
5. Choose the **Subject** of **Hist/Gov** from the dropdown list.
6. In the Test Type section, select or mark the following:
  - **District Test** for the **Test Type**.
  - **Teacher-scored** checkbox
7. In the **Select the score fields you want to use** section, mark **Result** and **Raw**.
8. Add **Result Statuses** using 01-06 for the Result Code. Refer to the image for an example.
9. Click **Save** when finished.

## Step 3. Align Assessments to Courses

**Classic View:** Scheduling & Courses > Courses > Course Assessments

1. Click the **New** icon to add the new History/Government assessments to the appropriate courses.
2. In the **Test** field, enter Hist/Gov to narrow the available tests. The child tests created in Step 2 display.
3. Select one of the child tests to align to the course.
4. Enter a **Start Date** and **End Date**. These dates could be the Term Dates for when the course meets or the dates of when the assessment is administered.
5. Click **Save** when finished.
6. Repeat this alignment process three times - one for each child test - for each course where history/government information is taught.
